philosophy and the other humanities and social sciences nobody proposed that study of popular culture replace the other disciplines but many suggested that it was time to reexamine the accepted courses and see if they were still viable

Opposition to the status quo always causes anxiety and opposition but when the issues are clarified often opposition and anxiety melt away as they are now doing      Mission and Money Burton A. Weisbrod, Jeffrey P. Ballou, Evelyn D.

Asch, 2008-09-08 Mission and Money goes beyond the common focus on elite universities and examines the entire higher education industry including the rapidly growing for profit schools The sector includes research universities four year colleges two year schools and non degree granting career academies Many institutions pursue mission related activities that are often unprofitable and engage in profitable revenue raising activities to finance them This book contains a good deal of original research on schools revenue sources from tuition donations research patents endowments and other activities It considers lobbying distance education and the world market as well as advertising branding and reputation The pursuit of revenue while essential to achieve the mission of higher learning is sometimes in conflict with that mission itself The tension between mission and money is also highlighted in the chapter on the profitability of intercollegiate athletics The concluding chapter investigates implications of the analysis for public policy      **This Is My Story, This Is My Song** Leonard S.
