Small Community Foundation Of Democrat:

The Small Community Arthur E. Morgan, 2017-07-28 In this age of large cities mass culture and ever more massive events people must struggle against an overwhelming crowd of their own creations to maintain human integrity In this manual for human survival Arthur E Morgan offers a solution peaceful existence in the small primary community where more easily than anywhere else people can find a way to live well Ultimately striving to show that the small community is the lifeblood of civilization this volume examines the political organization membership economics health and ethics characteristics of small communities Like Rousseau before him Morgan observes that we have less control over our affairs than in the past In increasing our control of the natural environment human beings have built a social environment so out of scale that it becomes nearly impossible for people to maintain balance The struggle now is less with the natural order than with the social order and preserving human integrity against the plethora of our own creations is the core problem The need to rediscover elementary forms of human existence has been accelerated by the efficiencies of centralized control and mass persuasion In the face of this small communities or intimate groups become the primary pattern in which human beings must live if the good life is to be a realistic goal The timely nature of this volume has grown as the electronic displaces the mechanical as a moral rival to human community *The Small Community, Foundation of Democratic Life* Arthur Ernest Morgan, 1942 Ventures in Social Interpretation Henry Winthrop, 1968 **Americans Against the City** Steven Conn, 2014 It is a paradox of American life that we are a highly urbanized nation filled with people deeply ambivalent about urban life In this provocative and sweeping book historian Steven Conn explores the anti urban impulse across the 20th century and examines how those ideas have shaped the places Americans have lived and worked and how they have shaped the anti government politics of the New Right Arthur Morgan Aaron D. Purcell, 2014-11-28 On May 19 1933 President Franklin D Roosevelt announced the appointment of Arthur Morgan 1879 1975 a water control engineer and college president from Ohio as the chairman of the newly created Tennessee Valley Authority TVA With the eyes of the nation focused on the reform and recovery promised by the New Deal Morgan remained in the national spotlight for much of the 1930s in this thoughtful biography Aaron D Purcell reassesses Morgan's long life and career and provides the first detailed account of his post TVA activities As Purcell demonstrates Morgan embraced an alternative type of Progressive Era reform that was rooted in nineteenth century socialism an overlooked strain in American political thought Purcell Pinpoints Morgan's reading of Edward Bellamy's *Looking Backward* while a teenager as a watershed moment in the development of his vision for building modern American society He recounts Morgan's early successes as an engineer budding Progressive leader and educational reformer his presidency of Antioch College and his revolutionary but contentious tenure at the TVA After his dismissal from the TVA Morgan eventually published over a dozen books including a biography of Bellamy while supporting community building efforts across the globe Morgan retained many of his late nineteenth century beliefs including eugenics

as part of his societal vision His authoritarian administrative style and moral rigidity limited his ability of attract large numbers to his community based vision By presenting Morgan s life and career within the context of the larger social and cultural events of his day this revealing biographical study offers new insight into the achievements and motivations of an important but historically neglected American reformer Book jacket

William Macy Stanton Delos Hughes,2025-09-08 In 1933 President Franklin Roosevelt s New Deal launched the Tennessee Valley Authority and the Subsistence Homesteads Division to help bring economic relief to families and communities devastated by the Great Depression With the creation of these new programs came a need for the infrastructure that could support them and for this the Roosevelt administration turned to William Macy Stanton Born to a Quaker family in Ohio in 1888 Stanton worked as an instructor of drawing and design at the University of Illinois School of Architecture before establishing an independent practice in Philadelphia in the early 1920s During the Depression he worked on architectural projects in Tennessee for the TVA including the town of Norris where the builders of Norris Dam would live As the New Deal era dawned Stanton moved to Crossville to design the proposed Cumberland Homesteads In addition to this work Stanton is widely regarded for his hotel designs including The Lafayette and James Madison Hotels in Atlantic City as well as his restoration of Quaker meetinghouses In this new biography Delos D Hughes weaves the story of Stanton s life and career together with the broader historical context of the Great Depression and New Deal initiatives The book is divided into three parts exploring Stanton s life and work before during and after his involvement with the Cumberland Homesteads Hughes examines the intersection of architecture and social policy throughout Rich with historical photographs Stanton s own architectural drawings and other original imagery on nearly every page Hughes s work will delight architectural history enthusiasts and Tennessee history scholars

The Iroquois Struggle for Survival Laurence M. Hauptman,1986-03-01 From World War II onward the Iroquois one of the largest groups of Native Americans in North America have confronted a series of crises threatening their continued existence From the New York Pennsylvania border where the Army Corps of Engineers engulfed a vast tract of Seneca homeland with the Kinzua Dam from the ambition of Robert Moses and the New York State Power Authority to develop the hydroelectric power of the Niagara Frontier which eroded the land base of the Tuscaroras from the construction of the Saint Lawrence Seaway which took land from the Mohawks and still affects their fishing industry to the present day battles over the Oneida land claims in New York State and the Onondaga efforts to repatriate their wampum Laurence

Hauptman documents the bitter struggles of proud people to maintain their independence and strength in the modern world. Out of these battles came a renewed sense of Iroquois nationalism and nationwide Iroquois leadership in American Indian politics. Hauptman examines events leading to the emergence of the contemporary Iroquois concluding with the takeover at Wounded Knee in the winter spring of 1973 and the Supreme Court's Oneida decision in 1974. His research is based on historical documents, published materials, and interviews and fieldwork in every Iroquois community in the United States and several in Canada.

Rural Community Organization, 1956. This bibliography was compiled to help those wanting information about the rural community, its organization, functions, and programs. It is designed to be a useful aid to extension workers, agricultural teachers, researchers, and all those interested in community improvement. Because of the great number of references, selection was based on those published in the United States since 1935 and dealing primarily with community initiated programs and community centered organizations and institutions.

Encouraging College Students' Democratic Engagement in an Era of Political Polarization Angela M. McGowan-Kirsch, 2024-12-15. Higher education helps students along a transformative path to citizenship by providing knowledge and experiences that help them become effective and responsible participants in democracy. The pedagogies discussed in this book vary in the student populations they target, the courses to which they are linked, and the nature of the democratic principles to which students are exposed. Nevertheless, the authors maintain a unified commitment to preparing students for a life of democratic citizenship. By teaching students citizenship

skills including expressing opinions working collaboratively and participating in dialogue and civic reasoning students prepare to discuss major issues that they face nationally and locally The authors discussions of scholarly and practical knowledge about pedagogical strategies such as dialogic and deliberative pedagogies civility civic education and the social contract position educators to help students learn about democracy through experiences and teach them strategies for engaging in productive disagreement These steps are essential for active democratic engagement beyond the classroom This goal animates Encouraging College Students Democratic Engagement in an Era of Political Polarization Each chapter offers insight into how higher education can infuse modern democracy with diverse voices engaged citizens and a reframing of political talk
