Collaborative Governance John D. Donahue, Richard J. Zeckhauser, 2011-02-28 How government can forge dynamic public private partnerships All too often government lacks the skill the will and the wallet to meet its missions Schools fall short of the mark while roads and bridges fall into disrepair Health care costs too much and delivers too little Budgets bleed red ink as the cost of services citizens want outstrips the taxes they are willing to pay Collaborative Governance is the first book to offer solutions by demonstrating how government at every level can engage the private sector to overcome seemingly insurmountable problems and achieve public goals more effectively John Donahue and Richard Zeckhauser show how the public sector can harness private expertise to bolster productivity capture information and augment resources The authors explain how private engagement in public missions rightly structured and skillfully managed is not so much an alternative to government as the way smart government ought to operate The key is to carefully and strategically grant discretion to private entities whether for profit or nonprofit in ways that simultaneously motivate and empower them to create public value Drawing on a host of real world examples including charter schools job training and the resurrection of New York's Central Park they show how when and why collaboration works and also under what circumstances it doesn't Collaborative Governance reveals how the collaborative approach can be used to tap the resourcefulness and entrepreneurship of the private sector and improvise fresh flexible solutions to today's most pressing public challenges

JUMP at Home Grade 1 John Mighton, 2010-06-01 John Mighton's JUMP program is changing the way math is taught and his powerful math workbooks give children the tools they need to master this crucial subject The key is a step by step teaching method that isolates and describes concepts so clearly that anyone can understand them students build on their successes becoming proficient at solving problems with confidence and enthusiasm Now parents and caregivers can bring the JUMP program home These workbooks follow the current student worksheets used by JUMP tutors and classroom teachers including an introduction for parents and caregivers that clearly explains the thinking behind the program and provides hours of activities worksheets carefully designed to enable children to move from one success to the next a glossary of math terms and a selected answer key

Lerner,2008-03-14 This advanced text for psychology human development and education provides students with state of the art overviews of the discipline in an accessible affordable format Unique both in the depth of its coverage and in the timeliness of the research that it presents this comprehensive text conveys the field of child and adolescent development through the voices of scientists who themselves are now shaping the field **Parental Belief Systems** Irving E. Sigel,Ann V. McGillicuddy-DeLisi,Jacqueline J Goodnow,2014-02-25 Research on the topic of parent beliefs or parent cognition has increased tremendously since the original publication of this volume in 1985 For this revised second edition the editors sought to reflect some of the new directions that research on parent cognition has taken By offering a greater variety of topics it gives evidence of the intellectual concerns that now engage researchers in the field and testifies to the expanding scope of their interests Although a unique collection because it reflects the diversity that exists among major researchers in the field it evinces a common theme that the ideas parents have regarding their children and themselves as parents have an impact on their actions This emphasis on parents ideas shifts the focus on sources of family influence to ideas or beliefs as determinants of family interactions The implication of this way of thinking for practitioners is that it suggests the shift to ideas and thoughts from behavior and attitudes Working Mother ,1996-12 The magazine that helps career moms balance their personal and professional lives **Start with the Heart** Kathy Koch PhD,2019-03-05 Parenting strategies you can be proud of You know the feeling You got frustrated desperate or overwhelmed and you reacted before you could think it through Whether it s bribery yelling counting to three or threats of punishment you didn t mean to make reacting never feels good But if you can learn to act with intentionality you ll feel proud of your parenting and be amazed at the results Dr Kathy Koch will teach you proven strategies for training your child s heart and parenting in a way that honors God She ll help you move your child from I can t I won t to I can I will and I did And once you ve put these motivation strategies in place there s no more need to nag you ll be astounded by what your kids will do without being asked After a little hard work up front you ll enjoy your kids your life and yourself much more
