**Handbook of Native American Literature** Andrew Wiget, 2013-06-17 The Handbook of Native American Literature is a unique comprehensive and authoritative guide to the oral and written literatures of Native Americans. It lays the perfect foundation for understanding the works of Native American writers. Divided into three major sections: Native American Oral Literatures, The Historical Emergence of Native American Writing, and A Native American Renaissance 1967 to the Present, it includes 22 lengthy essays written by scholars of the Association for the Study of American Indian Literatures. The book features reports on the oral traditions of various tribes and topics such as the relation of the Bible, dreams, oratory, humor, autobiography, and federal land policies to Native American literature. Eight additional essays cover teaching Native American literature, new fiction, new theater, and other important topics, and there are bio-critical essays on more than 40 writers ranging from William Apes, who in the early 19th century denounced white society's treatment of his people, to contemporary poet Ray Young Bear. Packed with information that was once scattered and scarce, the Handbook of Native American Literature, a valuable one-volume resource, is sure to appeal to everyone interested in Native American history, culture, and literature. Previously published in cloth as *The Dictionary of Native American Literature*.

**The Sound the Stars Make Rushing Through the Sky** Jane Johnston Schoolcraft, 2007 Introducing a dramatic new chapter to American Indian literary history, this book brings to the public for the first time the complete writings of the first known American Indian literary writer, Jane Johnston Schoolcraft. Her English name or Bamewawagezhikaquay, her Ojibwe name Woman of the Sound, the Stars Make Rushing Through the Sky. 1800-1842. Beginning as early as 1815, Schoolcraft wrote poems and traditional stories while also translating songs and other Ojibwe texts into English. Her stories were published in adapted, unattributed versions by her husband, Henry Rowe Schoolcraft, a founding figure in American anthropology and folklore, and they became a key source for Longfellow's sensation-ally popular *The Song of Hiawatha*. As this volume shows, what little has been known about Schoolcraft's writing and life only scratches the surface of her legacy. Most of the works have been edited from manuscripts and appear in print here for the first time. *The Sound the Stars Make Rushing Through the Sky* presents a collection of all Schoolcraft's extant writings along with a cultural and biographical history. Robert Dale Parker's deeply researched account places her writings in relation to American Indian and American literary history and the history of anthropology, offering the story of Schoolcraft, her world, and her fascinating family as reinterpreted through her newly uncovered writing. This book makes available a startling new episode in the history of American culture and literature.

**American Literary Environmentalism** David Mazel, 2000 Through these literary studies, Mazel demonstrates how broadly American culture is saturated with the wilderness mystique and how the construction of the environment is an exercise of cultural power. **BOOK JACKET** **Living Sideways** Franchot Ballinger, 2006-08-31 Native American tricksters can be buffoons, transformers, social critics, teachers, and mediators between human beings, nature, and the gods. A vibrant part

of American Indian tradition the trickster has shown a remarkable ability to adapt into the twenty first century In *Living Sideways* Franchot Ballinger provides the first full length study of the diverse roles and dimensions of North American Indian tricksters While honoring their diversity and complexity he challenges stereotypical Euro American treatments of tricksters Drawing from the most influential scholarship on Native American tricksters Ballinger shows how many critics have failed to consider both the specifics of trickster stories and their cultural contexts Each chapter concentrates on a particular aspect of the trickster theme such as the trickster s ambiguous personality the variety of trickster roles and the trickster s role as social critic Ballinger further considers issues of sex gender and humor the use of trickster tales as instructions on social values and community control and the trickster as an emblem of modern Indian survival *Living Sideways* also includes illustrative trickster stories at the end of each chapter a comprehensive bibliography and discussion of the literary aspects of tricksters Examining both the sacred power of tricksters and the stories as literature *Living Sideways* is the most thorough book to date on Native American tricksters

**Narrative Deconstructions of Gender in Works by Audrey Thomas, Daphne Marlatt, and Louise Erdrich** Caroline Rosenthal, 2003 Study of three North American women novelists combining the standpoints of gender studies and narratology By analyzing the works of Thomas Marlatt and Erdrich through the lenses of subjectivity gender studies and narratology Caroline Rosenthal brings to light new perspectives on their writings Although all three authors write metafiction that challenge literary realism and dominant views of gender the forms of their counter narratives vary In her novel *Intertidal Life* Thomas traces the disintegration of an identity through narrative devices that unearth ruptures and contradictions in stories of gender In contrast Marlatt in *Ana Historic* challenges the regulatory fiction of heterosexuality She offers her protagonist a way out into a new order that breaks with the law of the father creating a monstrous text that explores the possibilities of a lesbian identity In her tetralogy of novels made up of *Love Medicine* *Tracks* *The Beet Queen* and *The Bingo Palace* Erdrich resists definite readings of femininity altogether By drawing on trickster narratives she creates an open system of gendered identities that is dynamic and unfinalizable positing the most fragmented worldview as the most enduring By applying gender and narrative theory to nuanced analysis of the texts Rosenthal s study elucidates the correlation between gender identity formation and narrative Caroline Rosenthal is Professor and Chair of American Literature at the Friedrich Schiller University in Jena Germany Her book *Narrative Deconstructions of Gender* was published by Camden House in 2003

**The Journal of American Indian Family Research - Vol. IV, No. 1 - 1983 ,      Transcending Conquest** Stephanie Wood, 2012-08-31

Columbus arrived on North American shores in 1492 and Cort s had replaced Moctezuma the Aztec Nahua emperor as the major figurehead in central Mexico by 1521 Five centuries later the convergence of old and new worlds and the consequences of colonization continue to fascinate and horrify us In Transcending Conquest Stephanie Wood uses Nahuatl writings and illustrations to reveal Nahua perspectives on Spanish colonial occupation of the Western Hemisphere Mesoamerican peoples have a strong tradition of pictorial record keeping and out of respect for this tradition Wood examines multiple examples of pictorial imagery to explore how Native manuscripts have depicted the European invader and colonizer She has combed national and provincial archives in Mexico and visited some of the Nahua communities of central Mexico to collect and translate Native texts Analyzing and interpreting changes in indigenous views and attitudes throughout three hundred years of foreign rule Wood considers variations in perspectives between the indigenous elite and the laboring classes and between those who resisted and those who allied themselves with the European intruders Transcending Conquest goes beyond the familiar voices recorded by scribes in central colonial Mexico and the Spanish conquerors to include indigenous views from the outlying Mesoamerican provinces and to explore Native historical narratives from the sixteenth through the eighteenth century Wood explores how evolving sentiments in indigenous communities about increasing competition for resources ultimately resulted in an anti Spanish discourse a trend largely overlooked by scholars

until now Transcending Conquest takes us beyond the romantic focus on the deeds of the Spanish conqueror to show how the so called conquest was limited by the ways that Native peoples and their descendants reshaped the historical narrative to better suit their memories identities and visions of the future      *Shades of Empire in Colonial and Post-Colonial Literatures* ,2021-11-01 The scope of the articles in *Shades of Empire in Colonial and Post Colonial Literatures* which are arranged in a broad sweep from East to West with four short papers nestled in the middle on the theme of colonialism and motherhood is extensive and varied But in one way or another they all reflect the growing importance of literatures and cultures that might once have been regarded as marginal During the colonial period the literature of the centre took possession of the margin as well as of the imagination of the margin But only recently has the question been raised as to why traditional English literary history has paid so little attention to colonial literature Now post colonial literatures are writing themselves back into the centre and what used to be the margins of the English language world have now set themselves up as rival centres An interesting question to arise from this is whether in the process the former colonial or colonizing literature has now itself turned into a post colonial literature What this book affirms is the importance and interest of a wide variety of literatures sharing a language but reflecting a rich and provocative diversity of histories experiences and attitudes to the shared world which still also divides us      **Collecting and Interpreting Qualitative Materials** Norman K. Denzin,2008 *Collecting and Interpreting Qualitative Materials* Third Edition is the third volume of the paperback versions of *The SAGE Handbook of Qualitative Research* Third Edition This portion of the handbook considers the tasks of collecting analyzing and interpreting empirical materials and comprises the Handbook's Parts IV Methods of Collecting and Analyzing Empirical Materials and V The Art and Practices of Interpretation Evaluation and Presentation *Collecting and Interpreting Qualitative Materials* Third Edition introduces the researcher to basic methods of gathering analyzing and interpreting qualitative empirical materials Part I moves from interviewing to observing to the use of artifacts documents and records from the past to visual and autoethnographic methods It then takes up analysis methods including computer assisted methodologies as well as strategies for analyzing talk and text Key Feature of the Third Edition Contains a new Reader's Guide prepared by the editors that helps students and researchers navigate through the chapters locating the different methodologies methods techniques issues and theories relevant to their work Presents an abbreviated Glossary of terms that offer students and researchers a ready resource to help decode the language of qualitative research Offers recommended Readings that provide readers with additional sources on specific topic areas linked to their research Intended Audience This text is designed for graduate students taking classes in social research methods and qualitative methods as well as researchers throughout the social sciences and in some fields within the humanities      *Eastern Cherokee Stories* Sandra Muse Isaacs,2019-07-03 Throughout our Cherokee history writes Joyce Dugan former principal chief of the Eastern Band of Cherokee Indians our ancient stories have been the essence of who we are These traditional stories embody the Cherokee concepts of Gadugi working together for

the good of all and Duyvhta walking the right path and teach listeners how to understand and live in the world with reverence for all living things In *Eastern Cherokee Stories* Sandra Muse Isaacs uses the concepts of Gadugi and Duyvhta to explore the Eastern Cherokee oral tradition and to explain how storytelling in this tradition as both an ancient and a contemporary literary form is instrumental in the perpetuation of Cherokee identity and culture Muse Isaacs worked among the Eastern Cherokees of North Carolina recording stories and documenting storytelling practices and examining the Eastern Cherokee oral tradition as both an ancient and contemporary literary form For the descendants of those Cherokees who evaded forced removal by the U S government in the 1830s storytelling has been a vital tool of survival and resistance and as Muse Isaacs shows us this remains true today as storytelling plays a powerful role in motivating and educating tribal members and others about contemporary issues such as land reclamation cultural regeneration and language revitalization The stories collected and analyzed in this volume range from tales of creation and origins that tell about the natural world around the homeland to post Removal stories that often employ Native humor to present the Cherokee side of history to Cherokee and non Cherokee alike The persistence of this living oral tradition as a means to promote nationhood and tribal sovereignty to revitalize culture and language and to present the Indigenous view of history and the land bears testimony to the tenacity and resilience of the Cherokee people the Ani Giduwah

*Being Cowlitz* Christine Dupres, 2014-10-01 Without a recognized reservation or homeland what keeps an Indian tribe together How can members of the tribe understand their heritage and pass it on to younger generations For Christine Dupres a member of the Cowlitz tribe of southwestern Washington State these questions were personal as well as academic In *Being Cowlitz How One Tribe Renewed and Sustained Its Identity* what began as the author's search for her own history opened a window into the practices and narratives that sustained her tribe's identity even as its people were scattered over several states Dupres argues that the best way to understand a tribe is through its stories From myths and spiritual traditions defining the people's relationship to the land to the more recent history of cultural survival and engagement with the U S government Dupres shows how stories are central to the ongoing process of forming a Cowlitz identity Through interviews and profiles of political leaders Dupres reveals the narrative and rhetorical strategies that protect and preserve the memory and culture of the tribe In the process she creates a blueprint for cultural preservation that current and future Cowlitz tribal leaders as well as other indigenous activists can use to keep tribal memories alive
