## **Some Presidential Interpretations Of The Presidency:**

*Some Presidential Interpretations Of The Presidency* Norman J. Small, 1970-01-21      *Some Presidential Interpretations of the Presidency* Norman Jerome Small, 1932      Interpretation of the Recommendations of the President's Water Resources Policy Commission United States. Congress. House. Committee on Interior and Insular Affairs. Subcommittee on Irrigation and Reclamation, 1951 Committee Serial No 6 Reviews President's Water Resources Policy Commission and Federal Interagency River Basin Committee recommendations regarding Federal water resource management policy      *Some Presidential Interpretations Of The Presidency* Norman J. Small, 1970-01-21      *President Nixon's Executive Order 11605 Relating to the Subversive Activities Control Board* United States. Congress. Senate. Judiciary, 1971      **The Constitutional Roles of Congress and the President in Declaring and Waging War** United States. Congress. Senate. Committee on the Judiciary, 1991      **I Do Solemnly Swear** Matthew A. Pauley, 1999 I Do Solemnly Swear is an in depth analysis of the

meaning and importance of U S President's oath of office The oath requires the President to preserve protect and defend the Union by any means and then transmit it unimpaired to his successor Pauley examines the potential political and legal ramifications of such an oath and its role as a source of presidential power Beginning with a survey of the history of oaths from the classical world to the modern era Pauley analyzes the President's oath within the context of American political and constitutional development Those with scholarly interests in government politics or law will find this work enlightening

*Slipping the Surly Bonds* Mary E. Stuckey, 2006-02-21 Millions of Americans including hundreds of thousands of schoolchildren watched in horror as the Challenger shuttle capsule exploded on live television on January 28 1986 Coupled with that awful image in Americans memory is the face of President Ronald Reagan addressing the public hours later with words that spoke to the nation's shock and mourning Focusing on the text of Reagan's speech author Mary Stuckey shows how President Reagan's reputation as the Great Communicator adds significance to our understanding of his rhetoric on one of the most momentous occasions of his administration      *Report to the President by the Emergency Board* United States. Emergency Board (Carriers and Employees, Operating, 1946), 1946      Congressional Record United States. Congress, 1965

**Japanese Management** Hitoshi Iwashita, 2016-11-03 This book provides a new understanding of the constellations of logics in Japanese management practices in Asia and the West Through comparative ethnographic case studies in a Japanese multinational corporation MNC the book explores the cultural meanings of family corporation market and religion logics at each subsidiary's site in Thailand Taiwan Belgium and the United States In doing so the book defines cultural space through an institutional logic approach It argues that logics are culturally interpreted which can impose a serious limitation on the institutional logic approach based on the analysis of Western society It reveals that Japanese family logics and Theravada Buddhism in Asia are strengthening each other and this directly supports the presupposition of amplification It further elaborates on the ongoing constellations of logics that are continuously formed in relation to geographical contexts The book

also explains that the boundaries of organisational communities are not automatically formed by Japanese expatriates but constructed through actors profiles which in turn raises their importance Therefore this book is a must read for researchers managers and anyone interested in Japanese MNCs *Trial of Andrew Johnson, President of the United States* United States. President (1865-1869 : Johnson),1868 *Trial of Andrew Johnson, President of the United States, Before the Senate of the United States* Andrew Johnson,1868 *The President Who Would Not Be King* Michael W. McConnell,2020-11-10

Vital perspectives for the divided Trump era on what the Constitution s framers intended when they defined the extent and limits of presidential power One of the most vexing questions for the framers of the Constitution was how to create a vigorous and independent executive without making him king In today s divided public square presidential power has never been more contested *The President Who Would Not Be King* cuts through the partisan rancor to reveal what the Constitution really tells us about the powers of the president Michael McConnell provides a comprehensive account of the drafting of presidential powers Because the framers met behind closed doors and left no records of their deliberations close attention must be given to their successive drafts McConnell shows how the framers worked from a mental list of the powers of the British monarch and consciously decided which powers to strip from the presidency to avoid tyranny He examines each of these powers in turn explaining how they were understood at the time of the founding and goes on to provide a framework for evaluating separation of powers claims distinguishing between powers that are subject to congressional control and those in which the president has full discretion Based on the Tanner Lectures at Princeton University *The President Who Would Not Be King* restores the original vision of the framers showing how the Constitution restrains the excesses of an imperial presidency while empowering the executive to govern effectively *Foreign Relations of the United States* United States. Department of State,1946 *Opinions of the Office of Legal Counsel of the United States Department of Justice* United States. Department of Justice. Office of Legal Counsel,1993 *The President's Czars* Mitchel A. Sollenberger,Mark J. Rozell,2012-04-27 Faced with crises that would challenge any president Barack Obama authorized pay czar Kenneth Feinberg to oversee the 20 billion fund for victims of the BP oil spill and to establish and enforce executive pay guidelines for companies that received 700 billion in federal bailout money Feinberg s office comes with vastly expansive policy powers along with seemingly deep pockets yet his position does not formally fit anywhere within our government s constitutional framework The very word czar seems inappropriate in a constitutional republic but it has come to describe any executive branch official who has significant authority over a policy area works independently of agency or Department heads and is not confirmed by the Senate or subject to congressional oversight Mitchel Sollenberger and Mark Rozell provide the first comprehensive overview of presidential czars tracing the history of the position from its origins through its initial expansion under FDR and its dramatic growth during the presidencies of George W Bush and Barack Obama *The President s Czars* shows how under pressure to act on the policy front modern presidents have increasingly turned to these appointed officials

even though by doing so they violate the Appointments Clause and can also run into conflict with the nondelegation doctrine and the principle that a president cannot unilaterally establish offices without legislative support Further Sollenberger and Rozell contend that czars not only are ill conceived but also disrupt a governing system based on democratic accountability A sobering overview solidly grounded in public law analysis this study serves as a counter argument to those who would embrace an excessively powerful presidency one with relatively limited constraints Among other things it proposes the restoration of accountability starting with significant changes to Title 3 of the U S Code which authorizes the president to appoint White House employees without regard to any other provision of law Ultimately the authors argue that czars have generally not done a good job of making the executive branch bureaucracy more effective and efficient Whatever utility presidents may see in appointing czars Sollenberger and Rozell make a strong case that the overall damage to our constitutional system is great and that this runaway practice has to stop

**Transcript of Proceedings of the Emergency Board (appointed by the President of the United States)** United States. Emergency Board (Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Switchmen's Union of North America),1948      **Summary of Executive Orders in Times of War and National Emergency** ,1974      *Some Presidential Interpretations of the Presidency* Norman J. Small,1970

## Decoding **Some Presidential Interpretations Of The Presidency**: Revealing the Captivating Potential of Verbal Expression
