Robert R. Redfield

Song Of The Cicadas:

Cicada's Song Ariane O'Pry Trammell, 2021-02-22 Two little boys in the bayou are tucked in for the night when they hear the strange noise outside of a cicada calling out for a mate Their mother tells them the story of the cicada s life cycle and how he goes about finding his love

Cicada Sing-Song Densey Clyne, 1998 Introduces the physical characteristics life cycle and behavior of this noisy little insect

Plato's Dialogues Gerald Alan Press, 1993 These essays by philosophers philologists and historians exemplify both the pluralism and shared values of recent scholarship on Plato s dialogues and philosophy They emphasise the interdependence of ideas literary and dramatic elements and the historical and cultural contexts

The Cicadas of North America Chris Alice Kratzer, 2024-09-01 Every year for far longer than there were humans to hear them cicadas have risen to fill our senses in the steady rhythm of our lives capturing the innate curiosity of backyard explorers everywhere For beginners experts and everyone in between *The Cicadas of North America* serves as an unparalleled field guide to some of Earth s most delightful insects With over 500 pages and 400 full color illustrations *The Cicadas of North America* is the world s first complete illustrated field guide to all known species of cicadas from the boreal shield of Canada to the tropical forests of Panama and Grenada The book includes detailed information about the life cycle ecology evolution taxonomy anatomy conservation host plants and songs of cicadas

Myth and Philosophy in Plato's Phaedrus Daniel S. Werner, 2012-07-09 Examines the role of myth in Plato s *Phaedrus* arguing that it leads readers to participate in Plato s dialogues and to engage in self examination

Rhetoric and Reality in Plato's "Phaedrus" David A. White, 1993-01-01 The *Phaedrus* is well known for the splendid mythical panorama Socrates develops in his second speech and for its graphic descriptions of erotic behavior This book shows how the details of the myth and the accounts of interaction between lovers are based on a carefully articulated metaphysical structure It follows the dialogue as narrated showing how passages that may not appear relevant to metaphysics have been deployed to heighten the vision of reality that Socrates develops in his second speech and concludes with an Epilogue in which the metaphysical principles adumbrated in the dialogue are ordered and briefly developed This Epilogue helps illustrate the continuity between the *Phaedrus* and subsequent dialogues such as the *Parmenides* *Sophist* *Statesman* and *Philebus* in which methodological and metaphysical concerns are dominant for Plato As a result new connections emerge between the metaphysical domain in Plato s thought and the more visible and vibrant areas of the psychology of eros and practical rhetoric

Back cover

Philosophy as Drama Hallvard Fossheim, Vigdis Songe-Møller, Knut Ågotnes, 2019-08-22 Plato s philosophical dialogues can be seen as his creation of a new genre Plato borrows from as well as rejects earlier and contemporary authors and he is constantly in conversation with established genres such as tragedy comedy lyric poetry and rhetoric in a variety of ways This intertextuality reinforces the relevance of material from other types of literary works as well as a general knowledge of classical culture in Plato s time and the political and moral environment that Plato addressed when reading his dramatic dialogues The authors of *Philosophy*

as Drama show that any interpretation of these works must include the literary and narrative dimensions of each text as much as serious the attention given to the progression of the argument in each piece Each dialogue is read on its own merit and critical comparisons of several dialogues explore the differences and likenesses between them on a dramatic as well as on a logical level This collection of essays moves debates in Plato scholarship forward when it comes to understanding both particular aspects of Plato s dialogues and the approach itself Containing 11 chapters of close readings of individual dialogues with 2 chapters discussing specific themes running through them such as music and sensuousness pleasure perception and images this book displays the range and diversity within Plato s corpus *The Cicadas of the Fiji, Samoa and Tonga Islands, Their Taxonomy and Biogeography* J.P.
