## **Speak For Yourself Daniel A Life Of Webster In His Own Words:**

**Speak for Yourself, Daniel** Daniel Webster, 1969 Notes and sources p 468 494      **Law and Letters in American Culture** Robert A. Ferguson, 1984 The role of religion in early American literature has been endlessly studied the role of the law has been virtually ignored Robert A Ferguson s book seeks to correct this imbalance With the Revolution Ferguson demonstrates the lawyer replaced the clergyman as the dominant intellectual force in the new nation Lawyers wrote the first important plays novels and poems as gentlemen of letters they controlled many of the journals and literary societies and their education in the law led to a controlling aesthetic that shaped both the civic and the imaginative literature of the early republic An awareness of this aesthetic enables us to see works as diverse as Jefferson s Notes on the State of Virginia and Irving s burlesque History of New York as unified texts products of the legal mind of the time The Declaration of Independence the Constitution and the great political orations were written by lawyers and so too were the literary works of Trumbull Tyler Brackenridge Charles Brockden Brown William Cullen Bryant Richard Henry Dana Jr and a dozen other important writers To recover the original meaning and context of these writings is to gain new understanding of a whole era of American culture The nexus of law and letters persisted for more than a half century Ferguson explores a range of factors that contributed to its gradual dissolution the yielding of neoclassicism to romanticism the changing role of the writer the shift in the lawyer s stance from generalist to specialist and from ideological spokesman to tactician of compromise the onslaught of Jacksonian democracy and the problems of a country torn by sectional strife At the same time he demonstrates continuities with the American Renaissance And in Abraham Lincoln he sees a memorable late flowering of the earlier tradition      ABA Journal , 1970-03 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association      America's God and Country William J. Federer, William Joseph Federer, 1994 An Invaluable resource highlighting america s noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays

**William Henry Harrison** Kenneth R. Stevens, 1998-08-20 Although William Henry Harrison died a month after becoming President he lived a full and accomplished life before assuming the presidency As a member of Congress he sponsored legislation dividing the Northwest Territory As governor of the Indiana Territory he led a movement to suspend the provisions of the Northwest Ordinance and earned a reputation for acquiring large land cessions from the Indian tribes winning the affection of white settlers and the animosity of Native Americans Serving as brigadier general during the War of 1812 he then served in the Ohio legislature and the U S Senate and was named minister to Colombia This bibliography provides a guide to the literature on his extensive career      Exiled Ron Rozelle, 2017-12-01 After an undisputed record of political achievement leading the decisive battle for Texas independence at San Jacinto serving twice as president of the Republic of Texas twice again as a United States senator after annexation and finally as governor of Texas Sam Houston

found himself in the winter of his life in a self imposed exile among the pines of East Texas Houston was often a bundle of complicated contradictions He was a spirited advocate for public education but had little formal education himself He was very much a Jackson man but disagreed with his mentor on the treatment of Native Americans He was a slaveholder who opposed abolition but scuttled his own political reputation by resisting the South s move toward secession After refusing to take an oath of loyalty to the Confederacy in 1861 Houston was swiftly evicted from the governor s office Let me tell you what is coming he later said from a window at the Tremont Hotel in Galveston After the sacrifice of countless millions of treasure and hundreds of thousands of lives you may win Southern independence if God be not against you but I doubt it Houston died just two years later and the nation was indeed fractured Ron Rozelle s masterful biographical portrait here lingers on Houston s final years especially as lived out in Huntsville when so much of his life s work seemed on the verge of coming undone Artfully written for the general reader *Exiled The Last Days of Sam Houston* is a compelling look at Sam Houston s legacy and twilight years

**Out of Order** Sandra Day O'Connor, 2014-02-25 NEW YORK TIMES BESTSELLER

From the first woman to sit on the United States Supreme Court comes this fascinating book about the history and evolution of the highest court in the land A succinct snappy account of how today s court so powerful so controversial and so frequently dissected by the media evolved from such startlingly humble and uncertain beginnings The New York Times *Out of Order* sheds light on the centuries of change and upheaval that transformed the Supreme Court from its uncertain beginnings into the remarkable institution that thrives and endures today From the early days of circuit riding when justices who also served as trial judges traveled thousands of miles per year on horseback to hear cases to the changes in civil rights ushered in by Earl Warren and Thurgood Marshall from foundational decisions such as *Marbury v Madison* to modern day cases such as *Hamdi v Rumsfeld* Justice O Connor weaves together stories and lessons from the history of the Court charting turning points and pivotal moments that have helped define our nation s progress With unparalleled insight and her unique perspective as a history making figure Justice O Connor takes us on a personal exploration painting vivid pictures of Justices in history including Oliver Wendell Holmes Jr one of the greatest jurists of all time Thurgood Marshall whose understated and succinct style would come to transform oral argument William O Douglas called The Lone Ranger because of his impassioned and frequent dissents and John Roberts whom Justice O Connor considers to be the finest practitioner of oral argument she has ever witnessed in Court We get a rare glimpse into the Supreme Court s inner workings how cases are chosen for hearing the personal relationships that exist among the Justices and the customs and traditions both public and private that bind one generation of jurists to the next from the seating arrangements at Court lunches to the fiercely competitive basketball games played in the Court Building s top floor gymnasium the so called highest court in the land Wise candid and assured *Out of Order* is a rich offering of inspiring stories of one of our country s most important institutions from one of our country s most respected pioneers

*President Zachary Taylor* Elbert B. Smith, 2007 Zachary Taylor November 24 1784 July 9 1850 was an

American military leader and the twelfth President of the United States Taylor had a 40 year military career in the U S Army serving in the War of 1812 Black Hawk War and Second Seminole War before achieving fame while leading U S troops to victory at several critical battles of the Mexican American War Taylor s short Presidency was shadowed by the issue then dominating all aspects of American national affairs that of slavery However the immediate issue was the admission of New Mexico and California as states Taylor confounded his Southern supporters who had assumed that since the President owned slaves he would support the pro slavery position and refuse entry into the union to two states settled by Northerners and likely to be anti slavery Taylor recommended that the two territories develop their own constitutions and then request admission based on those constitutions When Southern states threatened secession he warned them that he would use all his resources as commander in chief to preserve the union He stated that if they seceded he would track them down like he had the Mexicans and handle them in the same manner that he had deserters Taylor s brief term in the White House also featured the still on going question of balancing power between the Congress and the presidency On the Brink of Civil War John C. Waugh,2003-09 This book tells the dramatic story of what happened when a handful of senators tried to hammer out a compromise to save the Union *ABA Journal* ,1983-02 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

**Jefferson, Lincoln, and the Unfinished Work of the Nation** Ronald L. Hatzenbuehler,2016-06-06 Although the nation changed substantially between the presidential terms of Thomas Jefferson and Abraham Lincoln these two leaders shared common interests and held remarkably similar opinions on many important issues In *Jefferson Lincoln and the Unfinished Work of the Nation* Ronald L Hatzenbuehler describes the views of two of our nation s greatest presidents and explains how these views provide valuable insight into modern debates In this groundbreaking new study the first extended examination of the ideas of Lincoln and Jefferson Hatzenbuehler provides readers with a succinct guide to their opinions comparing and contrasting their reasoned judgments on America s republican form of government Each chapter is devoted to one key area of common interest race and slavery the pros and cons of political parties state rights versus federal authority religion and the presidency presidential powers under the Constitution or the proper political economy for a republic Relying on the pair s own words in their letters writings and speeches Hatzenbuehler explores similarities and differences between the two men on contentious issues Both for instance wrote that they were antislavery but Jefferson never acted on this belief while Lincoln moved toward a constitutional amendment banning slavery The book s title taken from the Gettysburg Address builds on both presidents expectations that Americans should dedicate themselves to the unfinished work of returning the nation to its founding principles Jefferson and Lincoln wrestled with many of the same issues and ideas that intrigue and divide Americans today In his thought provoking work Hatzenbuehler details how the two presidents addressed these issues and ideas which are essential to understanding not only America s history but also the continuing influence of the past on the present

**Legitimizing the Law** John Phillip Reid, 2012-06-15 John Phillip Reid is one of the most highly regarded historians of law as it was practiced on the state level in the nascent United States. He is not just the recipient of numerous honors for his scholarship but the type of historian after whom such accolades are named: the John Phillip Reid Award is given annually by the American Society for Legal History to the author of the best book by a mid-career or senior scholar. *Legitimizing the Law* is the third installment in a trilogy of books by Reid that seek to extend our knowledge about the judicial history of the early republic by recounting the development of courts, laws, and legal theory in New Hampshire. Here Reid turns his eye toward the professionalization of law and the legitimization of legal practices in the Granite State: customs and codes of professional conduct that would form the basis of judiciaries in other states and that remain the cornerstone of our legal system to this day. Throughout the US, *Legitimizing the Law* chronicles the struggle by which lawyers and torchbearers of strong centralized government sought to bring standards of competence to New Hampshire through the professionalization of the bench and the bar, ambitions that were fought vigorously by both Jeffersonian legislators and anti-Federalists in the private sector alike but ultimately to no avail.

*Walking and Talking Feminist Rhetorics* Lindal Buchanan, Kathleen J. Ryan, 2010-01-12 *Walking and Talking Feminist Rhetorics: Landmark Essays and Controversies* gathers significant oft-cited scholarship about feminism and rhetoric into one convenient volume. Essays examine the formation of the vibrant and growing field of feminist rhetoric; feminist historiographic research methods and methodologies; and women's distinct sites, genres, and styles of rhetoric. The book's most innovative and pedagogically useful feature is its presentation of controversies in the form of case studies, each consisting of exchanges between or among scholars about significant questions.

[The Biography Book](#) Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini, people captivate people. A.E.'s Biography, best-selling autobiographies, and biographical novels testify to the popularity of the genre. But where does one begin? Collected here are descriptions and evaluations of over 10,000 biographical works, including books of fact and fiction, biographies for young readers, and documentaries and movies, all based on the lives of over 500 historical figures, from scientists and writers to political and military leaders to artists and musicians. Each entry includes a brief profile, autobiographical and primary sources, and recommended works. Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title, helping readers to find the best biographical material available on hundreds of fascinating individuals.

**Sounding Forth the Trumpet** Peter Marshall, David Manuel, 2009-06-15 *Sounding Forth the Trumpet* brings to life one of the most crucial epochs in America's history: the events leading up to and precipitating the Civil War. In this enlightening book, readers live through the Gold Rush, the Mexican War, the skirmishes of Bleeding Kansas, and the emergence of Abraham Lincoln, as well as the tragic issue of slavery.

**The Presidency of Andrew Jackson** Donald B. Cole, 1993 In 1829 Andrew Jackson arrived in Washington in a carriage. Eight years and two turbulent presidential terms later, he left on a train. Those years among the most prosperous in American history saw America transformed not only by growth in transportation but by

the expansion of the market economy and the formation of the mass political party Jackson's ambivalence and that of his followers toward the new politics and the new economy is the story of this book Historians have often depicted the Old Hero or Old Hickory as bigger than life so prominent that his name was wed to an era Donald Cole presents a different Jackson one not always sure of himself and more controlled by than in control of the political and economic forces of his age He portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy The dominant theme of Jackson's presidency Cole argues was his inconsistent and unsuccessful battle to resist market revolution Elected by a broad coalition of interest groups Jackson battled constantly not only his opponents but also his supporters He spent most of his first term rearranging his administration and contending with Congress His accomplishments were mostly negative relocating Indians vetoing road bills and the Bank bill and opposing nullification The greatest achievement of his administration the rise of the mass political party was more the work of advisers than of Jackson himself He did however make a lasting imprint Cole contends Through his strength passions and especially his anxiety Jackson symbolized the ambivalence of his fellow Americans at a decisive moment a time when the country was struggling with the conflict between the ideals of the Revolution and the realities of nineteenth century capitalism **American Prose and Criticism, 1820-1900** Elinore Hughes Partridge, 1983 The National Union Catalogs, 1963- , 1964

**Constitutional Fate** Philip Bobbitt, 1984-03-15 Here Philip Bobbitt studies the basis for the legitimacy of judicial review by examining six types of constitutional argument historical textual structural prudential doctrinal and ethical through the unusual method of contrasting sketches of prominent legal figures responding to the constitutional crises of their day

**National Union Catalog** , 1968 Includes entries for maps and atlases

This is likewise one of the factors by obtaining the soft documents of this **Speak For Yourself Daniel A Life Of Webster In His Own Words** by online.
