## **Speak Palestine Speak Again:**

*Speak, Bird, Speak Again* Ibrahim Muhawi, Sharif Kanaana, 2021-11-02 Over the course of several years Ibrahim Muhawi and Sharif Kanaana collected tales from the regions of the Galilee Gaza and the West Bank and selected those that best represent the Palestinian Arab folk narrative tradition Combining their expertise in English literature and anthropology they bring to these folktales an integral method of study that unites a sensitivity to language with a deep appreciation for culture Great care has been taken with the translations to maintain the original flavor humor and cultural nuances in tales that are at once earthy and whimsical and that also parallel stories found in the larger Arab folk tradition Provided by publisher God Speaks Again in Palestine Pearl Nixon Sigler, 1935 Palestine Speaks Mateo Hoke, Cate Malek, 2021-10-05 The occupation of the West Bank and Gaza has been one of the world's most widely reported yet least understood human rights crises for over four decades In this oral history collection men and women from Palestine including a fisherman a settlement administrator and a marathon runner describe in their own words how their lives have been shaped by the historic crisis Other narrators include ABEER a young journalist from Gaza City who launched her career by covering bombing raids on the Gaza Strip IBTISAM the director of a multi faith children's center in the West Bank whose dream of starting a similar center in Gaza has so far been hindered by border closures GHASSAN an Arab Christian physics professor and activist from Bethlehem who co founded the International Solidarity Movement For more than six decades Israel and Palestine have been the global focal point of intractable conflict one that has led to one of the world's most widely reported yet least understood human rights crises In their own words men and women from West Bank and Gaza describe how their lives have been shaped by the conflict Here are stories that humanize the oft ignored violations of human rights that occur daily in the occupied Palestinian territories The Folktales of Palestine Farah Aboubakr, 2019-03-21 Folktales are instrumental in ensuring the survival of oral traditions and strengthening communal bonds Both the stories and the process of storytelling itself help to define social cultural and political identity For Palestinians the threat of losing their heritage has engendered a sense of urgency among storytellers and Palestinian folklorists Yet there has been remarkably little academic scholarship dedicated to the tradition Farah Aboubakr here analyses a selection of folktales edited compiled and translated by Ibrahim Muhawi and Sharif Kanaana in *Speak Bird Speak Again* 1989 In addition to the folktales themselves Muhawi and Kanaana's collection is renowned for providing readers with extensive folkloric historical and anthropological annotations Here for the first time the folktales and the compilers work on them are the subject of scholarly analysis Synthesising various disciplines including memory studies gender studies and social movement studies Aboubakr uses the collection to understand the politics of storytelling and its impact on Palestinian identity In particular the book draws attention to the female storytellers who play an essential role in transmitting and preserving collective memory and culture The book is an important step towards analysing a significant genre of Palestinian literature and will be relevant to scholars of Palestinian politics and popular

Anaheed Al-Hardan, 2016-04-05 One hundred thousand Palestinians fled to Syria after being expelled from Palestine upon the establishment of the state of Israel in 1948 Integrating into Syrian society over time their experience stands in stark contrast to the plight of Palestinian refugees in other Arab countries leading to different ways through which to understand the 1948 Nakba or catastrophe in their popular memory Conducting interviews with first second and third generation members of Syria's Palestinian community Anaheed Al Hardan follows the evolution of the Nakba the central signifier of the Palestinian refugee past and present in Arab intellectual discourses Syria's Palestinian politics and the community's memorialization Al Hardan's sophisticated research sheds light on the enduring relevance of the Nakba among the communities it helped create while challenging the nationalist and patriotic idea that memories of the Nakba are static and universally shared among Palestinians Her study also critically tracks the Nakba's changing meaning in light of Syria's twenty first century civil war

media and academic studies address the dramatic violence and direct affliction of the Palestinians Lotte Buch Segal takes a different approach and offers a glimpse of the lives and the contradictory emotions of the families of both detainees and martyrs through an in depth ethnographic investigation No Place for Grief asks us to think about what it means to grieve when that which is grieved does not lend itself to a language of loss and mourning What does it mean to endure when ordinary life is engulfed by the emotional labor required to withstand the pressures placed on Palestinian families by sustained imprisonment and bereavement Despite an elaborate repertoire of narrative styles laments poetry and performance of bodily gestures through which mourning can be articulated including the mourning tied to a political cause Buch Segal contends that these forms of expression are inadequate to the sorrow endured by detainees wives No Place for Grief reveals a new language that describes the entanglement of absence and intimacy endurance and everyday life and advances an understanding of loss mourning and grief in contemporary Palestine [Encountering the World of Islam](#) Keith E.
