Speaking Of Ethnography:

Speaking of Ethnography Michael Agar, 1986 In this eloquently written volume Michael Agar expands the premise set forth in his very popular work *The Professional Stranger* *Speaking of Ethnography* challenges the assumption that conventional scientific procedures are appropriate for the study of human affairs Agar's work is informed by a hermeneutic and phenomenological tradition in which he questions the researcher's own taken-for-granted procedures Explorations in the Ethnography of Speaking Richard Bauman, Joel Sherzer, 1974 Understanding Communication Research Methods Stephen M. Croucher, Daniel Cronn-Mills, 2014-10-17 Comprehensive innovative and focused on the undergraduate student this textbook prepares students to read and conduct research Using an engaging how-to approach that draws from scholarship real life and popular culture the book offers students practical reasons why they should care about research methods and a guide to actually conduct research themselves Examining quantitative qualitative and critical research methods the textbook helps undergraduate students better grasp the theoretical and practical uses of method by clearly illustrating practical applications The book defines all the main research traditions illustrates key methods used in communication research and provides level appropriate applications of the methods through theoretical and practical examples and exercises including sample student papers that demonstrate research methods in action **The SAGE Handbook of Sociolinguistics** Ruth Wodak, Barbara Johnstone, Paul E Kerswill, 2011 This Handbook answers a long standing need for an up-to-date comprehensive international in-depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans-border fluidities and agendas of research The Oxford Dictionary of Pragmatics Yan Huang, 2012-09-13 A comprehensive guide to the terms concepts and theories of pragmatics the study of language in use from the traditional to the most recent showing how they originated and how they are used A vital resource for students and researchers in linguistics philosophy psychology anthropology and computational linguistics EBOOK: Disseminating Qualitative Research in Educational Settings Christina Hughes, 2003-11-16 This book is a useful addition to the growing literature in the field of educational research methodology and offers a lively and very unusual introduction to an aspect of research which has so far received little attention It is particularly helpful in drawing on experience across the educational landscape including adult and lifelong education as well as schools-based work For this very reason it will be a very valuable resource for a broad audience *Studies in the Education of Adults* The processes and practices of the dissemination of research findings are exceptionally neglected fields in the research methods literature Yet disseminating and using our findings are significant reasons why we undertake research Organised in three parts this text provides an accessible critically informed and up-to-date overview of key aspects of dissemination In so doing this text provides a critical review of contemporary policy and dissemination models

in education contains a series of case studies produced by internationally respected researchers in a range of educational fields Drawing on their extensive experiences of dissemination these case studies illuminate how dissemination acts proceed in qualitative research projects They also illuminate the dilemmas facing qualitative researchers who strive to disseminate their work Enables researchers to develop informed practice in respect of disseminating research in a range of educational settings

Speaking Subjects in Multilingualism Research Judith Purkarthofer, Mi-Cha Flubacher, 2022-07-22 This book discusses salient moments of multilingual encounters and brings together contributions focused on the interplay between language use by individuals and societies and language related inequalities or opportunities for speakers The chapters demonstrate how biographical and speaker centred approaches can contribute to an understanding of linguistic diversity how researchers can empirically account for lived experiences of languages and how such accounts are embedded in a larger discussion on social inequality Together the chapters make a powerful case for the importance of speaker centred methodologies in multilingual and multilingualism research The book is a rich source of theoretical and methodological reflections and will thus be a valuable resource for both experienced researchers and students beginning to explore biographical research methods
