To Nietzsche: Dionysus, I Love You! Ariadne Claudia Crawford, 1995-01-01 This book explores the possibility that Friedrich Nietzsche simulated his madness as a form of voluntary death and thus that his madness functioned as the symbolic culmination of his philosophy The book weaves together scholarly mytho poetic literary critical biographical and dramatic genres not only to explore specifics of Nietzsche's madness but to question the reason madness opposition in nineteenth and twentieth century thinking A rational and scholarly study of this period of Nietzsche's breakdown presented through his writings letters and poetry in combination with relevant historical documents and other critics writings is simultaneously disrupted and questioned by several non traditional discourses or voices that break in on it Thus Ariadne's voice frames and unframes the research context and plays alongside it Ariadne's voice is poetic revelatory rhapsodic and prophetic sounding much like Nietzsche's own voice during his breakdown Ariadne's discourse attempts to seduce through a non rational mytho poetic love story which culminates in the wedding of Dionysus and Ariadne Other non rational discourses critically developed and based upon the work of Nietzsche Jean Baudrillard and Gilles Deleuze are given voice and work together with Ariadne to counter the usual interpretations of Nietzsche's madness and of what mad discourse is These discourses are given the names catastrophe phantasm and seduction The experiment of the book is not only to offer an entirely different perspective on Nietzsche's madness but to offer and perform new and challenging forms of affirmative discourse

Jacqueline Rose, 1993-12-08 Over the past decade psychoanalysis has been a focus of continuing controversy for feminism and at the centre of debates in the humanities about how we read literature and culture In these essays Jacqueline Rose continues her engagement with these issues while arguing for a shift of attention from an emphasis on sexuality as writing to the place of the unconscious in the furthest reaches of our cultural and political lives With essays on war capital punishment and the dispute over seduction in relation to Freud she opens up the field of psychopolitics Finally in two extended essays on Melanie Klein and her critics she suggests that it is time for a radical rereading of Klein's work

Buddhism and Transgression Adrian Konik, 2009 If Buddhism is to remain relevant to the contemporary era through providing effective solutions to the proliferating and protean discursive problems encountered by its present day practitioners it cannot continue to ignore the role of discourse in the formation of subjectivity In the interest of problematizing such ignorance this book explores the potential interface between Foucaultian discourse analysis and the development of an indigenous rationale for the practice of contemporary Western Buddhism along with the growing significance of such a rationale for traditional Buddhism in an era dominated by disciplinary bio power Through doing so this book radically re conceptualizes the role of Buddhism in the world today by linking Buddhist practice with acts of discursive transgression
