Parents and Families of Students With Special Needs Vicki A. McGinley, Melina Alexander, 2017-01-05 Parents and Families of Students With Special Needs Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child's success in the classroom. Authors Vicki A. McGinley and Melina Alexander's text takes a lifespan approach with a special emphasis on the critical transition points in a child's life. Information is provided on what can be seen at each stage of an individual with disabilities' development and addresses concerns and needs that families may have during these unique phases of growth. Chapters written by professors and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative.
