A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance

Wallace Stegner and the American West Philip L. Fradkin, 2009-02-17 Respectful of his subject but never worshipful Fradkin has given us our first full critical portrait of the man and his protean career Hampton Sides author of *Blood and Thunder An Epic of the American West* *The Outlook* , 1907 *The People and the Bay* Nancy B. Bouchier, Ken Cruikshank, 2016-01-15 This masterful social and environmental history raises questions about how decisions being made about the natural world today will shape the cities of tomorrow In 1865 John Smoke braved the ice on Burlington Bay to go spearfishing Soon after he was arrested by a fishery inspector and then convicted by a magistrate who chastised him for thinking that he was at liberty to do as he pleased with Her Majesty's property With this story Nancy Bouchier and Ken Cruikshank launch their history of the relationship between the people of Hamilton Ontario and Hamilton Harbour aka Burlington Bay From the time of European settlement through to the city's rise as an industrial power townsfolk struggled with nature and with one another to champion their particular vision of the bay as a place to live work and play As Smoke discovered the outcomes of those struggles reflected the changing nature of power in an industrial city From efforts to conserve the fishery in the 1860s to current attempts to revitalize a seriously polluted harbour each generation has tried to create what it believed would be a livable and prosperous city *Outlook* Alfred Emanuel Smith, Francis Walton, 1893

Schaeffer, John Piersol McCaskey, Thomas Edward Finegan, James Herbert Kelley, 1902 *Utah Historians and the Reconstruction of Western History* Gary Topping, 2003 Among historians of Utah and the American West few names have greater resonance than Bernard DeVoto Dale Morgan Juanita Brooks Wallace Stegner and Fawn Brodie Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history In many ways their writing set the standard for scholarship and interpretation and their influence is still felt today Yet they were not flawless As Gary Topping explains in this the first comprehensive appraisal of their work each had serious shortcomings DeVoto and Stegner master storytellers distorted their histories with excessive use of literary and artistic techniques Morgan

the thorough researcher failed to see larger contexts and interpretive possibilities Brooks courageous in finding damning new information on the Mountain Meadows massacre stopped short of drawing conclusions that might alienate her from her fellow Mormons and Brodie psychobiographer extraordinaire nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts All five writers experienced Mormon Utah in the formative stages of their lives and whether they wanted to or not fashioned their work on the American West under that indelible influence Topping shows ultimately how despite weaknesses each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship **Imagination and Play in the Electronic**

Christian Dying George Kalantzis, Matthew Levering, 2018-07-24 We human beings are mortal Our lives in this world inevitably terminate in death This reality however need not cause us to despair since Jesus Christ has gone before us into the far country of death giving us hope that this defining feature of our earthly lives is not the end but instead is an entrance into Christ s presence and a path to the fullness of the Spirit s new creation in which God will be all in all *Christian Dying* Witnesses from the Tradition is a collection of essays containing reflections from Christian authors whether Catholic Orthodox or Protestant on the meaning and appropriation of Christian hope in the face of death in conversation with a number of great voices from the Christian tradition CONTRIBUTORS Michel Rene Barnes John C Cavadini Marc Cortez Brian E Daley S J Paul L Gavrilyuk Matthew Levering David Luy Mark McIntosh Gilbert Meilaender Cyril O Regan Marcus Plested Brent Waters **Should We Live Forever?** Gilbert Meilaender, 2013-01-14 In *Should We Live Forever* Christian ethicist

Gilbert Meilaender puzzles over the implications of the medical advances that have lengthened the human life span wrestling with what this quest for living longer means for our conception of living well and completely As he points out in his introduction That we often desire even greedily desire longer life is clear whether what we desire is truly desirable is harder to say The six chapters of this book take multiple perspectives on issues surrounding aging and invite readers to consider whether indefinitely more life is something worth pursuing and if humans are created for life with God whether longer life will truly satisfy our underlying hunger All the Little Live Things Wallace Stegner, 1991-12-01 Joe Allston the retired

literary agent of Stegner s National Book Award winning novel *The Spectator* Bird returns in this disquieting and keenly observed novel Scarred by the senseless death of their son and baffled by the engulfing chaos of the 1960s Allston and his wife Ruth have left the coast for a California retreat And although their new home looks like Eden it also has serpents Jim Peck a messianic exponent of drugs yoga and sex and Marian Catlin an attractive young woman whose otherworldly innocence is far more appealing and far more dangerous Saskatchewan Writers University of Regina. Canadian Plains

Research Center, 2004 The more than 175 biographies in this volume together tell the story of writing in Saskatchewan As David Carpenter notes in his Introduction to the volume The writers whose lives are told in these pages are part of an extraordinary cultural community that has touched and been touched by the people and landscape of this province The Western Landscape in Cormac McCarthy and Wallace Stegner Megan Riley McGilchrist, 2012-06-25 The western American landscape has always had great significance in American thinking requiring an unlikely union between frontier mythology and the reality of a fragile western environment Additionally it has borne the burden of being a gendered space seen by some as the traditional virgin land of the explorers and pioneers subject to masculine desires and by others as a masculine space in which the feminine is neither desired nor appreciated Both Wallace Stegner and Cormac McCarthy focus on this landscape and environment its spiritual narrative symbolic imaginative and ideological force is central to their work In this study McGilchrist shows how their various treatments of these issues relate to the social climates pre and post Vietnam era in which they were written and how despite historical discontinuities both Stegner and McCarthy reveal a similar unease about the effects of the myth of the frontier on American thought and life The gendering of the landscape is revealed as indicative of the attempts to deny the failure of the myth and to force the often numinous western landscape into parameters which will never contain it Stegner's pre Vietnam sensibility allows the natural world to emerge tentatively triumphant from the ruins of frontier mythology whereas McCarthy's conclusions suggest a darker future for the West in particular and America in general However McGilchrist suggests that the conclusion of McCarthy's Border Trilogy upon which her arguments regarding McCarthy are largely based offers a gleam of hope in its final conclusion of acceptance of the feminine
