## **Spectrum 5 A Communication Course In English:**

Spectrum 5 Sandra Costinett, Donald R. H. Byrd, 1994 Spectrum 5 is part of a six level course designed to teach English as a second language The program features thematically based lessons listening activities authentic spoken English dialog and a complete testing package      **Spectrum Tm 5** Donald R. H. Byrd, 1985      **A Communicative Course in English** Diane Warshawsky, Donald R. H. Byrd, 1992 ESL Basal Series Second half of level 1 in a six level series      A Basic Course in English and Poetry Elizabeth Libby Wong, 2012 Why this book This is a companion book for boys and girls in secondary schools and a reference book for parents and teachers The book has come about because of the scarcity of the type of books I want to use to teach the essentials of English to secondary school students who are learning English as a second language in an environment in which contact with the English language is minimal This is a book with a difference it is reader friendly and uncluttered It has illustrations in Chinese to flag ideas of special interest to help readers to avoid the types of errors commonly made by students It aims to help them grasp the basics of English and the practical aspects of its usage Poetry being the soul of any language part of this book discusses poetic measures the appreciation of poetry and what is new in poetry today This book a labour of love is also about caring and sharing To promote the practical use of good English is what I care about I think Hong Kong will be a better place for it It shares with readers my knowledge of English learned from and attributable to my English teachers in schools and universities all those years ago It shares with my readers my experiences gathered over many years in teaching English and using English in the work place both during the colonial years in Hong Kong and during my long periods of sojourn overseas in English speaking countries No language is ever static either in its influence or usage Consider how the former Prime Minister of Australia Kevin Rudd delivered his speech at Beijing University in fluent Mandarin Consider also how the 1st Vice Premier of China Li Keqiang ended his speech at Hong Kong University in fluent English All this tells me that no matter who we are or where we come from we are linked by culture in one way or another Thus in preparing the contents of this book regard has been taken of the variations and changes to the language that have taken place through globalization and advances in modern technology and the various innovations currently on the market As shown in the contents each of the easy to read chapters in the book focuses on specific areas of interest Enjoyment of any language is the beginning of a good thing Enjoy A Basic Course in English and Poetry A Basic Course in English and Poetry      **Designing and Implementing Multimodal Curricula and Programs** J.
