**Speech Play And Verbal Art:**

    *Speech Play and Verbal Art* Joel Sherzer,2010-01-01 Puns jokes proverbs riddles play languages verbal dueling parallelism metaphor grammatical stretching and manipulation in poetry and song people around the world enjoy these forms of speech play and verbal artistry which form an intrinsic part of the fabric of their lives Verbal playfulness is not a frivolous pursuit Often indicative of people s deepest values and worldview speech play is a significant site of intersection among language culture society and individual expression In this book Joel Sherzer examines many kinds of speech play from places as diverse as the United States France Italy Bali and Latin America to offer the first full scale study of speech play and verbal art He brings together various speech play forms and processes and shows what they have in common and how they overlap He also demonstrates that speech play explores and indeed flirts with the boundaries of the socially culturally and linguistically possible and appropriate thus making it relevant for anthropological and linguistic theory and practice as well as for folklore and literary criticism     Speech Play and Verbal Art Jamel Malik Shakir,2006     **The Teaching of Anthropology, Abridged Edition** David G. Mandelbaum,Gabriel W. Lasker,Ethel M. Albert,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1963     The Teaching of Anthropology David Goodman Mandelbaum,1967     **Verbal Art in San Blas** Joel Sherzer,1998     **International Encyclopedia of Linguistics** William Frawley,2003-05 The International Encyclopedia of Linguistics 2nd Edition encompasses the full range of the contemporary field of linguistics including historical comparative formal mathematical functional and philosophical linguistics with special attention given to interrelations within branches of linguistics and to relations of linguistics with other disciplines Areas of intersection with the social and behavioral sciences ethnolinguistics sociolinguistics psycholinguistics and behavioral linguistics receive major coverage along with interdisciplinary work in language and literature mathematical linguistics computational linguistics and applied linguistics Longer entries in the International Encyclopedia of Linguistics ranging up to four thousand words survey the major fields of study for example anthropological linguistics history of linguistics semantics and phonetics Shorter entries treat specific topics within these fields such as code switching sound symbolism and syntactic features Other short entries define and discuss technical terms used within the various subfields or provide sketches of the careers of important scholars in the history of linguistics such as Leonard Bloomfield Roman Jakobson and Edward Sapir A major portion of the work is its extensive coverage of languages and language families From those as familiar as English Japanese and the Romance languages to Hittite Yoruba and Nahuatl all corners of the world receive treatment Languages that are the subject of independent entries are analyzed in terms of their phonology grammatical features syntax and writing systems Lists attached

to each article on a language group or family enumerate all languages extinct or still spoken within that group and provide detailed information on the number of known speakers geographical range and degree of intelligibility with other languages in the group In this way virtually every known language receives coverage For ease of reference and to aid research the articles are alphabetically arranged each signed by the contributor supported by up to date bibliographies line drawings maps tables and diagrams and readily accessible via a system of cross references and a detailed index and synoptic outline Authoritative comprehensive and innovative the 2nd edition of the International Encyclopedia of Linguistics will be an indispensable addition to personal public academic and research libraries and will introduce a new generation of readers to the complexities and concerns of this field of study **Slang** Michael Adams,2012-09-01 In Slang The People s Poetry Michael Adams covers this perennially interesting subject in a serious but highly engaging way illuminating the fundamental question What is Slang and defending slang and all forms of nonstandard English as integral parts of the American language

**The Routledge International Handbook of Psycholinguistic and Cognitive Processes** Jackie Guendouzi,Filip Loncke,Mandy J. Williams,2023-06-02 This handbook provides a comprehensive overview of the theories of cognition and language processing relevant to the field of communication disorders Thoroughly updated in its second edition the book explores a range of topics and issues that illustrate the relevance of a dynamic interaction between both theoretical and applied clinical work Beginning with the origins of language evolution the authors explore a range of both developmental and acquired communication disorders reflecting the variety and complexity of psycholinguistics and its role in extending our knowledge of communication disorders The first section outlines some of the major theoretical approaches from psycholinguistics and cognitive neuroscience that have been influential in research focusing on clinical populations while Section II features examples from researchers who have applied this body of knowledge to developmental disorders of communication Section III features examples focusing on acquired language disorders and finally Section IV considers psycholinguistic approaches to gesture sign language and alternative and augmentative communication AAC The new edition features new chapters offering fresh perspectives further reading recommendations and a new epilogue from Jackie Guendouzi This valuable text serves as a single interdisciplinary resource for graduate and upper level undergraduate students in cognitive neurosciences psychology communication sciences and disorders as well as researchers new to the field of communication disorders or to psycholinguistic theory **Kisisi (Our Language)** Perry Gilmore,2015-10-12 Recognized as a finalist for the CAE 2018 Outstanding Book Award Part historic ethnography part linguistic case study and part a mother s memoir Kisisi tells the story of two boys Colin and Sadiki who together invented their own language and of the friendship they shared in postcolonial Kenya Documents and examines the invention of a new language between two boys in postcolonial Kenya Offers a unique insight into child language development and use Presents a mixed genre narrative and multidisciplinary discussion that describes the children s border crossing friendship and their unique and innovative private

language Beautifully written by one of the foremost scholars in child development language acquisition and education the book provides a seamless blending of the personal and the ethnographic The story of Colin and Sadiki raises profound questions and has direct implications for many fields of study including child language acquisition and socialization education anthropology and the anthropology of childhood     The Handbook of Psycholinguistic and Cognitive Processes Jackie Guendouzi,Filip Loncke,Mandy J. Williams,2011-01-07 This handbook includes an overview of those areas of cognition and language processing that are relevant to the field of communication disorders and provides examples of theoretical approaches to problems and issues in communication disorders The first section includes a collection of chapters that outline some of the basic considerations and areas of cognition and language that underlie communication processing a second section explains and exemplifies some of the influential theories of psycholinguistic cognitive processing and the third section illustrates theoretical applications to clinical populations There is coverage of theories that have been either seminal or controversial in the research of communication disorders Given the increasing multi cultural workload of many practitioners working with clinical populations chapters relating to bilingual populations are also included The volume book provides a single interdisciplinary source where researchers and students can access information on psycholinguistic and cognitive processing theories relevant to clinical populations A range of theories models and perspectives are provided The range of topics and issues illustrate the relevance of a dynamic interaction between theoretical and applied work and retains the complexity of psycholinguistic and cognitive theory for readers both researchers and graduate students whose primary interest is the field of communication disorders     **Children's Folklore** Elizabeth Tucker,2008-09-30 Children have their own games stories riddles and so forth This book gives students and general readers an introduction to children s folklore Included are chapters on the definition and classification of children s folklore the presence of children s folklore in literature and popular culture and the scholarly interpretation of children s folklore The volume also includes a wide range of examples and texts demonstrating the variety of children s folklore around the world Children have always had their own games stories riddles jokes and so forth Many times children s folklore differs significantly from the folklore of the adult world as it reflects the particular concerns and experiences of childhood In the late 19th century children s folklore began receiving growing amounts of scholarly attention and it is now one of the most popular topics among folklorists general readers and students This book is a convenient and authoritative introduction to children s folklore for nonspecialists The volume begins with a discussion of how children s folklore is defined and how various types of children s folklore are classified This is followed by a generous selection of examples and texts illustrating the variety of children s folklore from around the world The book then looks at how scholars have responded to children s folklore since the 19th century and how children s folklore has become prominent in popular culture A glossary and bibliography round out the volume     **Explorations in the Ethnography of Speaking** Richard Bauman,Joel Sherzer,1989-10-19 Classic case studies surveying the use role and function of language and

speech in social life      Humor and Comedy in Puppetry Dina Sherzer,Joel Sherzer,1987 This volume is about puppetry an expression of popular and folk culture which is extremely widespread around the world and yet has attracted relatively little scholarly attention Puppetry which is intended for audiences of adults as well as children is a form of communication and entertainment and an esthetic and artistic creation Of the many aspects of puppetry worthy of scholarly study this book s focus is on a central and dominant feature humor and comedy      **Latino Language and Literacy in Ethnolinguistic Chicago** Marcia Farr,2005-01-03 This volume along with its companion Ethnolinguistic Chicago Language and Literacy in the City s Neighborhoods fills an important gap in research on Chicago and more generally on language use in globalized metropolitan areas Often cited as a quintessential American city Chicago is and always has been a city of immigrants It is one of the most linguistically diverse cities in the United States and home to one of the largest and most diverse Latino communities Although language is unquestionably central to social identity and Chicago has been well studied by scholars interested in ethnicity until now no one has focused as do the contributors to these volumes on the related issues of language and ethnicity Latino Language and Literacy in Ethnolinguistic Chicago includes ethnographic studies based in home settings that focus on ways of speaking and literacy practices studies that explore oral language use and literacy practices in school contexts and studies based in community spaces in various neighborhoods It offers a rich set of portraits emphasizing language use as centrally related to ethnic class or gender identities As such it is relevant for anthropologists sociologists linguists historians educators and educational researchers and others whose concerns require an understanding of ground level phenomena relevant to contemporary social issues and as a text for courses in these areas      **An Encyclopedia of Language** N.E. Collinge,2002-09-11 Examines how language works accounting for its nature its use its study and its history Two comprehensive indexes of Topics and Technical Terms and Names Carefully illustrated to explain key points in the text This rich repository of information on all aspects of language is a must for all libraries in higher education schools and larger public libraries Library Review Each article has an excellent bibliography In addition there are comprehensive indexes of topics and technical terms and names Highly recommended for all college and general public libraries Choice This important book is in many ways a state of the art survey of current conceptions of and approaches to language with generous references to more detailed sources Each chapter has a good bibliography Language International A comprehensive guide with very thorough bibliographies Collinge s Encyclopedia is recommended to academic libraries Reference Reviews The bibliographies are an invaluable aid the editor is to be congratulated for having done an excellent job there are virtually no areas of language and linguistics that do not get a look in somewhere and there is good signposting in the text itself Nigel Vincent Times Higher Education Supplement      *Transcultural Teens* Chantal Tetreault,2015-03-17 Transcultural Teens provides readers with a window onto the cultural and linguistic creativity of the housing projects or cit that ring Paris showing how young people of Algerian Arab origins play with language in fascinating ways that subvert commonly held

notions of intercultural animosity Provides solid real world evidence in the often abstracted theoretical debate on globalization and transnationalism Offers detailed data on linguistic practices that is more focused than generalized anthropological studies Includes the experiences of French Algerian adolescent girls who remain largely absent from academic and popular discourse Reveals the cultural richness and diversity of a population that is stigmatized and marginalized in a national context **The Origin and Diversification of Language** Morris Swadesh, Morris Swadesh one of this century s foremost scien tific investigators of language dedicated much of his life to the study of the origin and evolution of language This volume left nearly completed at his death and edited posthumously by Joel F Sherzer is his last major study of this difficult subject Swadesh discusses the simple qualities of human speech also present in animal language and establishes distinctively human techniques of expression by comparing the common features that are found in modern and ancient languages He treats the diversification of language not only by isolating root words in different languages but also by dealing with sound systems with forms of composition and with sentence structure In so doing he demonstrates the evidence for the expansion of all language from a single central area Swadesh supports his hypothesis by exhibits that conveniently present the evidence in tabular form Further clarity is provided by the use of a suggestive practical phonetic system intelligible to the student as well as to the professional The book also contains an Appendix in which the distinguished ethnographer of language Dell Hymes gives a valuable account of the prewar linguistic tradition within which Swadesh did some of his most important work Morris Swadesh 1909 1967 initiated or was associated with the introduction of many new approaches in scientific linguistics including phonemics glottochronology and new concepts of language evolution At the time of his death he was research professor at the National Autonomous University of Mexico Joel F Sherzer is a professor in the Departments of Anthropology and Archaeology at the University of Texas at Austin He is the author editor or compiler of many books including Stories Myths Chants and Songs of the Kuna Indians Speech Play and Verbal Art and Verbal Art in San Blas Kuna Culture through its Discourse **Why Language Documentation Matters** Shobhana L. Chelliah,2021-01-22 This book offers the latest insights on language documentation a reborn refashioned and reenergized subfield of linguistics motivated by the urgent task of creating a record of the world s fast disappearing languages Language documentation provides data to challenge and improve existing linguistic theory In addition because it requires input from various fields to be comprehensive language documentation serves to build bridges between linguistics and other disciplines Language documentation also provides resources for communities interested in language and culture preservation language maintenance and language revitalization This book informs evokes interest and encourages involvement at all levels Literacy Through Creativity Prue Goodwin,2004 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **The Cambridge Handbook of Endangered Languages** Peter K. Austin,Julia Sallabank,2011-03-24 It is generally agreed that about 7 000 languages are spoken across the world today and at least half may no longer be spoken

by the end of this century This state of the art Handbook examines the reasons behind this dramatic loss of linguistic diversity why it matters and what can be done to document and support endangered languages The volume is relevant not only to researchers in language endangerment language shift and language death but to anyone interested in the languages and cultures of the world It is accessible both to specialists and non specialists researchers will find cutting edge contributions from acknowledged experts in their fields while students activists and other interested readers will find a wealth of readable yet thorough and up to date information
