**Preventive Conservation for Historic House Museums** Jane Merritt, Julie A. Reilly, 2010-01-16 Preventive Conservation for Historic House Museums is a primer on the preventive care practices that these unique sites need to slow the rate of deterioration and prevent damage and wear to the property and its collections It proposes a collaborative approach to preservation planning that is based on interdisciplinary research critical thinking and observation rather than rote maintenance schedules and everyday residential cleaning practices The authors recommend that sites have documents and plans in place that direct the intellectual and physical control of the collections and site The intellectual controls include administrative and management policies and procedures the physical controls include security and safety precautions routine maintenance and cleaning practices among others Historic house administrators staff board members and volunteers will find this volume indispensable Professionals who deal with historic sites from the museum administrator or curator to architect to engineer as well as students pursuing studies in the field of preservation and conservation will also find this a valuable reference This volume promotes a pro active approach to preservation planning for historic sites and their collections

**Intellectual Property Strategy** John Palfrey, 2011-10-07 How a flexible and creative approach to intellectual property can help an organization accomplish goals ranging from building market share to expanding an industry Most

managers leave intellectual property issues to the legal department unaware that an organization's intellectual property can help accomplish a range of management goals from accessing new markets to improving existing products to generating new revenue streams In this book intellectual property expert and Harvard Law School professor John Palfrey offers a short briefing on intellectual property strategy for corporate managers and nonprofit administrators Palfrey argues for strategies that go beyond the traditional highly restrictive sword and shield approach suggesting that flexibility and creativity are essential to a profitable long term intellectual property strategy especially in an era of changing attitudes about media Intellectual property writes Palfrey should be considered a key strategic asset class Almost every organization has an intellectual property portfolio of some value and therefore the need for an intellectual property strategy A brand for example is an important form of intellectual property as is any information managed and produced by an organization Palfrey identifies the essential areas of intellectual property patent copyright trademark and trade secret and describes strategic approaches to each in a variety of organizational contexts based on four basic steps The most innovative organizations employ multiple intellectual property approaches depending on the situation asking hard context specific questions By doing so they achieve both short and long term benefits while positioning themselves for success in the global information economy
