Textualization of Oral Epics Lauri Honko, 2011-07-20 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

The Oral Epic Karl Reichl, 2021-07-26 This book focuses on the performance of oral epics and explores the significance of performance features for the interpretation of epic poetry. The leading question of the book is how the socio cultural context of performance and the various performance elements contribute to the meaning of oral epics. This is a question which not only concerns epics collected from living oral tradition but which is also of importance for the understanding of the epics of antiquity and the Middle Ages which originated and flourished in an oral milieu. The book is based on fieldwork in the still vibrant oral traditions of the Turkic peoples of Central Asia and Siberia. The discussion combines fieldwork with theory; it is not limited to Turkic epics but branches out into other oral traditions.

Orality, Textuality, and the Homeric Epics Jonathan L. Ready, 2019-07-30 Written texts of the Iliad and the Odyssey achieved an unprecedented degree of standardization after 150 BCE but what about Homeric texts prior to the emergence of standardized written texts? Orality, Textuality and the Homeric Epics sheds light on that earlier history by drawing on scholarship from outside the discipline of classical studies to query from three different angles what it means to speak of Homeric poetry together with the word text. Part I utilizes work in linguistic anthropology on oral texts and oral intertextuality to illuminate both the verbal and oratorical landscapes our Homeric poets fashioned in their epics and what the poets were striving to do when they performed. Looking to folkloristics part II examines modern instances of the textualization of an oral traditional work in order to reconstruct the creation of written versions of the Homeric poems through a process that began with a poet dictating to a scribe. Combining research into scribal activity in other cultures especially in the fields of religious studies and medieval studies with research into performance in the field of linguistic anthropology part III investigates some of the earliest extant texts of the Homeric epics, the so called wild papyri. By looking at oral texts, dictated texts and wild texts this volume traces the intricate history of Homeric texts from the Archaic to the Hellenistic period long before the emergence of standardized written texts in a comparative and interdisciplinary study that

from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus

Versification Frog,Satu Grünthal,Kati Kallio,Jarkko Niemi,2021-12-24 Versification describes the marriage of language and poetic form through which poetry is produced Formal principles such as metre alliteration rhyme or parallelism take precedence over syntax and prosody resulting in expressions becoming organised as verse rather than prose The aesthetic appeal of poetry is often linked to the potential for this process to seem mysterious or almost magical not to mention the interplay of particular expressions with forms and expectations The dynamics of versification thus draw a general interest for everyone from enthusiasts of poetry or forms of verbal art to researchers of folklore ethnomusicology linguistics literature philology and more The authors of the works in the present volume explore versification from a variety of angles and in diverse cultural milieus The focus is on metrics in practice meaning that the authors concentrate not so much on the analysis of the metrical systems per se as on the ways that metres are used and varied in performance by individual poets and in relationship to language

Philology and Criticism Vishwa Adluri,Joydeep Bagchee,2018-06-29 Philology and Criticism contrasts the Mah bh rata s preservation and transmission within the Indian scribal and commentarial traditions with Sanskrit philology after 1900 as German Indologists proposed a critical edition of the Mah bh rata to validate their racial and nationalist views Vishwa Adluri and Joydeep Bagchee show how in contrast to the Indologists unscientific theories V S Sukthankar assimilated the principles of neo Lachmannian textual criticism to defend the transmitted text and its traditional

reception as a work of law philosophy and salvation The authors demonstrate why after the edition's completion no justification exists for claiming that an earlier heroic epic existed that the Brahmans redacted the heroic epic to produce the Mahabharata or that they interpolated sectarian gods such as Vishnu andiva into the work By demonstrating how the Indologists committed technical errors cited flawed and biased scholarship and used circular argumentation to validate their racist and anti-Semitic theories Philology and Criticism frees readers to approach the Mahabharata as the principal monument of bhakti Madeleine Biardeau The authoritative guide to the critical edition's correct use and interpretation Philology and Criticism urges South Asianists to view Hinduism as a complex debate about ontology and ethics rather than through the lenses of Brahmanism and sectarianism It launches a new world philology one that is plural and self-reflexive rather than Eurocentric and ahistorical

Orality and Literacy in the Demotic Tales Jacqueline E. Jay, 2016-06-10 In *Orality and Literacy in the Demotic Tales* Jacqueline E. Jay extrapolates from the surviving ancient Egyptian written record hints of the oral tradition that must have run alongside it The monograph's main focus is the intersection of orality and literacy in the extremely rich corpus of Demotic narrative literature surviving from the Greco-Roman Period The many texts discussed include the tales of the Inaros and Setna Cycles the Myth of the Sun's Eye and the Dream of Nectanebo Jacqueline Jay examines these Demotic tales not only in conjunction with earlier Egyptian literature but also with the worldwide tradition of orally composed and performed discourse

The Ethnography of Rhythm Haun Saussy, 2016-03-01 Winner of the Modern Language Association's Aldo and Jeanne Scaglione Prize for Comparative Literary Studies Who speaks The author as producer the contingency of the text intertextuality the device core ideas of modern literary theory were all pioneered in the shadow of oral literature Authorless loosely dated and variable oral texts have always posed a challenge to critical interpretation When it began to be thought that culturally significant texts starting with

Homer and the Bible had emerged from an oral tradition assumptions on how to read these texts were greatly perturbed Through readings that range from ancient Greece Rome and China to the Cold War imaginary The Ethnography of Rhythm situates the study of oral traditions in the contentious space of nineteenth and twentieth century thinking about language mind and culture It also demonstrates the role of technologies in framing this category of poetic creation By making possible a new understanding of Maussian techniques of the body as belonging to the domain of Derridean arche writing Haun Saussy shows how oral tradition is a means of inscription in its own right rather than an antecedent made obsolete by the written word or other media and data storage devices

Exegeting Orality Nick Acker, 2024-09-05 For too long critical biblical studies have applied modern textual assumptions to ancient oral cultures Exegeting Orality challenges many of these modern approaches distilling decades of studies in oral traditions to redirect pastors and scholars toward a more accurate narrative of biblical origins identity and meaning Many works in the area of orality textuality performance criticism and media studies focus on critical issues Exegeting Orality guides pastors and scholars through a brief introduction to these fields emphasizing biblical inspiration interpretation and proclamation This work honors the rich oral traditional foundations of the inspired canon urging a transformative shift in how we interpret the Bible The stories we believe define us The Bible is not just a text to be studied but a record of voices from the past who performed our definitive stories The Bible is a tradition to be reproclaimed and reenacted in the community of faith Let us not recast these ancient voices into modern epistemological molds without letting them speak from within their own cultural realities Their voices still call out to us through the abiding Holy Spirit who connects us all to the story of Jesus May we live out that ancient story today together
