Walker Percy Gary M. Ciuba, 2010-09-01 In Walker Percy Books of Revelations Gary M Ciuba examines how Percy's apocalyptic vision inspires the structure themes and strategies of his fiction This book explores the unity of the southern novelist's fiction by focusing on its religious and artistic design one of the first studies to approach Percy's work from this perspective Ciuba considers Percy's six published novels *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* and also offers the first extended critical analysis of his unpublished work *The Gramercy* Winner Although the novels are often seen as increasingly satiric jeremiads about the possible doom of America Ciuba argues that Percy's fiction is principally shaped by a demythologized and partially realized form of eschatology This apocalyptic vision has less to do with the end of the external world than with the demise of the protagonists' internal worldviews According to Ciuba Percy does more than offer direly comic warnings about the end of the world he shows how the world actually ends and then may begin again in the everyday lives and extraordinary loves of his astonished seers

Lost and Found Michael A. Milton, 2024-03-13 No one doubts we have quickly moved to what Charles Taylor called a secular age How do Christian pastors professors seminary students and others respond to the myriad issues now facing the Body of Christ Following on a biblical and reformed understanding of public theology Milton along with trusted theologians John Frame George Grant Peter Lillback and a special contribution from noted Orthodox economist and theologian John Panagiotou not only provide biblical responses to the issues of our time but in doing so give the Church a method a way to conduct faithful Gospel ministry in an increasingly hostile post-Christian world A must for classes on ethics sociology of religion pastoral theology and serious minded Christians seeking insight that they might Understand of the times 1 Chr 12 32

Reluctant Witnesses Stephen R. Haynes, 1995-01-01 Stephen Haynes takes a hard look at contemporary Christian theology as he explores the pervasive Christian witness people myth that dominates much Christian thinking about the Jews in both Christian and Jewish minds This myth an ancient theological construct that has put Jews in the role of living symbols of God's dealings with the world has for centuries according to Haynes created an ambivalence toward the Jews in the Christian mind with often disastrous results Tracing the witness people myth from its origins to its manifestations in the modern world Haynes finds the myth expressed in many unexpected places the writings of Karl Barth the novels and essays of Walker Percy the prophetic writings of Hal Lindsey as well as in the work of some North American Holocaust theologians such as Alice L and A Roy Eckardt Paul van Buren and Franklin Littell *The Last Physician* Carl Elliott, John D. Lantos, 1999 This collection will appeal to lovers of literature and medical professionals alike indeed anyone concerned with medical ethics and the human side of doctoring *Desire, Violence, and Divinity in Modern Southern Fiction* Gary M. Ciuba, 2011-02-04 In this groundbreaking study Gary M Ciuba examines how four of the South's most probing writers of twentieth century fiction Katherine Anne Porter Flannery O'Connor Cormac McCarthy and Walker Percy expose the roots of violence in southern

culture Ciuba draws on the paradigm of mimetic violence developed by cultural and literary critic Ren Girard who maintains that individual human nature is shaped by the desire to imitate a model Mimetic desire may lead in turn to rivalry cruelty and ultimately community sanctioned and sometimes ritually sanctified victimization of those deemed outcasts Ciuba offers an impressively broad intellectual discussion that gives universal cultural meaning to the southern experience of desire violence and divinity with which these four authors wrestled and out of which they wrote In a comprehensive analysis of Porter's semiautobiographical Miranda stories Ciuba focuses on the prescribed role of women that Miranda imitates and ultimately escapes O'Connor's *The Violent Bear It Away* reveals three characters whose scandalous animosity caused by religious rivalry leads to the unbearable stumbling block of violence McCarthy's protagonist in *Child of God* Lester Ballard appears as the culmination of a long tradition of the sacred violence of southern religion twisted into his own bloody faith And Percy's *The Thanatos Syndrome* brings Ciuba's discussion back to the victim in Tom Moore's renunciation of a society in which scapegoating threatens to become the foundation of a new social regime From nostalgia for the old order to visions of a utopian tomorrow these authors have imagined the interrelationship of desire antagonism and religion throughout southern history Ciuba's insights offer new ways of reading Porter O'Connor McCarthy and Percy as well as their contemporaries who inhabited the same culture of violence violence desired dreaded denied and deified *The Ascent to God* Thomas P.

Kuffel, Nancy Carol James, 2022-03-25 Called as pope St John Paul II emerged onto St Peter's balcony proclaiming Do not be afraid What theology and mystery inspired this surprising proclamation John Paul II's quest for holiness was grounded in the mystical insight that we participate in God We seek the Beatific Vision the Face of God through which we are transformed in theosis or divinization This infusion of grace perfects and unites us In this book readers will find engaging theology intermixed with spiritual direction and lectio divina meditations Utilizing Aquinas' method of scriptural interpretation we are offered ways of seeking spiritual fulfillment to behold the Beatific Vision Fr Tom Kuffel shares personal experiences from his time studying and working in Rome Nebraska and Alaska Reflecting on his own priesthood his fascinating narratives encourage our own spiritual growth Readers find fresh ways of engaging Scripture through St John Paul II's New Pentecost encouraging new interpretations of Vatican II **Walker Percy's Search for Community** John F. Desmond, 2004 In this

criticism of Percy John F. Desmond traces the writer's enduring concerns with community These concerns Desmond argues were grounded in the realism of such Scholastics as Aquinas and Duns Scotus **The Pursuit of Happiness and the American Regime** Elizabeth Amato, 2018-02-28 The Declaration of Independence claims that individuals need liberty to pursue happiness but provides little guidance on the what of happiness Happiness studies and liberal theory are incomplete guides Happiness studies offer insights into what makes people happy but happiness policy risks becoming doctrinaire Liberal theory is better on personal liberty but weak on the what of happiness My argument is that American novelists are surer guides on the pursuit of happiness Treated as political thinkers my book offers a close reading of four American

novelists Tom Wolfe Walker Percy Edith Wharton and Nathaniel Hawthorne and their critique of the pursuit of happiness With a critical and friendly eye they present the shortcomings of pursuing happiness in a liberal nation but also present alternatives and correctives possible in America Our novelists point us toward each other in friendship as our greatest resource to guide us towards happiness

Walker Percy's Sacramental Landscapes Allen Pridgen,2000 Sometimes oblivious to the sacramental signs of life sometimes clear eyed both Will at the end of *The Second Coming* and Tom at the end of *The Thanatos Syndrome* finally assent to the wondrous possibilities these signs signify They begin to believe in the possibilities for a life that waits for them on the horizon and down the road

Real Phonies Abigail Cheever,2010 Abigail Cheever examines the ways in which social influence was thought to deform individuals in midcentury American culture *Real Phonies* examines the twinned phenomena of phoniness and authenticity beginning with adolescents in the 1950s like Holly Golightly and Holden Caulfield and ending with mid career professionals in the 1990s like sports agent Jerry Maguire

The Catholic Imagination in American Literature Ross Labrie,1997 A concluding chapter examines the significance of the corpus of Catholic American writing in the years 1940 to 1980 considering it parallel in substance to the body of Jewish American literature of the same period

Imagining Our Time Lewis P. Simpson,2007-01-01 Lewis P Simpson towers among scholars of American literary studies as an intellectual historian of the South and American literary culture and a revered essayist His last book *Imagining Our Time* offers a wide ranging erudite and enlightening look at the culture of letters in American society Primarily through an examination of the works of some of the leading writers of the twentieth century many of whom Simpson knew intimately this final volume provides insight into the struggles and concerns unique to prominent American thinkers literary artists and

critics contemporary to his own lifetime Often moving from an intriguing anecdote or recollection to a rigorous discussion of ideas Simpson's style is captivating He begins with speculation on Eric Voegelin's interest in Julien Benda's polemic *La Trahison des Clercs* and follows with thoughts on the declining faith in the university as an embodiment of humanistic letters and learning surveying the American Republic as far back as Benjamin Franklin In successive chapters Simpson pays tribute to Malcolm Cowley as a hero of the literary art and probes Robert Penn Warren's fixation with Thomas Jefferson as manifested in the writing and complete rewriting of *Brother to Dragons* He ruminates on the vocation of the critic as practiced by Lionel Trilling and Diana Trilling and the literary and cultural politics of the 1930s Brief portraits of Andrew Lytle and Louis D Rubin Jr appear as well as a poignant argument for the autobiographical cast of Eudora Welty's writing A lengthy riveting consideration of Simpson's friend Walker Percy and Percy's quest for identity as a modern Christian novelist alienated from the society around him forms the core of the volume Fred Hobson's introduction fittingly rounds out *Imagining Our Time* offering an intimate appreciation of Lewis Simpson who will remain a giant among scholars of southern literary studies

Walker Percy's Voices Michael Kobre, 2000 Walker Percy's novels are fraught with characters struggling toward a destiny and purpose in life who must sort through conflicting inner voices and the voices of family friends therapists and mentors until they finally find their own paths Through trial error and retrial Percy's characters continuously reinvent themselves struggling until they reach solutions satisfaction and maturity In this multifaceted work Michael Kobre analyzes Walker Percy's major fiction works *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* in terms of the Russian philosopher and literary scholar Mikhail Bakhtin's critical theory Kobre begins with an introduction to Percy's view of language and consciousness and a clear accessible explanation of Bakhtin's ideas His subsequent discussion of the novels connects each work in turn with Percy's advancing career and explores the deepening conflict in Percy's fiction between his desire to express his own religious and moral beliefs and his commitment to the essential freedom of his art the play of many voices in his narratives

Two Covenants Eliza McGraw, 2005-07-01 Jews have long occupied visible roles in the South Jewish families have owned establishments ranging from dry goods stores to Thomas Jefferson's Monticello and some of the region's most important writers and scholars have been Jewish Yet surveys of southern culture rarely assess the contributions of Jews while histories of Jews in America virtually exclude those living in the South Eliza R L McGraw's multifaceted study fills both gaps and in doing so expands how we define the South In *Two Covenants* McGraw mines eclectic representations of Southern Jewishness as varied as the Carolina Israelite newspaper the Mardi Gras Krewe du Jieus southern Baptist conversion instruction pamphlets and the film *Driving Miss Daisy* She also considers literary representations of southern Jews in the works of both Jewish and non Jewish writers including Thomas Wolfe Robert Penn Warren Walker Percy Lillian Hellman David Cohn Louis Rubin Jr Eli Evans James Weldon Johnson Jean Toomer and Charles Chesnutt While concerned with established concepts such as ethnicity and

region McGraw raises many questions that illustrate the complexity of southern Jewishness Can one individual straddle two identities How do race class and gender influence southern Jewishness What are the differences between southern Jews and other southerners or between southern Jews and other Jews Does anti-Semitism manifest itself differently or with unique effects in the South In suggesting answers to these and other questions McGraw ranges widely over the southern cultural landscape and reveals that although southern Jewishness remains a marginal identity due to the small size of its constituency it nevertheless inhabits and helps to form the South at large The very presence and vitality of southern Jewishness demonstrate that southern identity like national identity is a fluid cultural experience Book Prices: Used and Rare, 1994

Edward N. Zempel, 1994 Neo-Realism in Contemporary American Fiction , 2025-01-27 Isn't Justice Always Unfair? J.

Kenneth Van Dover, John F. Jebb, 1996 *Isn't Justice Always Unfair* explores the uncommonly long and uncommonly rich relationship between the fictional detective and his or her South It begins with the New Orleans expatriate Legrand uncovering Captain Kidd's treasure on an island off Charleston South Carolina it covers the satires and parodies of Mark Twain and the polished stories of Melville Davisson Post and Irvin S Cobb and it concludes with surveys of the many good and excellent writers who are using the form of the detective story to compose inquiries into the character of life in the South today At the center of *Isn't Justice Always Unfair* lies an analysis of a most remarkable phenomenon William Faulkner's exploitation of the genre as an avenue into his postage stamp of Southern experience Yoknapatawpha County Fyodor Dostoevsky, Walker Percy, and the Age of Suicide John F. Desmond, 2019-01-09 *Fyodor Dostoevsky Walker Percy and the Age of Suicide* is a study of the phenomenon of suicide in modern and post modern society as represented in the major fictional works of Fyodor Dostoevsky and Walker Percy In his study suicide is understood in both a literal and spiritual sense as referring to both the actual suicides in their works and to the broader social malaise of spiritual suicide or despair In the 19th century Dostoevsky called suicide the terrible question of our age For his part Percy understood 20th century Western culture as suicidal in both its social political and military behavior and in the deeper sense that its citizenry had suffered an ontological loss of self or deformation of being Likewise Thomas Merton called the 20th century an age of suicide **Feral Children and Clever Animals** Douglas K. Candland, 1995-10-26 In this provocative book Douglas Candland shows that as we begin to understand the way animals and non speaking humans think we hold up a mirror of sorts to our own mental world and gain profound insights into human nature Weaving together diaries contemporary newspaper accounts and his own enlightening commentary Candland brings to life a series of extraordinary stories He begins with a look at past efforts to civilize feral children We meet Victor the Wild Boy of Aveyron now famous as the subject of a Truffaut film Kaspar Hauser raised in a cell civilized and then assassinated and the Wolf Girls of India found early this century huddled among wolf pups in a forest den they were originally believed to be ghosts by superstitious villagers who nearly shot them as they were being captured In each case it was hoped that the study of these children would help clarify the age old nature nurture debate but

as Candland shows so much of the information revealed was really only a projection of beliefs previously held by the investigating scientists Candland then turns to clever animals We learn how the investigation of Clever Hans the German horse who could calculate square roots proved to be a first step in the direction of behaviorism researchers found that Hans was being tipped off by the subtle and unwitting body language of his owner and other observers who would bend almost imperceptibly at the waist with every hoof beat and stand erect when the correct count was reached And Candland discusses the many attempts to communicate with our closest neighbor the apes We read of Richard Lynch Garner s 1892 experiment living with chimpanzees in Gabon he taught one to say the French word feu and of Gua raised by W N and L A Kellogg alongside their own son Donald and of the latest successes of teaching sign language to such precocious apes as Sarah Sherman Austin and Koko Throughout Candland illuminates the boldest and most intriguing efforts yet to extend our world to that of our fellow creatures And he shows that in the end our effort to make contact is a reflection of the way in which we as a species create and order our universe Humans have long shown a wish to connect with the silent minds around them In assembling and interpreting the compelling tales in this book Candland offers us a new understanding not only of the animal kingdom but of the very nature of humanity and our place in the great chain of being
