Thank God I Have Cancer:

Thank God I Have Cancer! Clifford Oden,1976 Thank God for Cancer! Jerome Turner,2008-02 While his wife was battling breast cancer Turner discovered he had cancer too In this text he describes how trials are just blessings in disguise Christian Slaying the Cancer Giant with the Word of God Rev. Dr. Diana Fields,2012-09-19 I am a six year breast cancer survivor I am very happy about this fact because I was given an opportunity to write about that experience This is a chronological and personal testimony of my fight against this devastating disease This book strives to encourage and invite readers whether in perfect health or stricken by illness to trust God in all situations My journey with breast cancer was a test of my faith in God Through my own struggle I remind readers that life is going to be filled with difficult and sometimes life changing situations when our faith is tested At these crucial times it is our test to decide how we will respond Find out how I responded and then get ready to be introduced or re introduced to someone who cares about every situation you will encounter **I have Cancer But It Doesn't Have Me** Lloyd Deitsch,2012-04-27 My story really begins early in the fall of the year of 2003 I was starting to experience the loss of some of my strength My left arm and leg to be exact No real ache or pain I had over extended the bottom of my left foot a couple of months ago I was transferring a patient from his bed to his wheel chair at my work site I was working as a medical assistant at a health care site I was taken by fellow worker to a company doctor He put me in a boot to support my weight keeping off my foot I missed a couple of weeks work First work I had missed in three years The foot seemed improved after a time A short time later my knee on both of my lets started giving me a whole lot of trouble I was now having pain in both my legs and both of my knees I began to think that maybe it was actually caused by the weather The weather was starting to cool down Fall and winter were approaching I was beginning to slow down on my job I was employed by Great Bend Health and Rehabilitation The job of medical assistant requires that you are in good health My leg and arm had gotten so bad I just couldn t do my job as it should be done **Thank God I Only Have Two of These!** Susan E. Ghiassi,2009-11-02 Is this your baseline or first mammogram Are you getting a screening or diagnostic mammogram Do you know someone with breast cancer or are you a breast cancer survivor This book is a collection of mammogram patients writings and poems You will relate to their fears and their faith appreciate the humor revealing their strengths as they lead you through the mammogram experience A variety of subjects relevant to any mammogram patient are covered within these pages along with ideas on getting involved with worthy organizations and or helping breast cancer patients The message is clear Get your mammogram for early detection of breast cancer Also included is an informational glossary and a helpful description of how to get the most out of your mammogram from beginning to end You will laugh you may cry but you definitely will leave uplifted and hopeful **Glad I Don't Look Like What I Have Been Through** Gloria F. (Hatley) Sanders,2023-12-04 What do you classify as a miracle I hope you will know that my book is about the miracles I have experienced unbelievable ones Yes it is hard for me to believe it but I believe it s because it happened to

me My prayer is that you will know that Jesus still works miracles I am a walking miracle I hear I do not look like what I have been through Praise God I want God to get the glory from my story I have had a lot of tests trials and tribulations in my seventy one years of life But in order to have a testimony you need to have a test God knows I have had test after test I do have a testimony I am still here in spite of the death sentences that were on me not twice but three times but God Everybody goes through things but some are not death sentences like mine were I will never give up and I can t give in Never will I turn back No no no God has been too good to me I want to share my story because hopefully it will help someone along the way They could say If she made it through I too can I know God wants me to share this story Hopefully it will inspire you When I was going through my test I was never afraid although it could have been the end of my life I am so grateful it wasn t I stuck to God s Word kept repeating them to myself over and over God has not given me a spirit of fear but of love power and a sound mind 2 Timothy 1 7 He also said in his Word Fear not for I am with you Do not be dismayed for I am your God I will strengthen you and help you I will uphold you with my righteous right hand Isaiah 41 10 I also repeated Psalm 23 4 often Even though I walk through the valley of the shadow of death I will fear no evil for you are with me thy rod and thy staff they comfort me So many scriptures kept me looking unto the hills from which cometh my help because I knew my help came from the Lord who made the heavens and the earth This scripture would enter my thought process really often And as Psalm 118 17 says I shall live and not die and proclaim God s glory and what the Lord has done to give me this marvelous testimony If you are going through something be encouraged and know that God is faithful and he takes care of his own *Battle with Cancer But Victory in the Spirit* Dorothy Dukes,2025-08-19 This book is about my faith in defeating the enemy cancer The Lord inspired me to write it because someone will have the same struggle as I did In Romans 12 3 c He s given every man and woman a measure of faith Everything starts in our mind My experience with breast cancer allowed me to see myself in my walk with God The measure He gave me I had to activate it through the power of the Holy Ghost believing and trusting in the Lord I thank God for the relationship I have with Him **My God, It's Cancer** Courtney Mullings,2020-07-27 Life is not fair Imagine going steadfastly through life enjoying a healthy lifestyle playing by the rules and obeying the Word of God only to be blindsided by a terminal cancer diagnosis in the prime of your life In *My God It s Cancer* Courtney Mullings shares the inspiring story of the medical emotional and spiritual struggles encountered on his journey with what science defines as an incurable cancer His exceptional life moments with the disease are encapsulated and documented to reveal episodes of struggles with guilt and unworthiness and how he coped with the multiple failures and setbacks through his faith Travel with him to experience how he continuously sought God as his refuge and remained fervently faithful that he would receive complete healing through God s grace Courtney s faith gave him indomitable strength Learn how his outrageous faith reinforces the concept of transcendental hope beyond what can be seen or reasoned through our natural senses but as he has experienced from God By telling his story he hopes to inspire motivate and reach the many people who want to believe there

is hope for their individual situations but may be challenged by the realities of current circumstances His story will help you to appreciate that life will inevitably present daunting challenges but you have a choice in how you respond God provides us with unlimited solutions through grace to address all of life's challenges What level of faith are you willing to invest in God for your best outcome

Walking with a Shadow Nanci A. Sullivan,2004-09-30 Childhood cancer particularly leukemia is on the rise Leukemia strikes one child in every 25 000 and most often does so between the ages of 3 and 7 Annually more than 2 700 children are diagnosed with leukemia in the United States Due to advances in biotechnology and medicine survival rates for this once deadly disease now stand at 80% But the psychological effects of diagnosis removal from school treatment and remission or cure linger Here nine long term survivors of childhood leukemia share their vivid memories and give us insight into the physiological changes psychosocial and educational difficulties that became a constant shadow in their lives Author Nanci Sullivan provides recommendations for ways teachers counselors and other professionals may better help young students with leukemia cope

Autobiography of a Bloody Cancerian and Illustrated Biography of Cancer Dr. Prasan R Bhandari,2024-11-05 BOOK OVERVIEW I wanted to pen down my thoughts immediately after a gap of 2 to 3 months but I stopped writing Now I have started writing after a gap of 14 to 15 years This hesitation is not due to the writing but due to the fear of getting back those dreaded thoughts and fearful memories in my mind HENCE THERE COULD BE MANY ERRORS AND FLAWS IN THE WRITING SINCE I COULD NOT READ THE DRAFTS AGAIN AND AGAIN When I discussed this with Keskar kaka my spiritual mentor psychological guide he also insisted me to write down my thoughts During such difficult times you need a psychological anchor besides your family and friends who will encourage you give hope during such depressing times People afflicted with such major diseases frequently go into depression Sangeeta my wife and my mother repeatedly coaxed me to restart this writing Keskar kaka provided me the requisite logic behind this story These thoughts experiences when passed on to other afflicted people they will also be benefited immensely and it will also keep me mentally occupied Now as I sit in an arm chair in front of Lord Almighty God's photo SIR thoughts emerged again from the deep crevices of my mind I can't remember the exact sequences of events However I will try to be near the mark

The Cancer Free Church KENNETH M. DONALDSON M.Ed Th.M.,2024-09-17 While preparing for ministry it never occurred to me that I would one day become the pastor of a church that was sick with cancer The worst part about being sick is not knowing you are sick until the sickness is terminal The Cancer Free Church is a real life success story of a church going from the diagnosis of cancer to complete remission The Cancer Free Church appeals to leaders of all kinds who have a desire to be a part of a healthy organization The real life story of a pastor's call and commitment to go through the process of surgery and

rehabilitation to get to a place of spiritual health will inspire pastors coaches leaders in organizations seminary students and even athletes to be patient during the difficult times and watch God fight off the cancer that kills the body This book s aim is to encourage the leaders who are on the verge of quitting and help them see that the pain that they are now enduring is pale in comparison to the beauty to be revealed through the pain It is my aim to convince you that you will ring the bell of completion of chemotherapy with the hopes that you will hear the words You no longer have cancer Pink Ribbons James A. Boyd,2010-07 This book is dedicated to all the family and friends who have suffered through waiting for a cure and lost the war against Cancer as well as those who still battle for a cure The strong will of those currently fighting Cancer is a prayer that one day a cure will be found and that our loved ones did not suffer in vein for us to live life Cancer Free It is a personal and lonely battle without friends and family at your side All we can hope and Pray for is a cure to be found soon but until this has come to pass we can and will band together as one to help and support any and all in need If you or a loved one has cancer in remission or suffering This is for you *Public Success, Private Struggle* Dionne Lamont,2017-05-12 As the title suggests the book delves into the definition of success particularly public success and how this secular definition is often so radically divergent from Gods concept of success as depicted in the Bible To counterbalance these two different definitions I define the concept of struggle and all it entails I also explore our private human struggles especially those particular to female ministers given my experience in this field The difficulties women encounter within leadership roles will be presented and examined with a specific focus on gender sexuality and the pressure to maintain their femininity while being true to the call of God on their lives or true to the integrity of their secular vocation Sensitive topics such as sexism within the modern church will also be explored as well as some practical guidelines that address methods of coping with gynaecological and other health problems specific to women Whereas adult women will more easily identify with some of the issues raised everyone in leadership will benefit from the information presented Men especially those in positions of leadership will hopefully receive insight into and an understanding of the challenges faced by women in leadership particularly women in ministry *Black Women and Breast Cancer* Elizabeth A. Williams,2018-11-16 Christian theology at its core is a story about someone being in trouble In response to this trouble the triune God intervenes God identifies with those in trouble walking with them through the experience Yet the God of Christian theology goes a step further God prevails over trouble God is an overcomer Black women with breast cancer identify with this God They also see themselves in this theological narrative They see themselves in the midst of troubles troubles like racism poverty and environmental exposures that create the disease affecting their bodies They see the troubles of breast cancer their biological disposition towards more aggressive cancers later stage diagnoses poorer prognoses diminished quality of care and worse outcomes Black women also palpably feel the troubles breast cancer brings like fear physical disfigurement social isolation being stereotyped for treatment decisions abandonment and even death Black women feel the myriad troubles breast cancer brings But Black women also know God in

their troubles They know an active God who identifies with and prioritizes their needs They know this God through scripture and experience as God who puts them front and center And because they know God as an overcomer and creative force they know themselves as overcomers For with God their troubles do not last always Black women with breast cancer construct a cultural theology of breast cancer out of knowing God Borne out of experiences of the Black Church womanist theology and their intersectional identities of race class and gender this theological investigation informed by anthropology examines how Black women construct an ontology of who God is and how God operates and gain a God consciousness that shapes their response to the disease Using pain faith and testimony as tools to struggle against breast cancer Black survivors theology transforms them from victims of breast cancer to change agents Out of their lives as survivors comes a theology of complex hope one cognizant of Black women s breast cancer disparities yet oriented towards Black women s achievement of health in the present and the future a sufficient hope to sustain Black women through it all **For the Sake of Love** Dwan

I Used to Have Cancer James Templeton,2019-04-09 By all standards of success James Templeton seemed to have it all He was a highly successful businessman had a beautiful wife and daughter and only in his early thirties had his whole life in front of him To avoid the same fate as his father and grandfather who both died of heart attacks at a young age James became an avid runner a passion that he believed helped him stay fit and healthy Imagine his shock when during a routine physical his doctor noticed a mole on his body that turned out to be a melanoma a dangerous form of skin cancer The mole was removed immediately and James who was diligent in his follow up exams appeared to be cancer free but only for a short while When the cancer reappeared and had spread on the advice of his doctor James followed the conventional medical protocol which included surgery and chemotherapy He was also involved in a clinical trial When he learned that the treatments weren't working James was obviously devastated He had reached a new low point in his life and as he lay in the hospital bed he prayed fervently for help As if by some miracle help came to James in the form of three different visitors who would change the course of his life and help direct him on a path back to health I Used to Have Cancer is James Templeton's memoir an inspiring look back at his unique journey in overcoming stage 4 melanoma James takes you with him on a trip crisscrossing America during which he shares the various natural approaches he followed to battle his cancer from diet and supplements to meditation and lifestyle adjustments As his journey continued you will see first hand how James' definition of success changed from making money to seeing the next sunrise And how he continues finding success by reaching out to others to share the lessons he has learned While this book largely focuses on the various methods James used to overcome his own cancer it is also an inspiring story of not giving up when all other avenues of conventional medicine fail It is about taking control of your life and finding a way back from the brink of death It is about being able to tell your friends I used to have cancer
