

A man with a beard, wearing a black zip-up hoodie with white drawstrings and a tan and brown patterned flat cap, is sitting at a wooden table. He is smiling slightly. On the table in front of him is a clear glass with ice and a light-colored beverage. The background shows a dark wall with a herringbone pattern and a window to the left.

**How to Survive Spiritually in Our Times, Mahanta Transcripts, Book 16** Harold Klemp, 2019-03-01 Harold Klemp's stories are your stories. They're about people like you. They're about extraordinary experiences. Heartwarming experiences. Small miracles and gifts from God that happen in your everyday life. The spiritual good news of today. Take the story of Rebecca who is told by doctors that she'll never have children. She really wants children of her own. She opens herself to Divine Spirit and asks, "Is there any way for me to have my own children, please let it be so." She practices techniques included in this book and working with Divine Spirit reinvents herself. The direction and insight she receives one day bring her a miracle. A child of her own. A master storyteller Harold Klemp weaves stories, tools, and techniques into the golden fabric of his books to help you see deeper truths within and apply them in your life now. He speaks directly to Soul that divine eternal spark, the real you. The survivor. Spiritual survival is only the starting point in your spiritual life. Harold Klemp shows you how to thrive. Eckankar is a modern day spiritual teaching with ancient roots founded in 1965 by Paul Twitchell. Harold Klemp is the current spiritual leader of Eckankar since 1981.

**Intergalactic Tribunal** Terry L. Brown, 2010-05-28 Planet Ship Earth has had many mythical stories. Intergalactic Tribunal is about the greatest one ever conceived, developed, and implemented. This powerful story grabbed the inhabitants of earth and sky and convinced them that to believe is to know. As a result, they remain in perpetual ignorance, never seeking to know. The main character of this Intergalactic Gospel Fiction is the only son of a man-made God who created the universe in which he resides. He has no mate, male or female. Everyone who wishes to live forever in bliss must pledge their lives to this Man-Made God via the worship of his only begotten son. Those that are not afraid to think will find the content of this book intriguing and thought-provoking. They'll realize that outrageous thoughts they have had are shared by others. They'll be relieved to know they are not alone in this confusion called human society. Technological components are unprecedented, trailblazing, and surprising. For example, the technology that implanted hostile entities into the blood stream to be manifested by the pressing of certain fingers, coughing, and spitting. War Theatres will add this to their think tank data banks globally. It's scary to think of the effect this would have in the hands of so-called terrorists. This book can be viewed as a self-help educational reference tool, a thought provoker, or just a fun book to read. There are elements of interest for all matured minds, beings that are searching for clarity, and those exploring beyond the matrix of illusion. The fact that man created God so God could make him is evident. It is not hard to create a belief system complete with a god of your design and giving him or her all the powers you can imagine. This and other thought-provoking questions are asked and answered. I am very much aware that this book will not change anyone. My hope is that readers will be motivated enough to investigate its content to see if there be anything that might enhance their lives or that of someone they know and care about. I hope Intergalactic Tribunal will provide food for thoughts to the degree that readers will discuss it among their families, friends, and associates. I trust all will find something of value. I invite you all to engage the process of
