

A dramatic, high-contrast image of Mount Sinai. A large, dark, jagged rock formation stands in the center, with a bright, glowing arch of light emanating from its top. The arch is composed of concentric rings of light, and within it, Hebrew text is visible. The sky is filled with dark, swirling clouds, and the ground is a dark, rocky landscape with glowing blue and orange light trails. The overall atmosphere is one of divine power and awe.

Brondos, 2024-07-15 For centuries scholars and interpreters of the Hebrew Scriptures or Old Testament have read those Scriptures as if they spoke of a God whose desires concerns and interests were essentially no different than those of the other gods of antiquity known to us Like those gods what the God of Israel supposedly sought above all else was the honor worship and obedience of human beings and their submission to his will as

his faithful and devoted servants While he undoubtedly demanded the practice of what was good right and merciful among his people in a way that set him apart from other gods ultimately he did so for his own sake in order to bring about in them the type of behavior that pleased him and compel them to live in conformity with his justice holiness and righteousness Those who sought to enjoy his blessings and avoid his fierce wrath and punishments had no choice but to strive to keep him content by observing all that he had commanded and making atonement for the sins and offenses they committed by offering him the sacrifices that appeased him Although he loved his people deeply his righteous and holy nature placed limits on that love and prevented him from showing them his favor unless the demands of his nature were satisfied When we abandon such an understanding of the God of Israel and instead read the Hebrew Bible on its own terms in order to grasp the logic underlying its narratives however a very different portrait of God emerges The God of whom the biblical texts speak is a God who desires nothing but the good for all those whom he has created and refuses to back down from his efforts to bring them to live in ways that will allow them to enjoy the wholeness and well being he desires for all when they insist on filling their lives with injustice suffering and violence When he demands that they obey all that he has commanded by practicing justice and compassion and avoiding behaviors that do them harm he does so not for his sake but for theirs If he jealously refuses to let his people serve and worship other gods it is only because those gods bring death and destruction rather than the life that is found in him alone While at times he must himself resort to violence and even bring down evil on human beings in order to put a stop to oppression and injustice he does so only because his passionate and unbending commitment to the well being of all of the families of the earth together with his beloved people Israel will not allow him to hold back or relent in his efforts to save them not from him but from themselves Christian and Jewish readers alike will find in the present volume a God who is very different from the God they have been taught to encounter previously in the biblical texts a God whose ultimate concern is not for his own glory honor or worship or for the demands of a righteous and holy nature that holds him captive but for the healing wholeness and well being of all of his creatures Such an understanding of God not only calls into question traditional interpretations of the Hebrew Bible but also lays the basis for a fresh reading of the many difficult passages that have long challenged biblical interpreters due to the violent and troubling image of God that they convey

No Other God Gabriel Vahanian, 2009-09-01 In the aftermath of writing *The Death of God* Vahanian had opportunity to advance his discussion In his introduction to *No Other God* he wrote Taken as nothing less if nothing more than a cultural phenomenon the death of God signifies the transition from radical monotheism to radical immanentism and marks the birth of secularism as the vector of the new religiosity It announces the advent of a new culturally Christian paganism even while theology is busy overlooking its indigence or covering it up with a glorified but amnesic vocabulary But what I have denounced elsewhere as the charter of the incipient post Christian idolatry is now proclaimed as the first article of an immanentist religiosity So called Christian atheism glories precisely in what I deplored when I first used the term death of God Meanwhile Christian

theology serves only to separate the Church from the world instead of pointing to the fact that the Church is or should be what happens when the world hears the Word of God Vahanian recognizing that God is a word and that God is not God without the world ultimately helps readers understand the two poles of language that need to be kept in balance wording the world and worlding the word In this light idolatry of every kind is threatened by new language both symbolic and iconoclastic which serves to usher in a new world

The other gods Lucas Freitas,Alcides Saggioro,Helton Lucinda Ribeiro,R. A. Flying Serpents and Dragons R. A. Boulay,1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia Egypt India and China Who were these reptilian creatures What was the real reason for mans creation Why did Adam lose his chance at immortality in the Garden of Eden Who were the Nefilim who descended from heaven and mated with human women Why did the serpent take such a bad rap in history Why didnt Adam and Eve wear clothes What were the crystals or stones that the gods fought over Why did the ancient Sumerians call their major gods USHUMGAL which means literally great fiery flying serpent What were the boats of heaven in ancient Egypt and the sky chariots of the Bible This book tells it all

The God of Jesus Christ Walter Kasper,2012-03-01 Kasper s book on God the Trinity is a bold exploration of knotty theological problems

The Oneness and Simplicity of God Barry D. Smith,2013-11-13 That YHWH is numerically one is foundational to the theology of the Hebrew Bible Christian theologians

historically have affirmed that there is a more fundamental type of oneness attributable to God God is one not merely in the sense of being the only God but also in the sense of being simple or non composite having no parts of any kind In this way God is said to be an absolute unity After a consideration of all the evidence Barry D Smith reaches the conclusion that there is no basis for ascribing simplicity to God The simplicity doctrine is not found in Scripture and the traditional arguments used to establish it are unconvincing In addition the recent defenses of the simplicity doctrine prompted by Alvin Plantinga s work Does God Have a Nature are unsuccessful It should not be thought however that the rejection of divine simplicity means that by default God must be conceived as composite not even as a perfect composite with maximally great God making properties Rather there is a third option God should not be conceived as either simple or composite The question of in which mode God has attributes or exemplifies properties should be set aside
