

Thatched Buildings Of Dorset

Roger Hunt, Marianne Suhr

A decorative red circular graphic element, resembling a stylized arrow or a partial circle, is positioned to the right of the authors' names.

Thatched Buildings Of Dorset:

Thatched Buildings of Dorset Michael Billett, 1984 **Traditional Buildings** Allen Noble, 2009-09-18 Based on a lifelong professional and personal interest *Traditional Buildings* presents a unique survey of vernacular architecture across the globe. The reader is taken on a fascinating tour of traditional building around the world which includes the loess cave homes of central China the stilt houses on the shores of Dahomey the housebarns of Europe and North America the wind towers of Iran the Bohio houses of the Arawak Indians of the Caribbean and much more. Professor s Noble s extensive travels have allowed him to examine many of the building at close quarters and the richly illustrated text includes photographs from his personal collection. With its comprehensive and detailed bibliography the work will be welcomed by experts and non specialists alike.

Dorset (Slow Travel) Alexandra Richards, 2024-08-28 This new thoroughly updated fourth edition of *Dorset Slow Travel* Bradt s popular and distinctive guide offers in depth exploration of one of England s most popular counties. Author Alexandra Richards Dorset born and bred shares local insights to offer a wider more personal selection of places to explore than any other guide including attractions known only to locals who normally keep the county s treasures to themselves. The result encourages you to slow down and appreciate why this county deserves repeat visits. Dorset is quintessential rural England rolling hills thatched houses winding lanes and stunning stately homes. Enchanting Dorset landscapes described in Thomas Hardy s 19th century novels are largely unchanged and are likely to remain so given that Dorset enjoys England s highest proportion of conservation areas. The county is trimmed by the spectacular Jurassic Coast starring locations such as Durdle Door and Lulworth Cove England s first natural World Heritage Site whose cliffs are continuously revealing their prehistoric fossilised secrets. History buffs meanwhile will love innumerable sites of archaeological interest including Britain s largest Iron Age hillfort Maiden Castle. Practical information covers where and what to eat where and what to see and how to get around. This fourth edition integrates recent changes across the county covers additional villages in north Dorset celebrates child friendly activities introduces local food and drink producers artisans and community projects and suggests new walks. Discover Dorset s award winning vodka made from milk discover what really goes on at the Filly Loo Festival challenge your tastebuds at the Great Dorset Chilli Festival hunt fossils on beaches featured in the biopic film *Ammonite* where Kate Winslet portrays world famous palaeontologist Mary Anning learn where never to say the word rabbits and why discover the Lyme Regis rubber duck race and get to grips with the fabulous Dorset dialect. Whatever your interest be it local food tours of award winning wineries horseriding relaxing on award winning beaches or spectacular coastal hikes *Dorset Slow Travel* remains the essential companion guide for both enjoying the obvious sites and getting off the beaten track to understand what really makes this gorgeous varied county tick.

Making Model Railway Buildings Andy McMillan, 2014-04-30 This invaluable book is essential reading for all railway modellers whatever their level of expertise. The author provides an overall understanding of the purpose of making buildings for a model railway.

and covers their construction their positioning and how to light them Topics covered include railway and non railway buildings explaining how the latter can also enhance your trains modelling attitudes the use of scale levels of detail and both regional vernacular and railway architecture ready made buildings and how you can adapt them to your own particular purposes different materials available for building structures and ways of choosing finding measuring and recording suitable prototypes step by step construction of a cardboard building kit to illustrate the use of basic modelling tools and to explain essential procedures and techniques using and modifying out of the box model buildings Also explores the subtleties of making model railway buildings from scratch without the use of a kit or anything more than hand tools and a few sheets of suitable material giving guidance on the appropriate use of texture and colour and shows how walls doors windows roofs and chimneys can be created painted detailed and finished off Discusses the many aspects of lighting including external lighting such as street and platform lights and the internal lighting of buildings the problems they pose and how they can be resolved Lighting can create dramatic effects with reference for example to the installation of illuminated ground signals in N gauge using the latest surface mount technology and by producing brilliantly illuminated back lit sunsets Superbly illustrated with 622 colour photographs

Conservation of Historic Buildings Bernard Feilden, 2007-06-07 Since its publication in 1982 Sir Bernard Feilden's *Conservation of Historic Buildings* has become the standard text for architects and others involved in the conservation of historic structures Leading practitioners around the world have praised the book as being the most significant single volume on the subject to be published This third edition revises and updates a classic book including completely new sections on conservation of Modern Movement buildings and non destructive investigation The result of the lifetime's experience of one of the world's leading architectural conservators the book comprehensively surveys the fundamental principles of conservation in their application to historic buildings and provides the basic information needed by architects engineers and surveyors for the solution of problems of architectural conservation in almost every climatic region of the world This edition is organized into three complementary parts in the first the structure of buildings is dealt with in detail the second focuses attention on the causes of decay and the materials they

affect and the third considers the practical role of the architect involved in conservation and rehabilitation As well as being essential reading for architects and others concerned with conservation many lay people with various kinds of responsibility for historic buildings will find this clearly written jargon free work a fruitful source of guidance and information *The Buildings of the Malting Industry* Amber Patrick,2023-11-15 Winner of the Association for Industrial Archaeology s Peter Neaverson Award for Outstanding Scholarship 2025 *The Buildings of the Malting Industry* is a fascinating book on the buildings that have helped make our much loved beer over the centuries Malt is one of the main ingredients of beer yet the buildings in which it was and is now produced have received very little attention although most towns and many villages had their own malthouse and kiln This is the first book to address the paucity of detail on maltings which historically were to be found in all English counties Today evidence for a malthouse may just be a name on a building or street However where they survive the pyramidal roofs clearly demonstrate the presence of a malthouse as do other less recognisable features This book gives details of early malt kilns and shows how they changed over the centuries Early buildings were essentially vernacular ones but by the mid 19th century some firms were using specialist architects Then in the 20th century there was more engineering input to new maltings in particular with the development of the pneumatic process This once widespread industry is now mainly confined to the eastern side of the country Elsewhere surviving maltings have been converted to other uses and examples of these are given There are illustrations of the exteriors and interiors of malthouses and kilns which show some of the developments and how some buildings have been reused **The Georgian House and Its Details** Richard Reid,1989 *Extending and Improving Your Home* M. J. Billington,Clive Gibbs,2012-06-04 Written for small builders and tradesmen such as bricklayers and carpenters as well as householders wanting to provide more space and enhanced living conditions without the substantial cost of moving house While there are many books that deal with the construction aspects of extending a house there are few sources that combine the planning construction and regulatory aspects into one easily accessible source *Extending and Improving a Home* meets that need By focussing on specific building elements foundations walls roofs services finishes etc the book neatly provides a comprehensive accessible guide to the areas of home improvement that cause most concern for householders and small builders *Extending and Improving a Home* will Guide you through the maze of legislation that affects most building alterations and extensions show how to go about getting a project realised in terms of design choice of contractor and construction successfully and to budget and give sound technical solutions for all the elements of a project that also comply with Building Regulations *Understanding the Building Regulations* Simon Polley,2005 Simultaneously published in the USA and Canada **A Handbook for Travellers in Wiltshire, Dorsetshire, and Somersetshire. With a ... Map** John Murray (Firm),1856 **Handbook for Travellers in Wiltshire, Dorsetshire, and Somersetshire. New edition, etc** John Murray (Firm),1869 *Old House Handbook* Roger Hunt,Marianne Suhr,2023-10-24 This fully revised and updated book is the authoritative guide on how to look after your old

house whether it is a timber framed medieval cottage an eighteenth century town house or a Victorian or Edwardian terrace
Written in association with The Society for the Protection of Ancient Buildings the authors approach is one of respect
restraint and repair rather than restoration which can so easily and permanently destroy the special qualities of an old
building From the foundations to the roof from the need for modern services to traditional paintwork and finishes from
windows and doors to breathability and damp in walls and floors this handbook provides informed practical guidance It is
essential reading on maintenance and repair for all those with an old house *Handbook for Travellers in Wiltshire,
Dorsetshire and Somersetshire* John Murray (Firm),1869
