**Sex Matters** Holly Lawford-Smith,2023-06-22 Sex Matters addresses a cluster of related questions that arise from the conflict of interests between rights based on sex and rights based on gender identity Some of these questions are theoretical including who has the more ambitious vision for women s liberation gender critical feminists or proponents of gender identity How does each understand what gender is What are the arguments for the refrain that trans women are women and do they succeed Other questions taken up in the book are more applied to specific issues in law and policy including should there be a right to exclude people who are biologically male from women only spaces How do the interests of all stakeholders to bathrooms in particular trade off when it comes to moving from sex to gender identity as the basis for self inclusion If we think about types of transition or gatekeeping requirements on transition as providing assurance to women who are asked to accept the opening up of women only spaces to transwomen are any such assurances sufficient Is TERF a slur as some radical and gender critical feminists have claimed And finally is gender critical speech hate speech as it has been classified by some social media platforms or at least harmful speech Holly Lawford Smith discusses these issues in a series of essays all but one of them previously unpublished She takes an analytic philosophical approach to these issues drawing on ideas from political philosophy philosophy of biology and philosophy of language as well as second wave feminist theory and empirical literature to defend a gender critical position in response to all of these questions *Survey of Conditions of the Indians in the United States* United States. **Under the Henfluence** Tove Danovich,2023-03-28 An immersive blend of chicken keeping memoir and animal welfare reporting by a journalist who accidentally became obsessed with her flock Since first domesticating the chicken thousands of years ago humans have become exceptionally adept at raising them for food Yet most people rarely interact with chickens or know much about them In Under the Henfluence culture reporter Tove Danovich explores the lives of these quirky mysterious birds who stole her heart the moment her first box of chicks arrived at the post office From a hatchery in Iowa to a chicken show in Ohio to a rooster rescue in Minnesota Danovich interviews the people breeding training healing and most importantly adoring chickens With more than 26 billion chickens living on industrial farms around the world they re easy to dismiss as just another dinner ingredient Yet Danovich s reporting reveals the hidden cleverness quiet sweetness and irresistible personalities of these birds as well as the complex human chicken relationship that has evolved over centuries This glimpse into the lives of backyard chickens doesn t just help us to understand chickens better it also casts light back on ourselves and what we ve ignored throughout the explosive growth of industrial agriculture Woven with delightful and sometimes heartbreaking anecdotes from Danovich s own henhouse Under the Henfluence proves that chickens are so much more than what they bring to the table      **Short Stories and Political Philosophy** Erin A. The Environment Food and Rural Affairs Committee warn of a potential commercial disaster over animal welfare regulations that could result in unfair competition for UK egg producers New rules are designed to improve conditions for caged battery hens The Welfare of Laying Hens Directive Council Directive 1999 74 EC which applies to businesses with over 350 laying hens provides that conventional cage systems must not be used after 1 January 2012 After this date caged hens must be kept in enriched cages which have more living space per hen 750 cm<sup>2</sup> cage area per hen compared to 550 cm<sup>2</sup> in conventional cages less than an A4 sheet of paper a nest perching space litter to allow pecking and scratching and unrestricted access to a feed trough But around one third of Europe s egg production will not comply with the new welfare standards by 2012 UK egg producers have spent around 400 million to improve conditions for laying hens and will be left at a competitive disadvantage if cheaper illegal and non compliant shell eggs and egg products can be imported to the UK from other European countries The UK Government must press for an intra community trade ban on the export of non compliant eggs and egg products and the EU Commission should initiate infraction proceedings against Member States where caged egg producers remain non compliant Failure to enforce this new Directive effectively will set a worrying precedent for other legislation intended to improve the welfare of farm animals      The Monkey Wars Deborah Blum,1994 A fascinating and very lucid account of the conflicts both social and psychological that permeate the keeping and use of monkeys and apes in American laboratories
