Outlaw Heroes as Liminal Figures of Film and Television Rebecca A.

Umland, 2016-04-27 Unlike such romanticized renegades as Robin Hood and Jesse James there is another kind of outlaw hero one who lives between the law and his own personal code. In times of crisis when the law proves inadequate the liminal outlaw negotiates between the social imperatives of the community and his innate sense of right and wrong. While society requires his services he necessarily remains apart from it in self preservation. The modern outlaw hero of film and television is rooted in the knight errant whose violent exploits are tempered by his solitude and devotion to a higher ideal. In Hollywood classics such as *Casablanca* 1942 and *Shane* 1953 and in early series like *The Lone Ranger* 1949 1957 and *Have Gun Will Travel* 1957 1963 the outlaw hero reconciles for audiences the conflicting impulses of individual freedom versus serving a larger cause. Urban westerns like the *Dirty Harry* and *Death Wish* franchises as well as iconic action figures like Rambo and Batman testify to his enduring popularity. This book examines the liminal hero's origins in medieval romance his survival in the mythology of the Hollywood western and his incarnations in the urban western and modern action film.

The Heartbeat of Wounded Knee (Young Readers Adaptation) David Treuer, 2022-10-18 The Heartbeat of Wounded Knee is a story of Native American resilience and reinvention adapted for young adults from the adult nonfiction book of the same name. Since the late 1800s it has been believed that Native American civilization has been wiped from the United States. The Heartbeat of Wounded Knee argues that Native American culture is far from defeated if anything it is thriving as much today as it was one hundred years ago. The Heartbeat of Wounded Knee looks at Native American culture as it exists today and the fight to preserve language and traditions. Adapted for young readers this important young adult nonfiction book is perfect educational material for children and adults alike.

Citizen Spielberg Lester D. Friedman, 2022-02-15 Steven Spielberg's extraordinary career redefined Hollywood but his achievement goes far beyond shattered box office records. Rejecting the view of Spielberg as a Barnumesque purveyor of spectacle Lester D. Friedman presents the filmmaker as a major artist who pairs an ongoing willingness to challenge himself with a widely recognized technical mastery. This new

edition of Citizen Spielberg expands Friedman s original analysis to include films of the 2010s like Lincoln and Ready Player One Breaking down the works by genre Friedman looks at essential aspects of Spielberg s art from his storytelling concerns and worldview to the uncanny connection with audiences that has powered his longtime influence as a cultural force Friedman s examination reveals a sustained artistic vision a vision that shows no sign of exhausting itself or audiences after Spielberg s nearly fifty years as a high profile filmmaker Incisive and discerning Citizen Spielberg offers a career spanning appraisal of a moviemaking icon Special Forces Sniper Skills Robert Stirling,2012-12-20 Special Forces Sniper Skills is a hard hitting account of the soldiers weapons and techniques used to coldly eliminate high value targets on the battlefield Though many books have become best sellers through telling one side of the story a sniper s experiences a training manual or a weapons catalogue none before have combined the whole spectrum of a sniper s life and skills into one gripping book This book examines the role of the sniper and the unique skills employed when serving as part of a Special Forces unit including the British SAS the US Navy Seals and the Russian Spetznaz The book is illustrated with photographs of every aspect of the sniper s trade and stories from the real life experiences of the author s comrades soldiers who have served in almost every overt and covert conflict since World War II **1000 Facts about Animated Films Vol. 3** James Egan,2017-09 The Lion King takes place before humanity existed Before he was famous Bryan Cranston did voiceovers for several animes including Ghost in the Shell and Street Fighter II Beauty and the Beast is based on a 1 800 year old story The Minions are based on the Jawas from Star Wars Toy Story was supposed to be a musical The Jungle Book is the most successful film in German history Sleeping Beauty wasn t released on video for 27 years Aladdin s lamp appears in Zootopia Frozen was nearly made in the 1940s The actor who voices Bambi grew up to become a Marine and a drill instructor The final scene in The Little Mermaid was inspired by Die Hard 3000 Facts about Animated Films James Egan,2017-07-30 Despite Toy Story s legacy it didn t win a single Oscar Somebody counted every single spot in 101 Dalmatians There s a lot Animators stopped working on The Lion King because they were certain it would fail It made over 900 million The original Cinderella story is 2 700 years old The trailer for Lady and the Tramp spoilt the ending It took 28 years to make The Thief and the Cobbler Everybody mispronounces Mowgli s name in The Jungle Book Walt Disney hated Peter Pan There was meant to be 27 Emotions in Inside Out Most of Disney s classics like Pinocchio and Bambi made very little money because they came out during World War II **Democracy's Destruction? Changing Perceptions of the Supreme Court, the Presidency, and the Senate after the 2020 Election** James L. Gibson,2024-09-30 On January 6 2021 an angry mob stormed the U S Capitol in an attempt to overturn the results of the 2020 presidential election This assault on America s democratic system was orchestrated by then President Donald Trump abetted by his political party and supported by a vocal minority of the American people Did denial of the election results and the subsequent insurrection inflict damage on American political institutions While most pundits and many scholars say yes they have offered little rigorous evidence for this assertion In

Democracy's Destruction political scientist James L. Gibson uses surveys from representative samples of the American population to provide a more informed answer to the question Focusing on the U.S. Supreme Court the presidency and the U.S. Senate Gibson reveals that how people assessed the election the insurrection and even the second Trump impeachment has little connection to their willingness to view American political institutions as legitimate Instead legitimacy is grounded in more general commitments to democratic values and support for the rule of law On most issues of institutional legitimacy those who denied the election results and supported the insurrection were not more likely to be alienated from political institutions and to consider them illegitimate Gibson also investigates whether Black people might have responded differently to the events of the 2020 election and its aftermath He finds that in comparison to the White majority Black Americans were less supportive of America's democratic institutions and of democratic values such as reverence for the rule of law because they often have directly experienced unfair treatment by legal authorities But he emphasizes that the actions of Trump and his followers are not the cause of those weaker commitments Democracy's Destruction offers rigorous analysis of the effect of the Trump insurrection on the state of U.S. democracy today While cautioning that Trump and many Republicans may be devising schemes to subvert the next presidential election more effectively the book attests to the remarkable endurance of American political institutions
