and theatre going. Containing over 2500 entries it covers the international spectrum of theatre with particular emphasis on the UK and USA. With biographical information on playwrights, actors and directors, entries on theatres and theatre companies, explanation of technical terms and theatrical genres and synopses of major plays, this is an authoritative, trustworthy and comprehensive compendium. Included are synopses of 500 major plays, biographical entries on hundreds of playwrights, actors, directors and producers, definitions of nearly 200 genres and movements, entries on over 100 key characters from plays, information about more than 250 theatres and companies. Unlike similar products, *The Methuen Drama Dictionary of the Theatre* avoids a dry technical approach with its sprinkling of anecdotal asides and fascinating trivia, such as how Michael Gambon gave his name to a corner of a racing track following an incident on BBC's *Top Gear* programme and, under advice to actors, the sage words of Alec Guinness: 'First wipe your nose and check your flies and the equally wise guidance from the master of his art, Noël Coward: 'Just know your lines and don't bump into the furniture'. As a companion to everything from the main stage to the fringes of theatrical fact and folklore, this will prove an irresistible book to all fans of the theatre.

Stage fright sufferers from all walks of life, whether a high school freshman nervous about an oral presentation or a professional baseball player with the eyes of the world on his bat, will find consolation by understanding the commonality of their problem as well as helpful information to finally shed their inhibitions.

*A History of Chinese Theatre in the 20th Century* III Fu Jin, 2021-07-19. The twentieth century was a dynamic period for the theatrical arts in China. Booming urban theatres, the interaction between commercial practice and theatre dramas staged during the War of Resistance against Japan and a healthy dialogue between Western and Eastern theatres all contributed to the momentousness of this period. The four volumes of *A History of Chinese Theatre in the 20th Century* display the developmental trajectories of Chinese theatre over those hundred years. This volume examines national policies developed for the culture industry and practice of Chinese theatre from 1949 to the period of the Great Leap Forward. The author highlights the tension between the new nation's principle of letting one hundred flowers bloom and the theatrical industry as a tool for ideological propaganda. He argues that the transition from war time conditions to the new social structure of peace time was far from thorough and stable. Scholars and students in the history of the arts, especially the history of Chinese theatre, will find this book to be an essential guide.
