Circus Days and Nights Robert Lax, 2009-06-02 Though many hold him to be one of the greatest American poets of this century Lax has maintained a low profile living and writing in seclusion on the Greek island of Patmos In *Circus Days Nights* Lax's three great long poems on the circus *Circus of the Sun* *Mogador's Book* and *Sunset City* are collected together for the first time placing this early masterwork in the position within American literature that it so richly deserves Each of the three poems in this collection expresses a reverence for the acts of daring beauty and grace that make the circus the singular event it is What also emerges is the drawing of a link between this world of the circus wherein a tent is erected acts are performed and then the tent is disassembled only to be re-erected the next day and Lax's faith As Denise Levertov has said the radiant security of Lax's faith appears in his work as a serenity of tone

R. R. Tolkien's *The Lord of the Rings* and Muriel Spark's *Memento Mori* Each entry is written by an expert contributor and includes a biography of the writer a plot summary of a major work an extended critical discussion an overview of the work's critical reception and a selected bibliography The entries give detailed attention to particular works and explore their relation to Catholic thought The encyclopedia concludes with a selected general bibliography
