Sino Japanese Axis A New Force In Asia:

The Sino-Japanese Axis Robert Taylor, 2013-12-17 The book sets out to examine Sino Japanese relations especially since the re establishment of diplomatic ties between China and Japan in 1972 Post war political economic and cultural relations are placed in their historical context and the modernization processes in each country are compared First published in 1985 this title is part of the Bloomsbury Academic Collections series The Cambridge Handbook of Contemporary China Colin Mackerras, Amanda Yorke, 1991-05-02 The paradox of contemporary China its openness to Western technology yet its rejection of Western democratic ideals serves to make China appear remote and inaccessible to those outside The country s vast area and population only accentuate these difficulties The Cambridge Handbook of Contemporary China presents topical information on all aspects of Chinese life since 1949 with particular emphasis on the 1980s its major strength is its contemporary focus and easy to use format Useful maps and tabled statistics accompany the text which is divided into clearly defined categories Designed for students specialists educationalists journalists and those in business and government as well as the general reader the Handbook provides easy access to information on all areas of Chinese life and is a good starting point for research Japan's Growing Predominance Over East Asia and the World Economy William R. Nester, 1989-10-19 In 40 years Japan has developed from a war devastated and poverty stricken country into the second largest economy in the world This book analyzes how Japan attained its current financial and technological status and argues that Japan s supremacy over world economies will expand further *Strategic Review* , 1986 dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the United States *Japan and the Third World* William R. Nester, 1992-06-18 An analysis of how Tokyo entangles strategic countries and regions in an integrated overseas political economic web generating enormous wealth and power for Japan *Japanese Studies from Pre-History to 1990* Richard Perren, 1992 **Problems of Communism** , 1987 *China in Transition* George T. Yu, 1993-07-02 An all inclusive guide to the political and social development of modern China **China's Relations with Japan in an Era of Economic Liberalisation** Dong Dong Zhang, 1998 The main purpose of this book is to explore the influences of reform on changes in China s economic relations with Japan after the late 1970s There are three reasons for investigating the links between Chinese reform and bilateral economic relations at this particular juncture in history First in the past two decades reform has meant that China has enjoyed faster economic growth than Japan This has transformed the pattern of bilateral economic relations hitherto characterised by an industrial Japanese economy and a resource based Chinese economy a result of Japan s successful industrialisation and China s failure to industrialise in the previous hundred years Second reform has brought about the deepening of the interdependence between the Chinese economy and the world economy Through links with the world economy the Chinese economy has not only come to rely on foreign countries for technology capital markets and management skills but has itself become a growth pole exerting a strong impact on world

economic growth In the reform era economic relations between China and Japan have been woven into regional and global economic networks of trade and investment Third reform has transformed the management of China's domestic and external economic activities *Area Bibliography of China* Richard T. Wang, 1997 A combination of scholarly commercial and popular interests has generated a large quantity of literature on every aspect of Chinese life during the past two decades This bibliography reflects these combined interests it is broken up into sections by subject headings and cross references refer the researcher to related topics
