revelation and generates the energy that brings characters to a new level of self awareness The river s embankments bridges and tunnels often mark specific stages of revelation and movement in plot Entrapment and isolation contingency and communication are themes that seem born of such settings This book examines the ways in which 21 modern and postmodern writers from Tennyson to Ted Hughes from Jane Austen to Jane Gardam have made use of the physical environment of riverbank and seashore in their work It considers how each author employs the physical settings in the service of plot and character development and how those settings are used to connect with some of the major intellectual concerns of the late 19th and 20th centuries Appendices offer significant quotations from the texts under discussion arranged according to the location they describe the rural river the urban river river into sea the rural shore and the urban shore

African Abolitionist T. J. Alexander on the Ohio and Indiana Underground Railroads Paula D. Royster, Gregory M. George, 2023-01-09 Countless stories about the Liberty Lines the Underground Railroad have been written Still few ever mention the African abolitionists who established the Liberty Lines and managed the passage of thousands of self emancipating Africans safely to freedom in the early 1800s Thornton J Alexander was an African abolitionist who used the power of his freedom to liberate the physical and intellectual constraints placed on African people in colonial America His inspirational story transcends the sufferings of bondage His lifetime of risks guaranteed the promises of liberty for anyone who reached his land He knew Eliza Harris Uncle Tom s Cabin because she made her escape to freedom from his property in Indiana He allowed Bishop Paul Quinn to establish an AME church behind his family cemetery In 1845 he donated land to construct the first private black college in the U S called Union Literary Institute ULI The first African American U S Senator Hiram Revels and his brother Willis were both educated at ULI as was Rev John G Mitchell a co founder of Wilberforce University No longer hidden in the oppressive shadows of American abolitionists Thornton Alexander s story of resistance rebellion and success has finally been reclaimed from the clutches of invisibility *Till Freedom Cried Out* T. Lindsay Baker, Julie Philips Baker, 1997 The 32 reminiscences presented here provide insight into the lives of the enslaved including recollections of being sold away from parents suffering harsh punishment by overseers and living in misery *Native American Education* Lorraine Hale, 2002-07-19 This authoritative volume puts the schooling of Native American children in the broader context of the country s educational agenda and demonstrates how Native American learning continues to be a challenge to minority education in the United States This fascinating overview provides a comprehensive introduction to the education of Native Americans in the United States Historically schools were seen as essential to formal education but also as the custodians of community values a way to socialize Native Americans into the European way of life Native American Education A Reference Handbook describes the role played by various churches and missionaries and their different approaches to education against a backdrop of mostly unfamiliar social and legal history For example most Americans probably do not know that Indians helped write the Constitution and that an Indian served as vice president of the United

States Author Lorraine Hale provides strategies for preserving Indian culture within the framework of modern American education *Faith and Freedom in Galatia and Senegal* Aliou Cissé Niang, 2009-05-20 *Faith and Freedom in Galatia and Senegal* reads Galatians 2 11 15 and 3 26 29 through the lens of the 19th 20th century experiences of French colonialism by the Diola people in Senegal West Africa and portrays the Apostle Paul as a sociopostcolonial hermeneut who acted on his self understanding as God's messenger to create through faith in the cross of Christ free communities a self definition that is critical of ancient Graeco Roman and modern colonial lore that justify colonization as a divine mandate Aliou C Niang ingeniously compares the colonial objectification of his own people by French colonists to the Graeco Roman colonial objectifications of the ancient Celts Gauls Galatians and Paul's role in bringing about a different portrayal

Disciplinary: Functional Linguistic and Sociological Perspectives Frances Christie, Karl Maton, 2011-02-03 Disciplinary knowledge is under threat in the modern world Claims abound that we are entering a landscape in which the division of disciplines is obsolete implying a commitment to outdated values in scholarship Notions of discipline are critiqued as reflecting social power and representing the worldview of dominant social groups By addressing and challenging such claims this edited collection argues that proclamations of the death of disciplines have been greatly overstated Not only are the notions of disciplinaryity still important for understanding how we come to know the world but this volume demonstrates how significant disciplinaryity is to understanding different forms of knowledge if we wish to improve the building of knowledge and educational practice Using analytical tools from systemic functional linguistics theory and social realist sociology this volume illustrates how different disciplines can collaborate and cross fertilize successfully without losing their distinctive insights and disciplinary integrity The subsequent theory developed will thereby extend both linguistic and sociological approaches to the topic and make a major contribution to educational theory **Commonweal**, 1928
