Sketches In Clay For Projects By Gian Lorenzo Bernini:

Sketches in Clay for Projects by Gian Lorenzo Bernini Harvard University. Art Museums, 1999 Bernini was the greatest sculptor of the Roman baroque This book analyzes the modeling techniques gilding and latent fingerprints and composition of the clay in 15 of his works in Harvard's Fogg Art Museums **Sketches in Clay for Projects by Gian Lorenzo Bernini** Ivan Gaskell, 1999 *Material Bernini* Evonne Levy, Carolina Mangone, 2016-04-14 Bringing together established and emerging specialists in seventeenth century Italian sculpture *Material Bernini* is the first sustained examination of the conspicuous materiality of Bernini's work in sculpture architecture and paint The various essays demonstrate that material Bernini has always been tied whether theologically geologically politically or in terms of art theory to his immaterial twin Here immaterial Bernini and the historiography that sustains him is finally confronted by material Bernini Central to the volume are Bernini's works in clay a fragmentary record of a large body of preparatory works by a sculptor who denied any direct relation between sketches of any kind and final works Read together the essays call into question why those works in which Bernini's bodily relation to the material of his art is most evident his clay studies have been configured as a point of unmediated access to the artist's mind to his immaterial ideas This insight reveals a set of values and assumptions that have profoundly shaped Bernini studies from their inception and opens up new and compelling avenues of inquiry within a field that has long remained remarkably self enclosed [Gian Lorenzo Bernini](#) Charles Avery, 2010 *Bernini* Claude Douglas Dickerson (III), Gian Lorenzo Bernini, Anthony Sigel, Ian Wardropper, 2012 The brilliantly expressive clay models created by Gian Lorenzo Bernini 1598-1680 as sketches for his works in marble offer extraordinary insights into his creative imagination Although long admired the terracotta models have never been the subject of such detailed examination This publication presents a wealth of new discoveries including evidence of the artist's fingerprints imprinted on the clay resolving lingering issues of attribution while giving readers a vivid sense of how the artist and his assistants fulfilled a steady stream of monumental commissions Essays describe Bernini's education as a modeler his approach to preparatory drawings his use of assistants and the response to his models by 17th century collectors Extensive research by conservators and art historians explores the different types of models created in Bernini's workshop Richly illustrated Bernini transforms our understanding of the sculptor and his distinctive and fascinating working methods Publisher's website [Bernini Ephemeral and Preparatory Sculpture](#) Genevieve Warwick, 2025-04-29 Taking up questions of artists materials and technical processes currently at the vanguard of art historical scholarship this book studies the contiguity and interchange of workshop methods in the linked fabrication of both ephemeral and preparatory works by Bernini Genevieve Warwick argues that the ephemeral arts of ritual occasion acted as a locus of artistic experiment for the artist in many respects similar to his use of preparatory models to suggest that Bernini's artistry sprang from the fabric of ritual in both material and cultural terms From processional floats to court stage sets for the ritual occasions of church and state such ephemeral arts were largely made of

wax clay papier m ch wood stucco and plaster assembled into scenographic ensembles with textiles canvas and paint Similarly Bernini s preparatory models for marble or bronze sculpture were of plaster and clay even mud and straw or wax and painted wood as plentiful and affordable materials that were readily available for use and reuse as required This book will be of interest to scholars working in art history and Renaissance studies
