Christians in Caesar's Household Michael Flexsenhar III,2020-02-28 In this volume Michael Flexsenhar III advances the argument that imperial slaves and freedpersons in the Roman Empire were essential to early Christians self conception as a distinct people in the

Mediterranean and played a multifaceted role in the making of early Christianity Scholarship in early Christianity has for centuries viewed Roman emperors slaves and freedmen as responsible for ushering Christianity onto the world stage traditionally using Paul's allusion to the saints from Caesar's household in Philippians 4:22 as a core literary lens Merging textual and material evidence with diaspora and memory studies Flexsenhar expands on this narrative to explore new and more nuanced representations of this group showing how the long accepted stories of Christian slaves and freedpersons in Caesar's household should not be taken at face value but should instead be understood within the context of Christian myth and meaning making Flexsenhar analyzes textual and material evidence from the first to the sixth century spanning Roman Asia the Aegean rim Gaul and the coast of North Africa as well as the imperial capital itself As a result this book shows how stories of the emperor's slaves were integral to key developments in the spread of Christianity generating origin myths in Rome and establishing a shared history and geography there differentiating and negotiating assimilation with other groups and expressing commemorative language ritual acts and a material culture With its thoughtful critical readings of literary and material sources and its fresh analysis of the lived experiences of imperial slaves and freedpersons Christians in Caesar's Household is indispensable reading for scholars of early Christianity the origins of religion and the Roman Empire

Centre for Contemporary Art Singapore Justice and Righteousness in the Old Testament Ulrich Berges, 2025-06-16 The phenomena of slavery and asymmetrical dependencies in the writings of ancient Israel cannot be adequately addressed without also looking at the discourses on divine and human justice Only then does the position of the slaves in their uniqueness become clear because they are almost completely left out of the moral demand for justice that otherwise applies to the poor widows orphans and strangers Their status as property which only in exceptional cases allowed them to be considered as subjects with personal rights dominates the discourse On a theological level the phenomenon of slavery also influenced the Old Testament image of God as YHWH himself became the owner of his people Liberation from slavery in Egypt lead not to freedom but to permanent dependency on the liberating God However radical dependency on YHWH also means that the divine master must protect the righteous Otherwise YHWH would degenerate into an arbitrary tyrant The demand for justice binds the divine sovereign If one examines the discourses of justice in the Hebrew Bible about the position of slaves their deficits become particularly visible This should urge caution in declaring the biblical writings to be the forerunners of human rights Travels in Various Countries of Europe, Asia and Africa. 3.
