## **Slavery And Beyond:**

Shackles of Iron Stewart Gordon, 2016-02-11 Gordon's survey of the topic makes it clear that slavery in the Americas can be understood much better if we put it in this larger context in terms of both time and place. His chapters on East African and Mediterranean slavery are especially valuable since these were contemporary with so-called Atlantic slavery and can provide students with valid points of comparison revealing both the similarities and the variable nature of early modern bondage. The final chapter is especially timely, reminding readers that much of what we think of as enslavement hasn't really gone away but simply slipped below the radar of the world media. All in all, Gordon makes it clear that though it has arisen in different guises and at many different times and places, slavery has been and remains deeply rooted in human society. A rewarding introduction for anyone looking to better understand slavery as a world-wide institution.

Robert Davis, The Ohio State University

**Beyond Slavery** Frederick Cooper, Thomas Cleveland Holt, Rebecca J. Scott, 2014-06-30 In this collaborative work, three leading historians explore one of the most significant areas of inquiry in modern historiography: the transition from slavery to freedom and what this transition meant for former slaves, former slaveowners, and the societies in which they lived. Their contributions take us beyond the familiar portrait of emancipation as the end of an evil system to consider the questions and the struggles that emerged in freedom's wake. Thomas Holt focuses on emancipation in Jamaica and the contested meaning of citizenship in defining and redefining the concept of freedom. Rebecca Scott investigates the complex struggles and cross-racial alliances that evolved in southern Louisiana and Cuba after the end of slavery, and Frederick Cooper examines the intersection of emancipation and imperialism in French West Africa. In their introduction, the authors address issues of citizenship, labor, and race in the post-emancipation period and they point the way toward a fuller understanding of the meanings of freedom.

American Slavery, Atlantic Slavery, and Beyond Enrico Dal Lago, 2015-12-22 American Slavery, Atlantic Slavery, and Beyond provides an up-to-date summary of past and present views of American slavery in international perspective and suggests new directions for current and future comparative scholarship. It argues that we can better understand the nature and meaning of American slavery and antislavery if we place them clearly within a Euro-American context. Current scholarship on American slavery acknowledges the importance of the continental and Atlantic dimensions of the historical phenomenon, comparing it often with slavery in the Caribbean and Latin America. However, since the 1980s, a handful of studies has looked further and has compared American slavery with European forms of unfree and nominally free labor. Building on this innovative scholarship, this book treats the U.S. peculiar institution as part of both an Atlantic and a wider Euro-American world. It shows how the Euro-American context is no less crucial than the Atlantic one in understanding colonial slavery and the American Revolution in an age of global enlightenment, reformism, and revolutionary upheavals: the Cotton Kingdom's heyday in a world of systems of unfree labor and the making of radical Abolitionism and the occurrence of the American Civil War at a time when nationalist ideologies and nation-building movements were widespread.

**African Voices of the Atlantic Slave Trade** Anne Bailey, 2005-01-02 It's an awful story. It's an awful story. Why do you want to bring this up now? Chief Awusa of Atorkor. For centuries the story of the Atlantic slave trade has been filtered through the eyes and records of white Europeans. In this watershed book, historian Anne C. Bailey focuses on memories of the trade from the African perspective. African chiefs and other elders in an area of southeastern Ghana, once famously called the Old Slave Coast, share stories that reveal that Africans were traders as well as victims of the trade. Bailey argues that like victims of trauma, many African societies now experience a fragmented view of their past that partially explains the blanket of silence and shame around the slave trade. Capturing scores of oral histories that were handed down through generations, Bailey finds that although Africans were not equal partners with Europeans, even their partial involvement in the slave trade had devastating consequences on their history and identity. In this unprecedented and revelatory book, Bailey explores the delicate and fragmented nature of historical memory.

**The Atlantic and Africa** Dale W. Tomich, Paul E. Lovejoy, 2021-08-01 The Atlantic and Africa breaks new ground by exploring the connections between two bodies of scholarship that have developed separately from one another. On the one hand, the second slavery perspective that has reinterpreted the relation of Atlantic slavery and capitalism by emphasizing the extraordinary expansion of new frontiers of slave commodity production and their role in the economic, social, and political transformations of the nineteenth-century world economy. On the other hand, Africanist scholarship that has established the importance of slavery and slave trading in Africa to the political, economic, and social organization of African societies during the nineteenth century. Taken together, these two movements enable us to delineate the processes forming the capitalist world economy, establish its specific geographical and historical structure, and reintegrate Africa into the transformations in the world economy. This volume explores this paradigm at diverse levels, ranging from state formation and the reorganization of world markets to the creation of new social roles and identities.

***Slavery and Beyond*** Darién J. Davis, 1995 The slave market in Seville, while still relatively small, became one of the most active in Europe. Many called the city the New Babylon. Northern and sub-Saharan Africans comprised more than 50 percent of the inhabitants of several of Seville's neighborhoods. The African populations became so socially and politically important that in 1475 the Crown appointed Juan de Valladolid its royal servant and mayor to represent Seville's Afro-Iberian community. Churches and charities catered to its spiritual and material needs.

***Shackles of Iron*** Gordon Thomas Stewart, 2016 Introduction Slavery in ancient Athens, East African slavery, Slavery along the Barbary Coast, Slavery today, Conclusions and reflections.

***Slavery and Beyond*** Allen F. Isaacman, Barbara Isaacman, 2004 The authors lead the reader into the insecure world of East Africa as freed slaves sought new ways of supporting themselves.

**Beyond Slavery and Abolition** Ryan Hanley, 2018-11-08 The first full-length historical study of pre-abolition black British writing, this book challenges established narratives of eighteenth-century black history that focus almost exclusively on slavery and abolition. Ryan Hanley expands our perspectives to encompass the often neglected but important black writers of the time and

highlights their contribution to politics culture and the arts He considers the lives and works of contemporary black literary celebrities alongside largely forgotten evangelical authors and political radicals to uncover how they came to produce such diverse and powerful work By navigating the social religious political and professional networks that surrounded these authors and their writing he also reveals that black intellectuals were never confined to the peripheries of British culture From the decks of Royal Navy ships to the drawing rooms of country houses from the pub to the pulpit black writers and the work they produced helped to build modern Britain      **Beyond the Fields** Barbara Doyle, Mary Edna Sullivan, Tracey Todd, 2008 An examination of slavery at Middleton Place a plantation near Charleston S C Provides both general information and details about specific individuals including a list of slaves owned by the Middleton family from 1738 to 1865
