Small World An Academic Romance:

Small World David Lodge, 1984 Philip Swallow Morris Zapp Persse McGarrigle and the lovely Angelica are the jet propelled academics who are on the move in the air and on the make in David Lodge's satirical *Small World*. It is a world of glamorous travel and high excitement where stuffy lecture rooms are swapped for lush corners of the globe and romance is in the air. *Small World* David Lodge, 1987 *Small World* David Lodge, 1998-07 The book begins in April 1979 at a small academic conference at the University of Rummidge. It is the first conference that Persse McGarrigle, an innocent young Irishman who recently completed his master's thesis on T.S. Eliot, has attended. He teaches at the fictional University College Limerick after having been mistakenly interviewed because the administration sent the interview invitation to him instead of someone else with the same last name. Several important characters are introduced: Rummidge professor Philip Swallow, American professor Morris Zapp, retired American professor Sybil Maiden, and the beautiful Angelica Pabst, with whom McGarrigle falls immediately in love. Much of the rest of the book is his quest to find and win her. Angelica tells Persse that she was adopted by an executive at KLM after she was found abandoned in the washroom of an airplane in flight. Persse professes his love for her but she leaves the conference without telling him where she has gone. *The Campus Novel*, 2019-01-04 *The Campus Novel* Regional or Global presents innovative scholarship in the field of academic fiction. Whereas the campus novel is traditionally considered a product of the Anglo-American world, the present study opens a new perspective; it elucidates the intercultural exchange between the well-established Western canon of British and American academic fiction and its more recent regional response outside the Anglo-American territory. **The Grail** Dhira B. Mahoney, 2014-06-23 First published in 2000, Routledge is an imprint of Taylor & Francis, an informal company. **Text** W. S. Hill, Edward M. Burns, 2002-05 The newest volume in the distinguished annual **Ms. Mentor's New and Ever More Impeccable Advice for Women and Men in Academia** Emily Toth, 2013-03-01 Ms. Mentor, that uniquely brilliant and irascible intellectual, is your all-knowing guide through the jungle that is academia today. In the last decade, Ms. Mentor's mailbox has been filled to overflowing with thousands of plaintive epistles, rants, and gossip screeds. A mere fraction has appeared in her celebrated monthly online and print Q&A; her readers' colorful and rebellious ripostes have gone unpublished until now. Hearing the call for a follow-up to the wildly successful *Ms. Mentor's Impeccable Advice for Women in Academia*, Ms. Mentor now broadens her counsel to include academics of the male variety. Ms. Mentor knows all about foraging for jobs, about graduate school stars and jerks, and about mentors and underminers, backbiters, and whiners. She answers burning questions: Am I too old, too working class, too perfect, too blonde? When should I reproduce? When do I speak up, laugh, and spill the secrets I've gathered? Do I really have to erase my own blackboard? Does academic sex have to be reptilian? From the ivory tower that affords her an unparalleled view of the academic landscape, Ms. Mentor dispenses her perfect wisdom to the huddled masses of professorial newbies, hardbitten oldies, and anxious midcareerists. She gives etiquette lessons to academic

couples and the tough talking low down on adjunct positions She tells you what to wear how to make yourself popular and how to decode academic language She introduces you to characters you must know Professor Pelvic Dr Iron Fist Mr Upstart Whelp Dean Titan Professor McShameless In this volume Ms Mentor once again shares her wide ranging unexpurgated wisdom giving tips on bizarre writing rituals tenure diaries and time management Exploding Head Syndrome She decodes department meetings and teaches you the tricks for getting stellar teaching evaluations Raw shocking precise clever absurd Ms Mentor has it all

Brause, 2012-10-02 Increasing numbers of adults are enrolling in doctoral programmes but their earlier college lives often do not prepare them for the rules of the academic game Many have no idea what a dissertation looks like how it gets that way or what options are available to them This book is a practical guide for students who need help in progressing from the decision to write a dissertation to the planning writing and defending of it It includes samples of proposals and dissertations that have been accepted and data drawn from a number of sources including focus groups with doctoral students and graduates and responses to an open ended questionnaire from doctoral students across the United States

Lies that Tell the Truth Anne C. Hegerfeldt, 2005-01-01 Magic realism has long been treated as a phenomenon restricted to postcolonial literature Drawing on works from Britain *Lies that Tell the Truth* compellingly shows how magic realist fiction can be produced also at what is usually considered to be the cultural centre without forfeiting the mode's postcolonial attitude and aims A close analysis of works by Angela Carter Salman Rushdie Jeanette Winterson Robert Nye and others reveals how the techniques of magic realism generate a complex critique of the West's rational empirical worldview from within a Western context itself Understanding magic realism as a fictional analogue of anthropology and sociology *Lies that Tell the Truth* reads the mode as a frequently humorous but at the same time critical investigation into people's attempts to make sense of their world By laying bare the manifold strategies employed to make meaning magic realist fiction indicates that knowledge and reality cannot be reduced to hard facts but that people's dreams and fears ideas stories and beliefs must equally be taken into account

Tourism, Tradition and Culture

David Harrison,2020-11-18 David Harrison has contributed to the academic study of tourism over the last 30 years This book brings together a collection of his published material that reflects the role played by tourism in development both in societies emerging from Western colonialism and in societies previously part of the Soviet system The overarching theme looks at how promoted as a tool for development tourism can lead to conflict between competing elites but can also empower groups previously subject to constraint by traditional authorities Tradition is intensely manipulatable and always reflects power relations Such pressure on tradition is but one aspect of tourism s wider social impacts This includes changes in economic and social structure which for many constitute social problems that need to be addressed At the same time sustainability though apparently a worthy aim can be a problematic concept especially when applied to traditional cultures and may conflict with such ideals as egalitarianism

The Love of David and Jonathan James E. Harding,2016-04-08 Were David and Jonathan gay lovers This very modern question lies behind the recent explosion of studies of the David and Jonathan narrative Interpreters differ in their assessment of whether 1 and 2 Samuel offer a positive portrayal of a homosexual relationship Beneath the conflict of interpretations lies an ambiguous biblical text which has drawn generations of readers from the redactors of the Hebrew text and the early translators to modern biblical scholars to the task of resolving its possible meanings What has not yet been fully explored is the place of David and Jonathan in the evolution of modern Western understandings of same sex relationships in particular how the story of their relationship was read alongside classical narratives such as those of Achilles and Patroclus or Orestes and Pylades The Love of David and Jonathan explores this context in detail to argue that the story of David and Jonathan was part of the process by which the modern idea of homosexuality itself emerged

Knowledge and Networking Anton Oleinik,2017-07-14 Success and career growth in academic life depend upon reaching and influencing the widest audience possible To do so scientists strive to develop personalized trust They do so by establishing a large number of connections through networking and also through the strength of their arguments and the validity and reliability of their research To secure increasingly rare tenure positions and achieve salary increases promotions and recognition scholars place themselves on a continuum of priorities ranging from total emphasis on networking to complete focus on advancing knowledge trying to find some middle ground between the two extremes Anton Oleinik argues that when scholars prioritize networking science reproduces features of a small world in which personal connections prevail Who knows whom matters more than who knows what In this scenario one s status derives more from affiliation with a specific group of scholars or a particular university than from contributing to advancing knowledge Acknowledging that it would be a mistake to consider networking the main source of evils in science Oleinik instead criticizes the decisions scholars make while struggling to find that middle ground between networking and advancing knowledge and managing conflicts between these priorities The fierce competition for increasingly scarce research funds and the difficulty of finding jobs in academia underlines the growing importance of the choices made by an academic Though

Oleinik focuses particularly on the social sciences his ideas are just as relevant to other disciplinary areas **Humor in Twentieth-Century British Literature** Don Lee Fred Nilsen, Ralph Ellison, 2000-03-30 Analyzes humor in literary works by British authors of the 20th century and provides extensive bibliographical information *Critical Administration in Higher Education* Jay Brower, W. Anderson, 2016-08-01 The French administrative language of the European Union is an emerging discourse it is only fifty years old and has its origins in the French administrative register of the middle of the twentieth century but it is also a unique contact situation in which translation has always played a pivotal role Using the methodology of corpus linguistics and a specially compiled corpus of texts covering a range of genres this book describes the current discourse of EU French from the perspective of phraseology and collocational patterning and in particular in comparison with its French national counterpart Corpus methodology and an inclusive notion of phraseology embracing typical formulae locutions and patterning around keywords reveal subtleties and patterns which otherwise remain hidden and point to a discourse of EU French whose novel context of production has led it to be phraseologically conservative compared with the administrative
