Third Edition is a popular and practical guide to working with people suffering from depression. The book is based on a wealth of research into evolutionary cognitive behavioural and emotion focused approaches to depression. It outlines how to work with general negativity, sense of failure and abandonment and feelings of powerlessness, anger, shame and guilt. The book examines the essential stages of the therapeutic process from conceptualization and formulation through to a wide variety of interventions for different types of difficulty. It has been greatly revised, expanded and updated for the Third Edition and explores in depth the biopsychosocial processes underpinning depression. It shows how a compassionate mind approach can be incorporated into different types of therapy. It includes a new chapter focusing on the role of the therapeutic relationship including therapeutic dialogues. It features detailed guidance with case examples on how to work with a wide variety of depressions. *Psychotherapy and Counselling for Depression* Third Edition is an essential resource and comprehensive guide for practitioners and anyone involved with treating depression. Paul Gilbert is Professor of Psychology in the Mental Health Research Unit at Kingsway Hospital Derby.

The Reporter, 2009 **The Armed Forces Covenant in action? Part 1: Military casualties** Great Britain: Parliament: House of Commons: Defence Committee, 2011-12-15. The Government must show how the excellent medical care being delivered to injured service personnel will continue long after the memory of the Afghan Operation fades. This report, which gives praise to the first class medical treatment provided for the Armed Forces, questions whether the support for injured personnel will be sustainable over the long term. In particular, the committee is concerned about the number of people who may go on to develop severe and life limiting physical, mental health, alcohol or neurological problems. There is still a question mark over whether the Government as a whole fully understands the likely future demands and related costs.
