Some Sort Of Genius:

Some Sort of Genius Paul O'Keeffe, 2015-06-01 A man of undoubted genius T S Eliot said of Wyndham Lewis but genius for what precisely it would be remarkably difficult to say Painter and draughtsman novelist satirist pamphleteer and critic Wyndham Lewis's multifarious activities defy easy categorization He launched the only twentieth century English avant garde art movement Vorticism in 1914 Brilliant both as painter and writer the precise mechanistic formality of his visual style crossed over into a unique satirical prose which emphasizing the external turned his characters into automata It enabled Lewis to pit himself against a prevailing orthodoxy the stream of consciousness technique favoured by contemporaries as diverse as James Joyce Virginia Woolf and Gertrude Stein Combining years of research with dry wit and creative storytelling Paul O'Keeffe's *Some Sort of Genius* crackles with intense details of Lewis's work life and times simultaneously dismantling longstanding assumptions about his subject and offering brilliant new perspectives Employing narrative creativity that reinvents the genre of biography itself O'Keeffe delivers an unparalleled portrait that does full justice to Lewis's complexity Throughout O'Keeffe's definitive account readers will be introduced to one of the most compelling and misunderstood figures of twentieth century modernism

Portraits from Life Jerome Boyd Maunsell, 2018-01-05 What happens when novelists write about their own lives directly in memoirs and autobiographies rather than in novels How do they present themselves and what do their self portraits reveal In a series of biographical case studies *Portraits from Life* examines how seven canonical Modernist writers Joseph Conrad Ford Madox Ford Henry James Wyndham Lewis Gertrude Stein H G Wells and Edith Wharton depicted themselves in their memoirs and autobiographies during the first half of the twentieth century Drawing on a range of life writing sources in this innovative group portrait Jerome Boyd Maunsell reconstructs the periods during which these authors worked on their memoirs often towards the end of their lives and shows how memoirs and autobiographies are just as artful as novels The seven portraits in the book also create a rich network of encounters as many of these writers knew each other and wrote about each other in their reminiscences *Portraits from Life* investigates the difficulties and possibilities of autobiography the relation of fact and fiction biography and autobiography the ethical issues of dealing with real people the thin generic lines between novels and autobiographies and the deceptive workings of memory and how all these writers dealt with these concerns as they looked back on their lives An act of portraiture and biography as well as an act of criticism moving from London to Paris and through two world wars it also pieces together a fresh and constantly inter connecting narrative of the Modernist era in England and France
