Some Modern Faiths Pocketbooks:

Living with Siva Pocketbook , **Modern South Asian Thinkers** Dev Nath Pathak, Sanjeev Kumar H.M, 2025-10-30

This exceptional anthology brings together a collection of insightful expositions on modern South Asian thinkers and thoughts. Employing an encyclopedic approach, this volume delves deep into the intellectual history of South Asia, transcending traditional academic perspectives and exploring a rich tapestry of ideas from various sources across time. The book departs from the imported ideas of South Asia by delving into the diverse intellectual heritage of the region pertaining to political thinkers, social and cultural thinkers, and activists. Historically, the book aids in approaching the enduring social and political challenges in South Asia. Drawing from an extensive array of works, including polemics, commentaries, literary accounts, politics, and poetics, modern thoughts in South Asia provide systematic solutions to the perennial issues that shape the region. The curatorial consequence of the modern thoughts from the region put together in this compendium is a collective consciousness of South Asia as an offspring of the epistemological interface between region and universe. The readers of this book shall arrive at a profound insight into the social, political, and cultural intricacies, the transformative power of ideas, and their enduring influence on the development of the region. This book would be useful to students, researchers, and teachers working in the field of political science, philosophy, history, and sociology in varied course curricula, such as Indian political thought, Eastern philosophy, South Asian thought, political thinkers, and modern political thought.

The Christian Century , 1928 *People of Faith* John Schmalzbauer, 2018-10-18 Over the past two decades, a host of critics have accused American journalism and higher education of being indifferent, even openly hostile, to religious concerns. These professions more than any others are said to drive a wedge between facts and values, faith and knowledge, the sacred and the secular. However, a growing number of observers are calling attention to a religious resurgence; journalists are covering religion more frequently, and religious scholars in academia are increasingly visible. John Schmalzbauer provides a compelling investigation of the role of Catholic and evangelical Protestant beliefs in the newsroom and the classroom. His interviews with forty prominent journalists and academics reveal how some people of faith seek to preserve their religious identities in purportedly secular professions. What impact does their Christianity have on their jobs? What is the place of personal religious conviction in professional life? Individuals featured include the journalists Fred Barnes, Cokie Roberts, Peter Steinfels, Cal Thomas, and Kenneth Woodward, and the scholars John DiIulio, Elizabeth Fox-Genovese, Andrew Greeley, George Marsden, and Mark Noll. Some of the journalists and academics with whom Schmalzbauer spoke qualified displays of personal religious belief with reminders of their own professional credibility, drawing a line between advocacy and objectivity. Schmalzbauer highlights the persistent tensions between the worlds of public endeavor and private belief, yet he maintains there is room for faith even in professional environments that have tended to prize empiricism and detachment over

expressions of personal conviction **Religion, Faith and Crime** Kim Sadique, Perry Stanislas, 2016-05-28 This unique collection brings together international contributors from a range of disciplines to explore crime and responses to crime through a religious faith based lens At a time when religion is under the media spotlight in terms of religiously motivated hate crime terrorism and child abuse this book provides an important platform for academic debate It examines these and other key issues including faith as a coping strategy religion as a motivating factor and the role of religion and morality in shaping criminal justice responses This collection clearly places religion faith at the heart of criminological enquiry and illustrates its relevance in addressing wider social issues and would be of benefit to students and academics researching or studying in these areas It will also be of interest to community and criminal justice practitioners and those with an interest in community engagement and multi faith work **The Popular Book** James D. Hart, 2022-07-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1950 Global Rebellion Mark Juergensmeyer, 2008-05-16 Why has the turn of the twenty first century been rocked by a new religious rebellion From al Qaeda to Christian militias to insurgents in Iraq a strident new religious activism has seized the imaginations of political rebels around the world Building on his groundbreaking book *The New Cold War Religious Nationalism Confronts the Secular State* Mark Juergensmeyer here provides an up to date road map through this complex new religious terrain Basing his discussion on interviews with militant activists and case studies of rebellious movements Juergensmeyer puts a human face on conflicts that have become increasingly abstract He revises our notions of religious revolution and offers positive proposals for responding to religious activism in ways that will diminish the violence and lead to an accommodation between radical religion and the secular world The Christian Century, 1941 **Pocketbook Politics** Meg Jacobs, 2007-02-20 How much does it cost We think of this question as one that preoccupies the nation s shoppers not its statesmen But as *Pocketbook Politics* dramatically shows the twentieth century American polity in fact developed in response to that very consumer concern In this groundbreaking study Meg Jacobs demonstrates how pocketbook politics provided the engine for American political conflict throughout the twentieth century From Woodrow Wilson to Franklin Roosevelt to Richard Nixon national politics turned on public anger over the high cost of living Beginning with the explosion of prices at the turn of the century every strike demonstration and boycott was in effect a protest against rising prices and inadequate income On one side a reform coalition of ordinary Americans mass retailers and national politicians fought for laws and policies that promoted militant unionism government price controls and a Keynesian program of full employment On the other small businessmen fiercely resisted this low price high wage agenda that threatened to bankrupt them This book recaptures this dramatic struggle beginning with the immigrant Jewish Irish and Italian women

who flocked to Edward Filene's famous Boston bargain basement that opened in 1909 and ending with the Great Inflation of the 1970s *Pocketbook Politics* offers a new interpretation of state power by integrating popular politics and elite policymaking Unlike most social historians who focus exclusively on consumers at the grass roots Jacobs breaks new methodological ground by insisting on the centrality of national politics and the state in the nearly century long fight to fulfill the American Dream of abundance
