Speak English Marie Durel,1979 **Ranjesh's Practical Golden Global English Speaking Course for Trainers & Trainees** Ranjesh Kumar,2020-11-05 **Addressing Global Challenges - Exploring Socio-Cultural Dynamics and Sustainable Solutions in a Changing World** Parfait M. Eloundou-Enyegue,2024-07-04 The International Symposium on Humanities and Social Sciences Addressing Global Challenges Exploring Socio Cultural Dynamics and Sustainable Solutions in a Changing World ISHSS 2023 unfolds as a crucial academic undertaking centred around the overarching theme of intellectual synergy and inquiry This conference serves as a vibrant forum facilitating discussions on a wide array of subjects within the realms of humanities and social sciences The curated collection of proceedings encapsulates an expansive spectrum of subject areas transcending disciplinary boundaries to encapsulate sociology anthropology history and beyond The significance of this compilation lies not only in the wealth of knowledge it imparts but also in its potential to resonate with a diverse audience From academicians to practitioners the discourse transcends traditional boundaries offering insights that cater to the intellectual curiosity of a broad audience The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license A PRACTICAL COURSE IN ENGLISH PRONUNCIATION J. SETHI,KAMLESH SADANAND,D. V. JINDAL,2004-01-01 English enjoys a preeminent position today among world languages However even the large populations that are proficient in the vocabulary and grammar of English are not equally proficient in the pronunciation of the language This adult population is the target audience of this book Based on the RP Received Pronunciation model the most widely understood English pronunciation across the world this systematically organized and lucidly written text covers the entire range from sound to connected speech i e dialogues anecdotes passages and short speeches The book is in two parts Part I deals with all important aspects of English pronunciation Part II comprises a pronouncing dictionary Intended for adult learners of English the book chiefly aims at remediation and most of the practice materials and exercises are given with this end in view Besides with the help of numerous listening exercises the course sharpens the learners ability to comprehend spoken English with ease thereby training them to face real life situations for example interviews with confidence and competence Announcement University of Michigan. Smith,2005 This set includes the works of

neglected theorists such as Horace Wyatt and Michael West This set complements English as a Foreign Language Teaching 1912 1936 Pioneers of ELT **A COURSE IN PHONETICS AND SPOKEN ENGLISH** J. SETHI, P. V. DHAMIJA, 1999-01-01 This much improved revised edition of the book takes into account the needs of the student in the context of the present curricula followed in various universities and English language teaching institutes This edition therefore devotes a new chapter to Assimilation a section to Tones in relation to Attitudes and highlights certain important aspects of pronunciation such as rules of word accentuation Starting with general phonetics the book goes on to give a brief functional account of general phonology and then a selective and yet fairly exhaustive description of the phonetics and phonology of English It also provides a number of conversational passages in phonetic script as well as in ordinary spelling for practice in reading aloud What sets this text apart is its novelty of approach and lucidity of treatment English pronunciation is followed as per the Received Pronunciation of England This text is specially designed for postgraduate students of English undergraduate and postgraduate students of Linguistics and for those undergoing secondary and tertiary level teachers training programmes in English **The Lowdown on China's Higher Education** Martin Wolff, 2011-07-12 Obviously you are not chanting the exultations of China which many of my country people are used to listening to A Chinese scholar recognizes that this book is not a further attempt to curry favor with China by tickling its leaders ears This book examines what is right and the truth about what is wrong with English language education in Chinese colleges and universities As our Chinese colleague further states Most Chinese are learning English like one learning swimming ashore We have been writing about these shortcomings for ten years It arises because administrators posted to their positions due to party affiliation and good standing are basically ignorant of administration and educational matters The VIPs of EEC believe that they know while they don't what are under their supervision the professionals of EEC believe that what they are doing academically is helpful while it's not The two types are making the common non professional people believe that they are knowingly reliable while they are not The educated as well as the illiterate do not know what to do and what not to do what is correct and what is wrong what is worthy and what is not etc The weakness from the historical perspective is also a consequence of modern Chinese history whose knowledge most Chinese people are poor at but reluctant to admit This book could not be published within China due to its truthfulness Teaching and the Case Method Louis B. Barnes, Carl Roland Christensen, Abby J. Hansen, 1994 This third edition of Teaching and the Case Method is a further response to increased national and international interest in teaching teachers and learning as well as the pressing need to enhance instructional effectiveness in the widest possible variety of settings Like its predecessors this edition celebrates the joys of teaching and learning at their best and emphasizes the reciprocal exchange of wisdom that teachers and students can experience It is based on the belief that teaching is not purely a matter of inborn talent On the contrary the knowledge skills and attitudes that make for excellence in teaching can be analyzed abstracted and learned One key premise of Teaching and the Case Method is that all teaching and learning involve

a core of universally applicable principles that can be discerned and absorbed through the study and discussion of cases
