Brooks,2019-06-12 World missions needs a fully biblical ethos This is the contention of the editors of and contributors to World Mission a series of essays aimed at reforming popular approaches to missions In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments arguing that the theology of each must stand in the foreground of missions not recede into the background In the second they unfold the Great Commission in sequence detailing how it determines the biblical strategy of all mission enterprises Finally they treat current issues in world missions from the perspective of the sufficiency of Scripture Altogether this book aims to reform missions to be thoroughly not just foundationally biblical a needed correction even among the sincerest missionaries **Stancetaking in Discourse**

Robert Englebreton,2007 This volume contributes to the burgeoning field of research on stance by offering a variety of studies based in natural discourse These collected papers explore the situated pragmatic and interactional character of stancetaking and present new models and conceptions of stance to spark future research Central to the volume is the claim that stancetaking encompasses five general principles it involves physical attitudinal and or moral positioning it is a public action it is inherently dialogic interactional and sequential it indexes broader sociocultural contexts and it is consequential to the interactants Each paper explores one or more of these dimensions of stance from perspectives including interactional linguistics and conversation analysis corpus linguistics language description discourse analysis and sociocultural linguistics Research languages include conversational American English colloquial Indonesian and Finnish The understanding of stance that emerges is heterogeneous and variegated and always intertwined with the pragmatic and social aspects of human conduct Grammar of Spoken and Written English Douglas Biber,Stig Johansson,Geoffrey N. Leech,Susan Conrad,Edward Finegan,2021-11-15 The completely redesigned Grammar of Spoken and Written English is a comprehensive corpus based reference grammar GSWE describes the structural characteristics of grammatical constructions in English as do other reference grammars But GSWE is unique in that it gives equal attention to describing the patterns of language use for each grammatical feature based on empirical analyses of grammatical patterns in a 40 million word corpus of spoken and written registers Grammar in use is characterized by three inter related kinds of information frequency of grammatical features in spoken and written registers frequencies of the most common lexico grammatical patterns and analysis of the discourse factors influencing choices among related grammatical features GSWE includes over 350 tables and figures highlighting the

results of corpus based investigations Throughout the book authentic examples illustrate all research findings The empirical descriptions document the lexico grammatical features that are especially common in face to face conversation compared to those that are especially common in academic writing Analyses of fiction and newspaper articles are included as further benchmarks of language use GSWE contains over 6 000 authentic examples from these four registers illustrating the range of lexico grammatical features in real world speech and writing In addition comparisons between British and American English reveal specific regional differences Now completely redesigned and available in an electronic edition the Grammar of Spoken and Written English remains a unique and indispensable reference work for researchers language teachers and students alike
