Speaking In Tongues A Cross Cultural Study Of Glossolalia:

Speaking in Tongues Felicitas D. Goodman, 2008-04-15 Speaking in tongues or glossolalia is practiced in many different religions around the world Dismissed as meaningless gibberish by some observers it has been the subject of only a few fragmentary studies The work of Felicitas D Goodman represents the first cross cultural analysis of this enigmatic behavior and she brings to her research an extensive background in linguistics and anthropology Dr Goodman s fieldwork included living with apostolic congregations in Mexico City in the Yucatan with Maya Indians and visits with a congregation in Hammond Indiana Her observations were preserved on a remarkable collection of sound recordings and films For this book she presents a selection of conversion stories that highlights the personality structure and experiences of the speakers A detailed analysis of the phonological and suprasegmental features of the recorded utterances show a surprising cross cultural agreement This led Goodman to believe that glossolalists speak the way they do because their speech behavior is modified in a particular mental state often termed trance into which they place themselves In this light the glossolalia utterance is seen as an artifact of a hyperaroused mental state or in Chomskyan terms as the surface structure of a nonlinguistic deep structure that of the altered state of consciousness Goodman describes the hyperaroused mental state as a neurophysiological phenomenon as well as the associated patterns of movement and the problems of waking from it Goodman s diachronic approach yielded equally surprising data about the changes and the waning of the behavior over time But as she observes we have barely touched the edge of a very large area of inquiry Her fascinating study opens a number of new avenues of research for anthropologists such as the study of physiological states accompanying linguistic and ritual behavior

Speaking in Tongues Felicitas D. Goodman, 1972 *Speaking in tongues* Felicitas D. Goodman, 1972 **The Impact of Bodily Experience on Paul's Resurrection Theology** Kai-Hsuan Chang, 2021-09-23 Kai Hsuan Chang engages with the longstanding scholarly debate concerning the development of Paul s resurrection theology by investigating the correlation between his bodily experiences and his diverse articulations about resurrection Drawing on insights from cognitive linguistics Chang considers Paul s ideas about resurrection as fundamentally grounded in recurrent patterns of bodily experience arguing that such experience of some religious activities in Paul s time death rites spirit possession and baptism contributed to the formation and development of his resurrection theology Chang demonstrates that developments in Paul s ideas about bodily transformation at resurrection reflected in 1 Corinthians 15 resulted from a change in the experiential patterns on which his new idea is constructed rather than transformation during heavenly ascent as seen in Jewish traditions of resurrection He thus applies cognitive linguistic tools to two considerations first whether Paul had contextual reasons to generate his innovation in 1 Corinthians 15 and second whether Paul s innovation recurred or had continual effects in Christian groups In so doing Chang shows that Paul s innovation directly addressed a contextual issue of death rites in Corinth and exerted a continuing effect on Paul s later ideas of transformation spirit possession and baptism

Ritual and Religious Experience in Early Christianities David John McCollough, 2022-09-19 In this volume David John McCollough challenges the common assumptions that Paul thought the Spirit was communicated through water baptism that justification was non experiential and unrelated to ritual that Luke was incoherent or a poor editor and that water baptism was the cardinal initiation rite among early Christianities **The First Christians in Their Social Worlds** Philip F. Esler, 2002-11-01 First published in 1994 Routledge is an imprint of Taylor Francis an informa company ***Miracles : 2 Volumes*** Craig S. Keener, 2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook.com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume s argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports **Acts: An Exegetical Commentary : Volume 2** Craig S. Keener, 2013-10-15 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the second of four Keener continues his detailed exegesis of Acts utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries ***Advances in the Psychology of Religion*** Michael Argyle, 2013-10-22 This collection of previously unpublished papers written by well known researchers in the psychology of religion is unique in its broad coverage and in its comparison between quite different and strictly theoretical perspectives The subjects range from theoretical analyses of social science perspectives on religion and its methods to reports of experimental correlational or descriptive studies of religious experience and attitudes The emphasis throughout is on the directions in which this work might move in the future

Religion in Personality Theory Frederick Walborn, 2013-12-03 Religion in Personality Theory makes clear the link between theory and research and personality and religion Presently most personality texts have a limited discussion of religion and reference few theorists other than Freud and Maslow in relation to the subject This book reviews the theory and the empirical literature on the writings of 14 theorists Every chapter concludes with a summation of the current research on the theorist s proposals Reviews Frederick Walborn has written an excellent text that explores the degree to which classical

personality theorists were personally influenced by and focused upon religion in developing their personality theories Each theorist is presented in sufficient detail so that their personal views of religion are seen to influence the theories they developed In addition the current status of the empirical evidence in the psychology of religion is explored in the context of the theorist and theory to which the data is most relevant Current and up to date this text is appropriate for either a course in Personality or as an introduction to the Psychology of Religion The author s own comprehensive theory of religion and spirituality creatively integrates the positive contributions of the classical personality theorist to the contemporary psychology of religion Ralph W Hood Jr Professor of Psychology University of Tennessee at Chattanooga In this interesting and accessible book Frederick Walborn thoughtfully probes the place of religion and spirituality in the writings of a broad range of classical psychological thinkers and offers an insightful critique of current empirical research on the complex relation of religion and spirituality to individual well being Michele Dillon Ph D Professor and Chair Department of Sociology University of New Hampshire Durham New Hampshire Identifies what major personality theorists say about religion Investigates whether evidence supports or refutes predictions made by different theories Concludes with a comprehensive integrative theory on religion and spirituality *Serpent Handling Believers* Thomas G Burton,2025-03-14 In some remote churches in East Tennessee and nearby states Jesus words in the sixteenth chapter of Saint Mark are taken literally and they shall take up serpents and if they drink any deadly thing it shall not hurt them Members of these churches describe themselves as Pentecostal Holiness autonomous groups of Christians with strong traditional religious views and a fundamentalist approach to biblical interpretation Their strong faith is based largely on personal experience Handling serpents and fire laying on the hands of healing speaking in tongues and drinking poison are seen as acts of Christian obedience that demonstrate the power of the Holy Spirit In the past these very religious people have often been distorted by the media as members of a snake religion or a snake cult because of their unorthodox beliefs and practices Thomas Burton seeks to present a more balanced view of this generally misunderstood group in this in depth study of serpent handlers and their religious culture Using both oral history and scholarly research Burton traces the evolution of Christian serpent handling from its apparent beginning in East Tennessee and explores legal and ethical issues associated with this and other unorthodox practices allowing participants to speak for themselves through personal interviews The result is both a dramatic presentation through vivid photography and a thorough analytical insight into the serpent handlers culture **The Geography of Madness** Frank Bures,2016-04-26 Why do some men become convinced despite what doctors tell them that their penises have simply disappeared Why do people across the world become convinced that they are cursed to die on a particular date and then do Why do people in Malaysia suddenly run amok In *The Geography of Madness* acclaimed magazine writer Frank Bures investigates these and other culture bound syndromes tracing each seemingly baffling phenomenon to its source It s a fascinating and at times rollicking adventure that takes the reader around the world and deep into the oddities

of the human psyche What Bures uncovers along the way is a poignant and stirring story of the persistence of belief fear and hope

The Oxford Handbook of Early Christian Ritual Rikard Roitto, 2018-11-08 Scholars of religion have long assumed that ritual and belief constitute the fundamental building blocks of religious traditions and that these two components of religion are interrelated and interdependent in significant ways Generations of New Testament and Early Christian scholars have produced detailed analyses of the belief systems of nascent Christian communities including their ideological and political dimensions but have by and large ignored ritual as an important element of early Christian religion and as a factor contributing to the rise and the organization of the movement In recent years however scholars of early Christianity have begun to use ritual as an analytical tool for describing and explaining Christian origins and the early history of the movement Such a development has created a momentum toward producing a more comprehensive volume on the ritual world of Early Christianity employing advances made in the field of ritual studies The Oxford Handbook of Early Christian Ritual gives a manifold account of the ritual world of early Christianity from the beginning of the movement up to the fifth century The volume introduces relevant theories and approaches central topics of ritual life in the cultural world of early Christianity and important Christian ritual themes and practices in emerging Christian groups and factions

The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements *Fields in Motion* Dena Davida, 2011-10-01 *Fields in Motion* Ethnography in the Worlds of Dance examines the deeper meanings and resonances of artistic dance in contemporary culture The book comprises four sections methods and methodologies autoethnography pedagogies and creative processes and choreographies as cultural and spiritual representations The contributors bring an insiders insight to their accounts of the nature and function of these artistic practices giving voice to dancers dance teachers creators programmers spectators students and scholars International and intergenerational this collection of groundbreaking scholarly research points to a new direction for both dance studies and dance anthropology Traditionally the exclusive domain of aesthetic philosophers the art of dance is here reframed as cultural practice and its significance is revealed through a chorus of voices from practitioners and insider ethnographers [The Spirit Renews the Face of the Earth](#) Amos Yong, 2009-04-01 The twelve chapters here represent both Pentecostal reflections responses to the science religion discussion and Pentecostal contributions to the ongoing exchange by biblical studies specialists historians and theologians among those trained in other disciplines Together the essayists model an actual dialogue in which

Pentecostal scholarly reflection is impacted by science religion discourses on the one hand while Pentecostals reach deep into their own tradition to explore how their pre understandings and commitments might enable them to speak with their own voice into pre existing conversations on the other hand From publisher s description

Studying Global

Pentecostalism Allan Anderson, Michael Bergunder, Andre F. Droogers, Cornelis van der Laan, 2010-09-24 With its remarkable ability to adapt to many different cultures Pentecostalism has become the world s fastest growing religious movement More than five hundred million adherents worldwide have reshaped Christianity itself Yet some fundamental questions in the study of global Pentecostalism and even in what we call Pentecostalism remain largely unaddressed Bringing together leading scholars in the social sciences history and theology this unique volume explores these questions for this rapidly growing multidisciplinary field of study A valuable resource for anyone studying new forms of Christianity it offers insights and guidance on both theoretical and methodological issues The first section of the book examines such topics as definitions essentialism postcolonialism gender conversion and globalization The second section features contributions from those working in psychology anthropology sociology and history The third section traces the boundaries of theology from the perspectives of pneumatology ecumenical studies inter religious relations and empirical theology
