In *The American Midwest in Film and Literature: Nostalgia, Violence, and Regionalism* Adam R Ochonicky provides a critical overview of the evolution, contestation, and fragmentation of the Midwest's symbolic and often contradictory meanings. Using the frontier writings of Frederick Jackson Turner as a starting point, this book establishes a succession of Midwestern filmic and literary texts stretching from the late 19th century through the beginning of the 21st century and argues that the manifold properties of nostalgia have continually transformed popular understandings and ideological uses of the Midwest's place identity. Ochonicky identifies three primary modes of nostalgia at play across a set of textual objects: the projection of nostalgia onto physical landscapes and into the cultural sphere; nostalgic spatiality; nostalgia as a cultural force that regulates behaviors, identities, and appearances; nostalgic violence; and the progressive potential of nostalgia to generate an acknowledgment and possible rectification of ways in which the flawed past negatively affects the present. Nostalgic atonement. While developing these new conceptions of nostalgia, Ochonicky reveals how an under-examined area of regional study has received critical attention throughout the histories of American film and literature as well as in related materials and discourses. From the closing of the Western frontier to the polarized political and cultural climate of the 21st century, this book demonstrates how film and literature have been and continue to be vital forums for illuminating the complex interplay of regionalism and nostalgia. Ochonicky presents an important reading of how nostalgia shapes the Midwest in the American imagination as a place of identity and violence. Past and present slip in this compelling and well-researched approach to the workings of contemporary culture.

Vera Dika, author of *Recycled Culture in Contemporary Art and Film: The Use of Nostalgia*. By centering the concept of region, Adam Ochonicky provides an insightful and refreshing reading of American popular culture. In texts ranging from Richard Wright's *Native Son* to John Carpenter's *Halloween*, Ochonicky demonstrates the complex terrain of the Midwest in our cultural imaginary and the diverse memories and meanings we project upon it.

Kendall R Phillips, author of *A Place of Darkness: The Rhetoric of Horror in Early American Cinema*, Syracuse University. [The Moving Picture World](#), 1915. [Asian American History and Culture: An Encyclopedia](#) Huping Ling, Allan W.

Austin, 2015-03-17 With overview essays and more than 400 A-Z entries, this exhaustive encyclopedia documents the history of Asians in America from earliest contact to the present day. Organized topically by group, with an in-depth overview essay on each group, the encyclopedia examines the myriad ethnic groups and histories that make up the Asian American population in the United States. Asian American History and Culture covers the political, social, and cultural history of immigrants from East Asia, Southeast Asia, South Asia, the Pacific Islands, and their descendants, as well as the social and cultural issues faced by Asian American communities, families, and individuals in contemporary society. In addition to entries on various groups and cultures, the encyclopedia also includes articles on general topics such as parenting and child-rearing, assimilation, and acculturation, business, education, and literature. More than 100 images round out the set.
