## **Special Agent Gay And Inside The Fbi:**

A Special Agent Frank Butтино, Lou Butтино, 1993 Chronicles the sloppy investigation termination and still pending lawsuit of a conservative homosexual FBI agent whose work had been acknowledged as superior *Hoover's War on Gays* Douglas M. Charles, 2015-09-18 At the FBI the Sex Deviates program covered a lot of ground literally at its peak J Edgar Hoover's notorious Sex Deviates file encompassed nearly 99 cubic feet or more than 330 000 pages of information In 1977 1978 these files were destroyed and it would seem that four decades of the FBI's dirty secrets went up in smoke But in a remarkable feat of investigative research synthesis and scholarly detective work Douglas M Charles manages to fill in the yawning blanks in the bureau's history of systematic some would say obsessive interest in the lives of gay and lesbian Americans in the twentieth century His book *Hoover's War on Gays* is the first to fully expose the extraordinary invasion of US citizens' privacy perpetrated on a historic scale by an institution tasked with protecting American life For much of the twentieth century when exposure might mean nothing short of ruin gay American men and women had much to fear from law enforcement of every kind but none so much as the FBI with its inexhaustible federal resources connections and its carefully crafted reputation for ethical by the book operations What *Hoover's War on Gays* reveals rather is the FBI's distinctly unethical off the books long term targeting of gay men and women and their organizations under cover of official rationale such as suspicion of criminal activity or vulnerability to blackmail and influence The book offers a wide scale view of this policy and practice from a notorious child kidnapping and murder of the 1930s ostensibly by a sexual predator with homosexual tendencies educating the public about the threat of deviates through WWII's security concerns about homosexuals who might be compromised by the enemy to the Cold War's Lavender Scare when any and all gays working for the US government shared the fate of suspected Communist sympathizers Charles's work also details paradoxical ways in which these incursions conjured counterefforts like the Mattachine Society ONE Inc and the Daughters of Bilitis aimed at protecting and serving the interests of postwar gay culture With its painstaking recovery of a dark chapter in American history and its new insights into seemingly familiar episodes of that story involving noted journalists politicians and celebrities this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done in the name of decency

Do Ask, Do Tell Bill Boushka,2000 The original Bill of Rights sponsored largely by James Madison is now about 210 years old Reinforced by the Fourteenth Amendment which eventually applied many of its provisions to the states it has served us well It is time to re evaluate our fundamental constitutional rights and to seriously consider their major renovation This is my central proposal Are we ready to trust ourselves as individuals with the personal responsibilities that go with rights When

government defines personal moral values we tend to take less account for not only our own actions but also our own underlying values for those spiritual yearnings that make us all unique people who we are We tend to lose interest in speaking for ourselves and tend to leave moral judgments to experts who get paid to pass judgment on all of us I discuss a philosophy often called libertarianism of extremely restricted government I present it from the personal perspective of a gay man who grew up in a period of enormous change and migration toward cultural individualism My argument is intended for everyone but I provide my own detailed perspectives on many issues The parallel between draft deferments during the Vietnam era and the gays in the military battle today How close the gay community as we know it came to total catastrophe during the early days of AIDS crisis What the family values debate is really all about Volunteerism and social obligations and how both military service and parenting fit into these What discrimination is really all about How the Don't Tell mentality interferes with political and social debate in many areas Why equal rights for gays is important for everybody A science of personal growth and why libertarianism is good for personal growth

**Ike's Mystery Man** Peter Shinkle, 2022-01-18 The Cold War The Lavender Scare and the Untold Story of Eisenhower's First National Security Advisor President Eisenhower's National Security Advisor Robert Bobby Cutler working alongside Ike and also the Dulles brothers at the CIA and State Department shaped US Cold War strategy in far more consequential ways than previously understood A lifelong Republican Cutler also served three Democratic presidents A charming raconteur he was a tight lipped loyalist who worked behind the scenes to get things done Cutler was in love with a man half his age naval intelligence officer and NSC staffer Skip Koons Cutler poured his emotions into a six volume diary and dozens of letters that have been hidden from history Steve Benedict who was White House security officer Cutler's friend and Koons' friend and former lover preserved Cutler's papers All three men served Eisenhower at a time when anyone suspected of sexual perversion i.e. homosexuality was banned from federal employment and vulnerable to security sweeps by the FBI This gripping account reveals in fascinating detail Cutler's intimate thoughts and feelings about US efforts to confront Soviet expansion and aggression while having to contend with the reality that tens of millions of people would die in a first nuclear strike and that a full nuclear exchange would likely lead to human extinction And Shinkle recounts with sensitivity the daily challenges and personal dramas of a small but representative group of patriotic gay men who were forced to hide essential aspects of who they were in order to serve a president they admired and a country they loved
