Lewis, Poetry, and the Great War 1914-1918* John Bremer,2012-05-31 The life and work of C S Lewis after his conversion in 1931 is well known and his reputation shows no signs of diminishing His earlier years have not been so well studied particularly between the ages of 16 and 22 when he studied privately and at Oxford served in the British army was wounded in France entered into his affair with Janie Moore and wrote and published his first book of poems To correct and augment the limited accounts of this period Lewis s life is presented with the general and specific background which makes it more meaningful particularly as it throws light on his character The romantic myth of him as a soldier poet is dispelled largely through an extensive review of the poems in *Spirits in Bondage* and the self centered life that produced them A valuable comparison not to the advantage of Lewis is drawn with two undoubted soldier poets Robert Graves and Siegfried Sassoon The purpose is not to disparage or belittle Lewis but to show what had to be overcome in his limited and unpleasant early moral character in order to produce the devoted Christian of later years **Magnificent Obesity** Martha Moravec,2014-08-26 The voice of a generation speaking on issues of mortality body image health and dreams deferred *Magnificent Obesity* recounts one woman s effort to look honestly and compassionately at her obesity through the lenses of anxiety addiction aging and agnosticism Although things don t always turn out the way she d hoped or planned Martha s indomitable spirit and her conviction that it is never too late to grow up that it is possible to feel born again at any age and that there is no sell by date on dreams will inspire anyone who yearns to rewrite their story and take their own magnificent leap into a life lived with passion purpose and authentic power When Martha Moravec shows up at the ER with severe anxiety she does not expect to be told she is having a heart attack at age 55 What follows is a journey of mind body and soul as the shock accelerates a tolerable midlife crisis into a race to close the gap between where she is headed in life and the very different place she wants to be A woman living alone Martha recruits a team of doctors therapists and priests helpers healers and friends from the tight knit weave of small town life in southern Vermont The patience and dedication of the people she calls angels we can see proves that it

takes a village to raise a happy self actualized adult As she addresses childhood trauma panic attacks and phobias addictive behaviors and an obsessive fear of death Martha walks an often painful always illuminating path in her fight to recover her physical mental and spiritual health
