Speechlanguage Therapists And Teachers Working Together:

Speech / Language Therapists and Teachers Working Together Elspeth McCartney, 2007-01-29 Covering the topic of speech and language therapists and teachers working together this work argues that despite difficulties there is evidence that good collaborative practice is taking place It gives a flavour of the interaction and collaboration being developed in the field of education

Teaching Children with Speech and Language Difficulties Deirdre Martin, 2013-10-28 First Published in 2000 Each publication in this series of books is concerned with approaches to intervention with children with specific needs in mainstream schools This book is written particularly for newly qualified teachers who have not worked in mainstream classrooms with learners who have speech and language difficulties Experienced teachers may also find it helpful if they are new to working with learners who have these difficulties The ideas in the book are set in the inclusive context of a mainstream classroom where children with different language learning needs are supported to access a broad and balanced curriculum

Inclusive Teamwork for Pupils with Speech, Language and Communication Needs Rosalind Merrick, 2021-09-07 This book provides a rationale for teaching inclusive teamwork and for understanding communication as a collective endeavour It shows how teamwork can be taught within schools and emphasises the role that classmates have in facilitating good communication particularly in the face of difficulty Grounded in evidence from hours of therapy and analysis of children s accounts of communication and children s interactions with their peers the book explores the components of teamwork by looking carefully at the way schoolchildren really interact It draws on research from the fields of education psychology and speech and language therapy to propose the framework for a programme suitable for children aged 7 to 14 years designed to include pupils with speech language and communication needs The programme includes activities a set of criteria to use as an outcome measure and examples of the way that children and young people have responded in practice In using the inclusive teamwork programme outlined in this book teachers have the potential to support all children in developing rapport effective communication and problem solving skills Providing a framework designed to meet the needs of all learners this book will be highly relevant reading for students of education speech and language therapy and educational psychology as well as speech and language therapists and practitioners in the field of education

Speech and Language Difficulties in the Classroom Deirdre Martin, Carol Miller, 2012-07-26 Now fully updated and revised in the light of recent developments in practice this book discusses children s language development and language difficulties in the context of the classroom The book will help the practitioner to understand the range of language difficulties experienced by children and will assist them in planning appropriate activities with pupils their parents and other education professionals In particular this second edition offers further guidance for teachers on observing children s communication skills in school fully revised and updated chapters in the light of recent research advice for schools on the implications of the increased emphasis on language and communication needs in the revised SEN Code of Practice 2001 and discussion about the increasingly

The SAGE Encyclopedia of Human Communication Sciences and Disorders Jack S. Damico, Martin J. Ball, 2019-03-01 The SAGE Encyclopedia of Human Communication Sciences and Disorders is an in depth encyclopedia aimed at students interested in interdisciplinary perspectives on human communication both normal and disordered across the lifespan This timely and unique set will look at the spectrum of communication disorders from causation and prevention to testing and assessment through rehabilitation intervention and education Examples of the interdisciplinary reach of this encyclopedia A strong focus on health issues with topics such as Asperger s syndrome fetal alcohol syndrome anatomy of the human larynx dementia etc Including core psychology and cognitive sciences topics such as social development stigma language acquisition self help groups memory depression memory Behaviorism and cognitive development Education is covered in topics such as cooperative learning special education classroom based service delivery The editors have recruited top researchers and clinicians across multiple fields to contribute to approximately 640 signed entries across four volumes

Social Capital, Professionalism and Diversity, 2009-01-01 Social Capital Professionalism and Diversity is a response to the challenges faced by teachers and other public sector professionals in attempting to manage an increasingly diverse population whilst simultaneously being subjected to public scrutiny through measures of performance Social capital has increasingly been seen by policy makers and academics as a possible resource for education allowing children and young people and the professionals who work with them to do better as a result of having strong networks relationships and trust There has however been little attention to how social capital might actually be used by professionals within educational contexts or to the benefits of enhanced social capital for children and young people their families and the professionals themselves The contributors to this volume provide commentaries on what is known about social capital and its use in educational contexts the engagement of teachers and other professionals with diversity and social capital and diversity among children young people and families Social Capital Professionalism and Diversity will appeal to teacher educators and policymakers with concerns about the challenges faced by teachers and other public sector professionals and with an interest in how social capital might enable an effective response to diversity in educational contexts The book will be of particular interest and use to student and beginning teachers in responding to diversity as they develop their own professional identities and to practising teachers with an interest in pursuing new forms of professional renewal

Language and the Curriculum Deirdre Martin, Carol Miller, 2013-10-23 First Published in 1999 This book takes examples from the work of practising teachers and speech and language therapists who have reflected on the appropriateness and success of their teaching with learners who have speech and language difficulties The chapters focus on central issues concerning the relationship between language learning and the curriculum The practitioners chart their cycle of planning teaching evaluating planning and teaching again They discuss their perceptions and reflections on the effectiveness of their teaching and the children s learning

Language Disabilities in

Cultural and Linguistic Diversity Deirdre Martin, 2009 Language Disabilities in Cultural and Linguistic Diversity offers a new approach to understanding the familiar dilemma of disentangling difficulties in communication for learners developing the language of schooling The author takes a socio cultural Vygotskian approach to reinterpret international research in language disabilities namely specific language impairment communication difficulties dyslexia and deafness Meeting Special Educational Needs in Primary Classrooms Sue Briggs, 2015-07-16 There are greater numbers of children with Special Educational Needs and Disabilities SEND now attending mainstream schools This fully updated and revised edition of Meeting Special Educational Needs in Primary Classrooms is written by an experienced teacher adviser and SEN consultant and explains the challenges that these children face This is a practical book full of guidance for teachers and teaching assistants who support children with SEND in mainstream primary classrooms Now fully updated to include the requirements of the 2014 Children and Families Act and SEND Code of Practice this book contains photocopiable resources and templates promotes successful communication between teachers parents and students covers all aspects of teaching children with SEND including planning teaching and learning With practical guidance on how to make the curriculum more accessible for children with SEND this book will help teachers and TAs work together to support pupils with Special Educational Needs and Disabilities more effectively *Supporting Children with Communication Problems* Myra Kersner, Jannet A. Wright, 2013-11-12 First Published in 1998 Supporting Children with Communication Problems sharing the workload is therefore for practising teachers and therapists who have begun to work together and wish to know more about the process as well as for those professionals who may be considering embarking on such work but need to consider the pros and cons of working in this way The book is also for student teachers and speech and language therapy students *Support Partnerships* Penny Lacey, 2013-10-18 The challenges and possibilities for collaborative support partnerships across the range of special needs are thoroughly explored in this practical book based on current research Case studies are used to illustrate practice that is achievable yet forward thinking drawn from a variety of services and age phases This book gives guidance for the sharing of practice and advice for those wishing to embark upon or improve the way in which they work with other people and services *Early Childhood Development: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2018-12-07 A focus on the developmental progress of children before the age of eight helps to inform their future successes including their personality social behavior and intellectual capacity However it is difficult for experts to pinpoint best learning and parenting practices for young children Early Childhood Development Concepts Methodologies Tools and Applications is an innovative reference source for the latest research on the cognitive socio emotional physical and linguistic development of children in settings such as homes community based centers health facilities and school Highlighting a range of topics such as cognitive development parental involvement and school readiness this multi volume book is designed for educators healthcare professionals parents academicians and researchers

interested in all aspects of early childhood development **Occupational Outlook Quarterly** ,1993 Researching Learning Difficulties Jill Porter,Penny Lacey,2005 The book will help readers to critically evaluate the implications of research reports for their own practice **Therapeutic Voicework** Paul Newham,1998 Based on Paul Newham s experience as a voice therapist and on his work running a professional training course in the psychotherapeutic use of singing this text explores both the theory and practice behind the use of voice and singing in expressive arts therapy The School Counselor's Guide to Helping Students with Disabilities Laura E. Marshak,Claire J. Dandeneau,Fran P. Prezant,Nadene A. L'Amoreaux,2009-12-21 Down to earth advice for helping students with disabilities succeed The School Counselor s Guide to Helping Students with Disabilities offers school counselors a practical guide for handling the complexities of working with children and youth who have disabilities The book is organized to correspond with the myriad responsibilities and roles assumed by school counselors in elementary middle and high school settings The authors provide both seasoned and new school counselors with the insight and tools they need to successfully promote the academic personal social and career success of students with disabilities Presents a wealth of relevant disability related knowledge and useful strategies Includes information on the most pertinent legislation pertaining to students with disabilities Offers the most effective counseling interventions for helping young children or adolescents experiencing social exclusion because of their disabilities Bonus section contains a wealth of disability specific information with implications and practical applications for counselors This important book brings together experts in two disciplines school counseling and special education disabilities in order to address the practicalities and possibilities of working with students with disabilities **Children with Emotional and Behavioural Difficulties and Communication Problems** Melanie Cross,2004 Cross considers why behavioural and communication difficulties often occur together Identifying the common causes of these problems and the reasons why they often go undetected she provides guidelines for assessing communication skills and the complexities of identifying communication problems in children including children in public care **The Praeger Handbook of Special Education** Alberto M. Burszty Ph.D.,2006-12-12 This book introduces readers to key concepts and issues in the evolving field of special education Arguably over the past thirty years no other area of education has been as radically transformed as the provision of services to children with disabilities Since the mid 1970s special education has steadily grown to reach fully 12% of the U S student population in grades K 12 and millions of children from birth to age five Despite its promise of equal access special education has become a controversial field in many respects Critics point to its high cost questionable pedagogical effectiveness and differential outcomes across localities family income levels and ethnicities The more typical approach in the literature highlights the legal and procedural mandates that dominate the discourse on educating the disabled student but fails to explore the underlying assumptions and inconsistencies that make this area of education a controversial and still unsettled enterprise This handbook departs from the traditional books in the field by focusing on the

ways that special education policies and practices are enacted rather than highlighting only their intended outcomes Contributors to this text focus on defining commonly used terms and professional jargon in order to give interested readers access and insight into the field of special education and its associated practices Some of the subjects included in this volume are the history of special education disability and society law and special education pedagogy policies and practices and research in special education

Asperger Syndrome and the Elementary School Experience Susan Thompson Moore, 2002 Offers practical solutions for addressing the academic and social needs of elementary aged children with Asperger Syndrome This book covers topics such as organizational accommodations accommodations in the curriculum developing social skills and the importance of home school communication
