Maria Cummins wrote dozens of novels and stories depicting the effects of financial panic on the home and proposing solutions to economic instability This unique body of antebellum American women s writing which integrated economic discourse with the language and conventions of domestic fiction is what critic Mary Templin terms panic fiction In Panic Fiction Antebellum Women Writers and Economic Crisis Templin draws in part from the methods of New Historicism and cultural studies situating these authors and their texts within the historical and cultural contexts of their time She explores events surrounding the panics of 1837 and 1857 prevalent attitudes toward speculation and failure as seen in newspapers and other contemporaneous texts women s relationships to the marketplace and the connections between domestic ideology and middle class formation Although largely unknown today the phenomena of panic fiction was extremely popular in its time and had an enormous influence on nineteenth century popular conceptions of speculation failure and the need for marketplace reform providing a distinct counterpoint to the analysis of panic found in newspapers public speeches and male authored literary texts of the time Spending Other People's Money Hannes H. Gissurarson, 2018-12-01 Even if both Rawls and Piketty seem to advocate extensive redistribution from the rich to the poor their concerns are different Rawls worries about the poor Piketty about the rich Rawls theory of justice is really about prudence and its emphasis on a worst case scenario alone is implausible It is Georgism in persons However capitalism may be the only known system which fulfils the Rawlsian proviso of maximising the conditions and expectations of the worst off There seem to be many logical and empirical flaws in Piketty's case for global confiscatory taxes and the novels from the 19th century he quotes show not the relentless accumulation of capital but rather its precariousness The Publishers Weekly ,1923 Contemporary Readings in Social Problems Anna Leon-Guerrero, 2008-11-21 Companion reader to Anna Leon Guerrero s Social Problems 2nd Edition

McBride and Anna Burns position their work and public personae within a received modernist canon to claim and monetize its cultural capital in the lucrative market for literary fiction this book also shows how the corporate conditions of marketing

and branding have redefined older models of literary influence and innovation It contributes to a growing body of criticism focused on contemporary literature as a field in which the formal and stylistic experimentation that came to define a canon of early 20th century modernism has been renewed contested and revised Other critics have celebrated these renewals variously arguing that contemporary literature picks up on modernism's unfinished aesthetic revolutions in ways that have expanded the imaginative possibilities for fiction and revived questions of literary autonomy in the wake of postmodern nihilism While this is a compelling thesis and one that rightly questions an artificial and problematic periodization that still lingers in academic criticism those approaches generally fail to address the material conditions that structure literary production and the generation of cultural capital whether in the historical development of modernism or its contemporary permutations This book addresses this absence by proposing a materialist history of modernism's afterlives Schools and the Treatment of Minorities United States.
