Deharbe,2016-04-08 Tout semble opposer le théâtre au récit de soi Le premier se rattache aux arts du spectacle tandis que le second relève de l'intime Genre littéraire emblématique du XVIIIe siècle le roman mémoires invite à passer cette opposition Si l'on place l'expérience vécue au cœur de son écriture il s'approprie galement le langage de la scène comique ou tragique au profit d'une fiction de l'intériorité Ce livre montre ce que le roman mémoires doit au théâtre en étudiant comment son écriture s'labore partir de différents emprunts et procédés caractéristiques de la scène En s'inventant au sein d'une culture dominée par le goût du spectacle ce genre litigieux ainsi la littérature venir les éléments constitutifs d'un langage de l'intime Theatre and fictional memoir are supposedly opposites the former has to do with the performing arts while the latter focuses on the intimate side of life A literary genre emblematic of the eighteenth century fictional memoir invites readers to move beyond this assumption Although lived experience is at the heart of the memoir such fiction also appropriates the language of comedy or tragedy for the benefit of a novel of interiority This book highlights fictional memoir's debt to the theatre while examining how its writing developed based on various borrowings and processes characteristic of the stage By self-inventing within a culture dominated by enthusiasm for stage performance this genre thereby endowed future literature with the constitutive elements of a language of the intimate

*Dance, Desire, and Anxiety in Early Twentieth-Century French Theater* Charles R.

Batson,2017-03-02 The 1909 arrival of Serge de Diaghilev's Ballets Russes in Paris marked the beginning of some two decades of collaboration among litterateurs painters musicians and choreographers many not native to France Charles Batson's original and nuanced exploration of several of these collaborations integral to the formation of modernism and avant-gardist aesthetics reinscribes performances of the celebrated Russians and the lesser known but equally innovative Ballets Russes into their varied artistic traditions as well as the French historical context teasing out connections and implications that are usually overlooked in less decidedly interdisciplinary studies Batson not only uncovers the multiple meanings set in motion through the interplay of dancers musicians librettists and spectators but also reinterprets literary texts that inform these meanings such as Valéry's *L'Amour et la danse* Identifying the performing body as a site where anxieties drives and desires of the French public were worked out he shows how the messages carried by and ascribed to bodies in performance significantly influenced thought and informed the direction of much artistic expression in the twentieth century His book will be a valuable resource for scholars working in the fields of literature dance music and film as well as French cultural studies
