power and passion to help them triumph in their faith and their work **Thank God It's Monday** Paul Bartlett,2015-04-01

Let's face it this generation is increasingly not waking up Sunday morning thinking what's a great church I can go to today Part of the problem is that for too long we've made church mostly about Christians doing spiritual stuff on Sundays Of course we love our Sundays but we should be even more excited about our Mondays because on those days God has positioned us in shop fronts in salons in classrooms in playgroups on building sites and in boardrooms where we can engage with those who don't yet know Him Church must be less about us and more about others We should be empowering Christians to act as Christ in their communities Monday through Saturday That's why Christians should be waking up on Mondays declaring Thank God it's Monday In this thought provoking book Paul Bartlett encourages us that can have a huge influence in our community across our town or city and throughout the nation and it starts on Monday Thank God its Monday Robert Michael,2013-06-16 With his family and career at risk Jake Monday careens blindly toward unknown dangers that threaten to devastate America and tip the scales of power across the globe On the run from a government that suspects him for treason he and Hallie fight for their family and their country The odds are stacked against them as an unseen player begins to exert its influence Armed with faith in each other and a vague idea that their lives are not the only ones in the balance Jake and Hallie resolve to end the threats What they do not know is that an ancient power is rising again spreading its influence across the world and leaving chaos in its wake More is at stake than they can ever imagine and the price to put a stop to it all may be more than they are willing to pay

FROM THE AUTHOR Thank God it's Monday is the third installment of a 7 part series of novellas The Jake Monday Chronicles will also be included in two volumes of collected works The Monday Collection Volumes One and Volume Two So whether you enjoy your series one installment at a time or you like to read a longer work we have you covered The Monday Collection Volume One contains Manic Monday A Month of Mondays and Thank God it's Monday All these installments are also available to purchase separately if you wish The Monday Collection Volume Two will be released in the fourth quarter of 2014 and will include the final four parts of the Jake Monday saga Rainy Days and Mondays March 2014 Can't Wait for Monday May 2014 Mad Mad Monday July 2014 and Monday Bloody Monday September 2014 I get the question from time to time what inspired you to write this story With Jake Monday my inspiration came from a multitude of sources Authors like Ludlum LeCarre Fleming and Follet come to mind Also I enjoy watching series on television Alias Heroes Lost Supernatural The X Files and Hannibal All of these have elements that influenced my writing The Jake Monday Chronicles began in 2003 when I wrote a short story about an assassin named Jake Monday I had no plans really but I had a sentence running through my head The sentence that launched this series began Jake Monday hated Mondays more than any other day of the week The idea that a high profile assassin would be unhappy unsatisfied and struggling with his past and future is not unique I wanted to explore new areas of this theme I thought of family of a past hidden of the moral challenge of an individual that finds himself caught in a massive global conspiracy while grappling with the choices he has made willingly

or not So Jake Monday is my Jason Bourne Hallie is my Sidney Bristow from Alias My villains well they are all my own I love to draw villains who are deep believable and scary Not because they always represent the antithesis of the hero but just the opposite my villains are not much different than all of us I do not believe in grey areas but I do believe the line between good and evil can be narrow One wrong move and even someone like Jake Monday can be heading in the wrong direction

The Message of Discipleship Peter Morden, 2018-11-15 Soon after Jesus began his public ministry, he called his first disciples. He would teach and train them, and then, after his death and resurrection, commission and empower them to go to the nations to make more followers. The risen Jesus is still calling and sending people today. If we heed his call, the result can be just as transformative and exciting as it was for the first disciples. While there are no explicit occurrences of the term "disciple" outside the Gospels and Acts, with only two further biblical references to followers of Jesus, it is Peter Morden's conviction that we need the entire Bible if we are going to be whole-life disciples. He reflects on Scripture and asks, "How do we live as committed disciples of Jesus today?" He

explores the foundations resources and practice of discipleship in a range of Old and New Testament texts The result is a well rounded and satisfying picture of Christian discipleship one that is wonderfully attractive as well as deeply challenging With a fully integrated study guide suitable for both individuals and groups The Message of Discipleship will help you to see how the Bible s unified teaching on this vital theme can impact your life today The Bible Speaks Today series covers every book of the Old and New Testaments as well as Bible themes that run through the whole of Scripture **Truth About**

Stress Angela Patmore,2014-06-01 Shortlisted for last year s MIND Book of the Year Award this controversial expos of a multimillion pound industry argues that the term stress when applied to human beings is completely meaningless We seem to be living through an epidemic of stress There are 15 million websites dedicated to the subject and Britain alone has over two million accredited therapists counsellors and healers devoted to protecting us from what they claim is a debilitating disease But is there really a stress problem In this brilliant and provocative analysis Angela Patmore examines the confusion and controversy surrounding the whole concept raising important questions about the treatments and advice that offer to cure it She argues that the health angst engendered by all this lucrative stress awareness sends its victims in search of therapy and sedation and fuels an epidemic costing the UK billions Far from helping people cope with their problems and feelings she contends the unregulated industry is harming them Her conclusions suggest we need to reappraise profoundly the way we understand our own health and well being
