ourselves from giving our readers more than they expected In this edition of Most Popular Thankful Quotes we added beautiful illustrations to accompany the quotes in the hope that they will inspire our readers to create a representation of each quote on their own These quotes are ideal to include in a card being sent to someone who has helped you in a time of need or a neighbor who out of the blue gave you an invaluable gift Maybe you want to make a handmade gift on a random day to give to your child s teacher in appreciation for all she does for him throughout the year Business owners may find beautiful quotes to show their long time employees just how much it has meant to have them be a part of the company s family In this day and age sometimes it is hard to remember that we should be thankful for the food on our table our health and having a roof over our heads We should be grateful for the people in our lives and the love they bestow upon us In order to have a gentle reminder each day we have organized this book of Most Popular Thankful Quotes so it is easy to flip to any page and read a sentiment that reminds us to count our blessings and be grateful and thankful for them Furthermore our illustrated pages are easy to display in a frame on your desk or somewhere around the home to provide further inspiration But the most important part of it is that these grateful quotes come from people like you and me who decide to look at life as half full and appreciate all that is in it By looking at our pictures and reading the powerful words we hope to give you pause and allow you the time to reflect on all good things around you So we are grateful for you dear reader who have decided to bring us into your life and we hope you will use our quotes to express your feelings of gratitude to others around you
