The Oregon Companion Richard H. Engeman, 2009-09-01 What s the connection between Ken Kesey and Nancy s Yogurt How about the difference between a hoedad and a webfoot What became of the Pixie Kitchen and the vanished Lambert Gardens The Oregon Companion is an A Z handbook of over 1000 people places and things From Abernethy and beaver money to houseboats railroads and the Zigzag River an intrepid public historian separates fact from fiction with his sense of humor intact Entries include towns and cities counties rivers lakes and mountains people who have left a mark on Oregon industries products crops and natural resources Includes more than 160 historical black and white photos This entertaining and delightfully meticulous compendium is an essential reference for anyone curious about Oregon **That Ribbon of Highway III** Jill Livingston, 2003 **That Ribbon of Highway II** Jill Livingston, 2009-06 Daring to Look Anne Whiston Spirn, 2008-07-15 A collection of illustrated black and white photographs by American documentary photographer and photojournalist Dorothea Lange depicting American migrant workers and sharecroppers during the Great Depression **Me and Mo** Don Claybrook PhD, 2018-08-28 The authors upbringing in the Baptist tradition and the inculcation of that tradition in him by a Baptist preacher father resulted in major conflicts in his life particularly the traditions shortcomings off which Claybrook bounces his ideas The novel touches bases with theologians from the likes of Mark Twain to Claybrooks teacher Jrgen Moltmann the worlds foremost Protestant theologian Church Times to philosophers as disparate as Blaise Pascal also a mathematician Socrates and Shakespeare Poetry has been used to reinforce his philosophy and heart felt emotions All the poetry contained herein is the authors Chasing the Phantom Eduard Fischer, 2014-05-21 For twenty five years Eduard Fischer returned to the Trans Himalayan region of Ladakh enthralled by the unique culture of this ancient Buddhist kingdom and seeking to catch just a glimpse of the elusive snow leopard This is the tale of that quest but also an exploration of myth art science and the sacred space of high mountains **The Architecture of Suspense** Christine Madrid French, 2022-09-08 The inimitable haunting films of Alfred Hitchcock took place in settings both exterior and interior that deeply impacted our experiences of his most unforgettable works From the enclosed spaces of Rope and Rear Window to the wide open expanses of North by Northwest the physical worlds inhabited by desperate characters are a crucial element in our perception of the Hitchcockian universe As Christine Madrid French reveals in this original and indispensable book Hitchcock s relation to the built world was informed by an intense engagement with location and architectural form in an era marked by modernism s advance fueled by some of the most creative midcentury designers in film Hitchcock saw elements of the built world not just as scenic devices but as interactive areas to frame narrative exchanges In his films building forms also serve a sentient purpose to capture and convey feelings sensations and moments that generate an emotive response from the viewer Visualizing the contemporary built landscape allowed the director to illuminate Americans everyday experiences as well as their own uncertain relationship with their environment and with each other French shares several untold stories such as the

real life suicide outside the Hotel Empire in Vertigo which foreshadowed uncannily that film's tragic finale and takes us to the actual buildings that served as the inspiration for Psycho's infamous Bates Motel Her analysis of North by Northwest uncovers the Frank Lloyd Wright underpinnings for Robert Boyle's design of the modernist house from the film's celebrated Mount Rushmore sequence and ingeniously establishes the Vandamm House as the prototype of the cinematic trope of the villain's lair She also shows how the widespread unemployment of the 1930s resulted in a surge of gifted architects transplanting their careers into the film industry These practitioners created sets that drew from contemporary design schools of thought and referenced real structures both modern and historic The Architecture of Suspense is the first book to document how these great architectural minds found expression in Hitchcock's films and how the director used their talents and his own unique vision to create an enduring and evocative cinematic world Publication of this volume was assisted by a grant from Furthermore a program of the J M Kaplan Fund
