That All May Be One Hierarchy And Participation In The Church:

That All May be One Terence L. Nichols, 1997 Written from an ecumenical perspective *That All May Be One* is addressed to those who are concerned about hierarchy in their own churches and those concerned about the ecumenical movement Terence L. Nichols details the notion of participatory hierarchy grounding it in Scripture and in Christian tradition

Ezekiel's Hierarchical World Stephen L. Cook, Corrine L. Patton, 2004 Can we live with the God of Ezekiel Can we relate to a God who has established a multilayered hierarchy that separates the divine from the human who creates boundaries that segregate people from the temple the priesthood and the glory of the Lord In contrast to those who suggest that Ezekiel should no longer be read as an authoritative part of the canon the essays in this volume engage Ezekiel's hierarchical world directly neither dismissing it out of hand nor accepting it uncritically By wedding theological interest and reflection with serious biblical exegesis and criticism this work helps readers to understand Ezekiel's hierarchical theology especially the book's views on creation priesthood and land It thus equips readers to form their own evaluations of the relevance of Ezekiel's theology for today Contributors include Daniel I. Block Keith Carley Stephen L. Cook Kathryn Pfisterer Darrin M. Duguid Friedrich Fechter Julie Galambush Norman Habel Risa Levitt Kohn Corrine L. Patton David L. Petersen Baruch J. Schwartz Daniel L. The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood Stella Adamma Nneji, 2018-06-15

One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith. The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly, kingly and prophetic offices of Christ. In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation. Focusing especially on the church as people of God, Nneji shows how the idea of participation is not merely a passive action but an active one. Based on the ecclesiological reflection on the church as people of God and its relevance for active participation, she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ church. This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult.

Believing in a Revealing God Gabriel Moran, 2016-12-09. What is faith? Is it a thing one has or a human activity? What is revelation? Is it a deposit of truths in the past or God's action in the present? These questions are addressed by renowned religious educator Gabriel Moran who draws upon biblical and theological traditions set within today's interreligious dialogue. A church of moral and liturgical activity in relation to a revealing God is the needed response to both a dismissal of religion and apocalyptic violence in its name. The future role of Christianity in the world and in individual lives may well hang in the balance. The Christian ideas of faith and revelation will either be the chief obstacle to dialogue with the contemporary world or else the main foundation to a Christian spiritual life that can give substance and direction to religious searching. Gabriel Moran is a professor in the Department of Humanities and the Social Sciences at New York University. He is widely credited with reshaping the field of religious education in the United States and beyond. Moran is author of twenty books on religion and education including *Religious Education as a Second Language*, *Both Sides The Story of Revelation* and most recently *Speaking of Teaching Lessons from History*. **The Sacred Cosmos** Terence L. Nichols, 2009-01-07. Explores the synthesis of contemporary science, basic Thomistic philosophy and Christian theology. Back cover. **Unlearning**

Protestantism Gerald Schlabach, 2010-04. Addresses the Protestant dilemma in ecclesiology: how to build lasting Christian community in a world of individualism and transience. **The Church in the Making** Richard R. Gaillardetz, 2006. Vatican II has become a place marker in the ecclesiastical and ideological geography of contemporary Catholicism. Yet forty years later few who refer to the council and its teachings, whether with approval or criticism, demonstrate a solid grasp of those teachings. Even fewer are aware of the important debates that have taken place in the past four decades regarding the council's authentic reception and implementation of its documents. Reconciling Faith and Reason Thomas P. Rausch, 2000. What Rausch offers his readers is hope for the future of the Catholic Church. The Liturgy of the Gospel Wolfgang Vondey, 2025-09-12. Vondey argues that theological hermeneutics in Pentecostal perspective is the interpretation of the world explicitly and specifically informed by the liturgy of the gospel. This book identifies the corresponding hermeneutical

questions that have dominated the formation of a liturgical Pentecostal horizon of interpretation since the twentieth century Pentecostals are acutely aware that the claim of their interpretive position shows not only a fusion of horizons but also a rejection of the dominant descriptive mechanisms How this tension in the history of Pentecostal theology is resolved and contributes to the emergence of Pentecostalism as a hermeneutical tradition is the subject of three critical inquiries 1 the question of truth in the Pentecostal tradition 2 the extension of the question of truth to hermeneutical experience and 3 the ontological shift of Pentecostal hermeneutics Vondey identifies how Pentecostal hermeneutics emerged not only thematically and historically but experientially and subjectively through the themes of the full gospel This book shows that rather than by the dominance of language the dynamic hermeneutical positioning in the narrative of this gospel originated and continues to be shaped liturgically *Towards a Truly Catholic Church* Thomas P. Rausch, 2005 Ecclesiology which takes into account the Second Vatican Council ecumenism and globalization Provided by publisher **Papal Infallibility** Mark E. Powell, 2009-01-27 The dogma of papal infallibility has become increasingly problematic for Roman Catholics and it is a major point of division in Christian ecumenical dialogue arguably the key issue separating Catholics and other Christians today Mark Powell here contends that papal infallibility has inevitable shortcomings as a way to secure religious certainty After introducing the doctrine he illustrates those limitations in the life and writings of four prominent Catholic theologians Henry Edward Cardinal Manning John Henry Cardinal Newman Avery Cardinal Dulles and Hans Kung Book Jacket **Ecce**

Educatrix Tua Danielle M. Dictionary of Scripture and Ethics Joel B. Green, Jacqueline Lapsley, Rebekah Miles, Allen Verhey, 2011-11 Leading scholars from the fields of biblical studies and ethics provide a one stop reference book on the vital relationship between Scripture and ethics **Russia's Social Gospel** Daniel Scarborough, 2022-06-21 The late Russian Empire experienced rapid economic change social dislocation and multiple humanitarian crises enduring two wars two famines and three revolutions A pastoral activism took hold as parish clergymen led and organized the response of Russia's Orthodox Christians to these traumatic events In *Russia's Social Gospel* Daniel Scarborough considers the roles played by pastors in the closing decades of the failing tsarist empire and the explosive 1917 revolutions This volume draws upon extensive archival research to examine the effects of the pastoral movement on Russian society and the Orthodox Church Scarborough argues that the

social work of parish clergymen shifted the focus of Orthodox practice in Russia toward cooperative social activism as a devotional activity. He furthers our understanding of Russian Orthodoxy by illuminating the difficult position of parish priests who were charged with both spiritual and secular responsibilities but were supported by neither church nor state. His nuanced look at the pastorate shows how social and historical traumas shifted perceptions of what being religious meant in turn affecting how the Orthodox Church organized itself and contributed to Russia's modernization.

The Living Church, 1910 **Religious Remembrancer**, 1917 **God, Hierarchy, and Power** Ashley M. Purpura, 2017-11-07

In the current age where democratic and egalitarian ideals have preeminence, Eastern Orthodox Christianity among other hierarchically organized religious traditions faces the challenging questions: Why is hierarchy maintained as the model of organizing the church and what are the theological justifications for its persistence? These questions are especially significant for historically and contemporarily understanding how Orthodox Christians negotiate their spiritual ideals with the challenges of their social and ecclesiastical realities. To critically address these questions, this book offers four case studies of historically disparate Byzantine theologians from the sixth to the fourteenth centuries: Dionysius the Areopagite, Maximus the Confessor, Niketas Stethatos, and Nicholas Cabasilas, who significantly reflect on the relationship between spiritual authority, power, and hierarchy in theoretical, liturgical, and practical contexts. Although Dionysius the Areopagite has been the subject of much scholarly interest in recent years, the applied theological legacy of his development of hierarchy in the Christian East has not before been explored. Relying on a common Dionysian heritage, these Byzantine authors are brought into a common dialogue to reveal a tradition of constructing authentic ecclesiastical hierarchy as foremost that which communicates divinity.
