That All May Be One Perceptions And Models Of Ecumenicity:

That All May be One Harding Meyer,1999 **That All May Be One** provides the first and only comprehensive study of the goal of church unity from the beginning of the ecumenical movement to the present day Harding Meyer critically analyzes the perceptions and models of unity that have emerged over the years taking into account the specific convictions of the individual churches and denominations and offers his own provocative vision for the path ahead **Wounded Visions** Jonas Jonson,2013-01-07 Jonas Jonson who was directly involved with the ecumenical movement for forty years offers in this book an inside perspective on an ever changing global Christianity Reviewing developments in ecumenism from the 1960s to the present Jonson discusses the decolonization of mission interreligious relations God's preferential option for the poor and unity in diversity He also maps the global ecumenical landscape and presents the Fourth Church comprising charismatic Pentecostal and evangelical movements of the twentieth century How did the ecumenical movement respond to the fall of communism the opening of China and the globalization of financial markets Why did so many big churches caught in the whirlwind of change retreat from their ecumenical commitments in order to promote and protect their own interests Jonson addresses these questions and more in this comprehensive review of global Christianity and the ecumenical movement

Schlesinger,2024-05-28 The divided church is withering on the vine Crises of its own making ranging from clergy sexual abuse and its cover up to the church s complicity in colonialism empire and patriarchy coupled with societal shifts beyond the church s control have eroded its credibility A much deserved decline is well underway And yet churches remain content to continue with business as usual The causes of this state of crisis are manifold and complex and no one solution could resolve them all But so long as the church remains in a state of division no solutions will be forthcoming Division is no mere regrettable shortcoming or inconvenience it is a contradiction of the church s foundation After all Jesus prayed that his followers would be one so the world could believe he was sent by God Faced with a crisis of credibility the church finds no way forward because a divided church renders the gospel message not credible Ruptured Bodies is a systematic theological account of the divided church It argues that no adequate ecclesiology can ignore division because in doing so it will fail to describe the church that actually is Such an understanding must integrate the reality of division while also refusing to blunt its sharp edge neither dismissing excusing nor minimizing it What must the church be given the fact of its division

Schlesinger presents a systematic ecclesiology of the divided church despite that idea s seeming impossibility because such an ecclesiology is precisely what we need **Between Congregation and Church** Barry A. Ensign-George,2017-12-14

Denominations are one of the primary ways in which Christians attempt to live in a community based around God Yet there is very little careful theological analysis of denomination available today Between Congregation and Church offers a constructive theological understanding of denomination showing its role as an intermediary structure between congregation and church It places denomination and other intermediary structures within the doctrine of the church Barry Ensign George reviews work by theologians and church historians that can contribute to a constructive theological understanding of denomination The book highlights particular developments in the history of the church that established preconditions for the emergence of denomination Exploration of unity and diversity is central to this analysis and individual chapters offer theological analyses of the unity and the diversity to which the Christians are called Finally denomination has often been a vehicle for sin and the relationship between denomination and sin is considered Between Congregation and Church addresses a major gap in contemporary theology the failure to offer substantive theological analysis of denomination a major way Christians together live their faith today **Spirit Flowing Like Water** Nausikaa Haupt,Olle Kristenson,Michael

Nausner,Gregory Ryan,2025-06-19 What if churches focused less on wanting other Christian traditions to become more like theirs and more on exploring what they might learn from them Might this not only help churches to deepen faith mission and

service but also revitalize the ecumenical landscape with new possibilities This is the provocative and inspiring vision presented by Receptive Ecumenism a movement which has crossed denominations and continents engaging church leaders ecumenists scholars and Christians in their everyday lives Spirit Flowing Like Water presents the latest conversations in this field It not only engages leading scholars and practitioners of Receptive Ecumenism between churches but also explores the possibility of learning from difference within a church community Internal Receptive Ecumenism and adapting the approach to a wider ecumenism beyond the visible church Church leaders ecumenists and theologians from five continents have contributed chapters on transforming ecumenism practicing mission in context and broadening the horizon They write not only for those already engaged in ecumenical work but with an invitation to all communities leaders and individuals to take a fresh look at what walking together in Christ means in our polarized world

The Oxford Handbook of Ecumenical Studies Geoffrey Wainwright, Paul McPartlan, 2021 Provides a rich source of information and reflection on many aspects of ecumenism from 50 expert contributors of many nationalities and traditions Offers a global perspective showing how ecumenism is a feature of the Church in all parts of the world with different geographical areas specifically considered in chapters focusing on Europe the Middle East Africa Asia and more Offers an invaluable guide to one of the most important Christian activities of today work for unity and reconciliation within the Church itself and as a witness in the world at large Book jacket

My Body Given for You Helmut Hoping, 2019 The Eucharist originated at the Last Supper of Jesus with his disciples It is based on the prayer of thanksgiving that Jesus pronounced over the bread and wine at that meal Eucharist means thanksgiving praise and blessing The Church celebrates the Eucharist as a memorial of the death and Resurrection of Jesus Christ which is more than a remembrance of the Last Supper of Jesus with his disciples In the Eucharist the sacrifice of our redemption becomes present sacramentally In the past dogmatic theology has treated the meaning of the Eucharist while disregarding the form of its liturgical celebration whereas liturgical studies have been content with only the latter Yet the two cannot be separated any more than liturgy and dogma or pastoral practice and doctrine can be understood without the other The Church's liturgy is not something external to Christian revelation but rather as Joseph Ratzinger said revelation accepted in faith and prayer In this work Helmut Hoping combines the approaches of dogmatic theology and liturgy while examining the Eucharist from a historical and systematic perspective This new English translation of the second German edition of this major work revised and expanded includes a comparative analysis of the Second Eucharistic Prayer and a chapter on the theology of the words of institution

Toward a Common Future William G. Rusch, 2019-05-20 This book provides a specific proposal for churches divided by centuries long disputes and disagreements to move toward a vision of the unity of the church It seeks to offer a way for divided churches to move beyond the present quagmire that challenges much of the modern ecumenical movement Building upon the theological dialogues between the churches this volume identifies and supplies a way for churches to regain a momentum that seems recently to have been lost in the ecumenical

movement *Sustaining the Hope for Unity* Erin Brigham, 2012 What is unity and how does it serve as a goal for ecumenical dialogue How can churches ecumenical organizations ministers and theologians effectively approach this goal in the twenty first century *Sustaining the Hope for Unity* offers a methodological reflection on these questions using insights of contemporary critical theory With particular attention to the work of Jürgen Habermas the book develops a framework for exchanging religious narratives in a postmodern context marked by pluralism and ambiguity Using this framework to address questions that have emerged out of the life of the World Council of Churches *Sustaining the Hope for Unity* argues that unity must be imagined eschatologically in order to achieve inclusive and non coercive dialogue between diverse Christian communities Looking ahead to ecumenism in the twenty first century it makes a case for the role of the WCC as a public space for the exchange of religious narratives **The European Baptist Federation** Keith G. Jones, 2009-11-01 A criticism often leveled at Baptists is that they have no theology of ecclesial reality beyond the local In this book Keith Jones describes the history and current reality of the European Baptist Federation EBF which brings together over fifty national Baptist groups in Europe and the Middle East and seeks to demonstrate that there is an ecclesial reality within the organization expressed in its communal life mission activity working on theological education in relationship to other Christian world communions and in its decision making processes The role of the pivotal figure of the General Secretary of the EBF is examined with particular reference to two significant figures The relationship of European Baptists during the cold war era is explored as is the relationship to two key mission agencies from the USA who have done much work in Europe This represents ground breaking work in terms of an examination of how Baptists in Europe work together trans nationally

The Real Church Harald Hegstad, 2013-02-15 What does it mean to believe in the church What is the relationship between the church we believe in and the church we experience Is there an invisible church that is different from the visible This book is an argument for an ecclesiology of the visible The only church the real church is a concrete reality made up of people just like any other fellowship What distinguishes it as church is the presence of the triune God among those who gather in the name of Jesus making it a sign and anticipation of the fellowship of the kingdom of God From this premise Dr Hegstad analyzes such issues as the relationship between church and world mission and diakonia church as fellowship and organization ministries in the church worship and the unity of the church as well as discussing the relationship between a sociological and a theological understanding of the church **Sacrificing the Church** Eugene R. Schlesinger, 2019-10-01 In a context of scandal and decline the Christian church cannot afford to do business as usual It must regain its bearings and clarify its nature and purpose *Sacrificing the Church* provides this clarity by returning to the church's foundation Jesus Christ and him crucified It presents an ecclesiological vision in which every aspect of the church's life flows from and expresses the one sacrifice of Christ This sacrifice is the basis of every ecclesial experience the form and content of the church's life a life which shares in the eternal Trinitarian life of God By and as Christ's sacrifice we are introduced into the divine life This

participation plays out in three key areas which set the church's agenda in the contemporary world its worship of God Mass mission to the world mission and efforts toward the unity of all people beginning with divided Christians ecumenism

Exploring a Heritage Anne-Louise Eriksson, Göran Gunner, Niclas Blåder, 2012-11-08 From a historical perspective similarities among the Lutheran churches in Denmark Iceland Norway and Sweden are easily understood But these previously homogeneous northern societies built on a Lutheran tradition with close ties between church and state are now considered to be among the most secular in the world as well as being impacted by a growing presence of other religions These changes present a major challenge to the churches concerning how to relate to the state and how to be a folk church The goal of this volume is to explore how Lutheran identity presently shapes churches in the north What are the burning issues engaging these churches at the beginning of the third millennium Are there signs that they are affected by the global emergence of a theology and practice commonly known as Neo Pentecostal or Charismatic What is the situation for women in these churches embedded in societies ranked among the world's most egalitarian In what ways does their Lutheran heritage influence how these churches shape themselves today The point of departure for this study is not a predetermined normative understanding of what a Lutheran church is or should be but the fact that the churches presented here represent what Lutheranism is today in this part of the world Contributors include Anne Louise Eriksson Steinunn Arnthrudur Björnsdóttir Solveig Anna Boasdóttir Niclas Blader Carl Reinhold Brakenhielm Thomas Ekstrand Arnfríur Guðmundsdóttir Göran Gunner Harald Hegstad Hjalti Hugason Roger Jensen Halvard Johannessen Peter Lodberg Benedicte Hammer Præstholm Karin Sarja Ulrika Svalfors Merete Thomassen Marie Thomsen Marie Vejrup Nielsen and Else Marie Wiberg Pedersen **Agreeable Agreement** Minna Hietamäki, 2011-10-20 In recent bilateral ecumenical dialogue the aim of the dialogue has been to reach some form of doctrinal consensus The three major chapters of the book discuss the variety of forms of doctrinal consensus found in ecumenical dialogues among Anglicans Lutherans and Roman Catholics In general the dialogue documents argue for agreement consensus based on commonality or compatibility Each of the three dialogue processes has specific characteristics and formulates its argument in a unique way The Lutheran Roman Catholic dialogue has a particular interest in hermeneutical questions and proposes various forms of differentiated or perspectival forms of consensus The Anglican Roman Catholic dialogue emphasises the correctness of interpretations The documents consciously look towards a common future not the separated past **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and

armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA **Koinonia and the Quest for an Ecumenical Ecclesiology** Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought **Koinonia and the Quest for an Ecumenical Ecclesiology** provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe *Church and Communion* Philip Goyret, 2022-01-21 This book is about ecumenism from a Catholic point of view The first part chapters 1 and 2 describe the history of divisions within the Church as well as of the efforts to bring about Christian unity The second part examines Ecumenism from a systematic theological perspective This first part takes into account the different factors that led to definitive ruptures within the Church which usually are not only theological The text gives useful information about what happened after the respective divisions as well as about the various attempts to restore unity the development of the Ecumenical Movement in the 20th Century and the current situation of ecumenical dialogue within the Catholic Church While offering insight into the sad history that has led to the present disunity this work also highlights the way Christians have sought to bring to fulfill the petition of Christ that his disciples might be one as He and the Father are one The second part chapters three four and five offers a systematic theological analysis of unity in the Church from the point of view of dogmatic theology We find here an explanation of the Catholic concept of ecumenism of how Catholic theology understands the unity of the Church and finally of the Catholic principles which sustain the efforts for regaining unity in the Church The Second Vatican Council and particularly the Constitution *Lumen gentium* and the Decree *Unitatis redintegratio* are at the foundation of these reflections At the same time since the theology of the Church and the life of the Church are intimately connected there is a profound link between this dogmatic section and the earlier historical section The last chapter about the practice of ecumenism is also written from a theological perspective but with more links with life and spirituality The chapter recalls that ecumenism can never simply remain a set of theological principles but rather inspires an attitude and action in charity which are essential to the Christian life **I Believe. Help My Unbelief!** Veli-Matti Kärkkäinen, 2024-07-01 This innovative book introduces main Christian

doctrines and beliefs for thoughtful Christians and seekers in a manner understandable and meaningful for people living in a religiously pluralistic complex and secular world Different from any other titles available it engages not only Christian tradition and Bible but also the insights from natural sciences and four living faiths and their teachings Judaism Islam Buddhism and Hinduism It also includes global and contextual voices such as those of women minorities and testimonies of the global church Based on wide and comprehensive academic research including the author s groundbreaking five volume A Constructive Christian Theology for the Pluralistic World 2013 17 this book is meant for a general audience interested laypeople lay leaders ministers without formal academic training and beginning theology and religion students It is also highly useful for pastors and theologians who often find overly technical presentations less useful The style of writing is conversational and inviting for dialogue and discussion
