That Sunny Dome:

Century Readings for a Course in English Literature John William Cunliffe, 1914 **The Essential Poems** Samuel Taylor Coleridge, Endowed with an intellect of the first order and an imagination at once delicate and splendid Coleridge from a weakness of moral constitution and his lamentable habit fell far short of the performance which he had planned and which included various epic poems and a complete system of philosophy in which all knowledge was to be co-ordinated. He has however left enough poetry of such excellence as to place him in the first rank of English poets. This edition includes his masterpieces in the first rank his *Rime of the Ancient Mariner* **A BOOK OF ENGLISH LITERATURE**, 1917 *Man and the universe. Japan. Siberia. China* Arthur Mee, 1907 *A Noah's Ark of Recurring Celebration* Alan Allen, 2007-12-10 2007

society that we know today was born The authors focus on two contrasting times and places the beginnings in the Near East with its mud brick and stone houses each piled on top of the ruins of another and western Europe with its massive stone monuments more ancient than the Egyptian pyramids They argue that neurological patterns hardwired into the brain help explain the art and society that Neolithic people produced Drawing on the latest research the authors skillfully link material on human consciousness imagery and religious concepts to propose provocative new theories about the causes of an ancient revolution in cosmology and the origins of social complexity In doing so they create a fascinating neurological bridge to the mysterious thought lives of the past and reveal the essence of a momentous period in human history 100 illustrations 20 in color *One Thousand Poems for Children* Roger Ingpen,1903 **A Book of English Literature, Selected and Ed**
