Ellen Davidson Baer

The 1930s And 1940s Pain And Pleasure:

The Historical and Philosophical Context of Rational Psychotherapy Windy Dryden, Arthur Still, 2018-03-22 This book brings together the papers written by the authors over the last fifteen years on the historical and philosophical foundations of Albert Ellis Rational Psychotherapy later Rational Emotive Behavior Therapy REBT and its relationship to Stoicism especially the later practical form represented by Epictetus It goes beneath the well known similarities between Stoic spiritual exercises and modern psychotherapy to look at the cause of these similarities These lie in the conceptual continuities that connect the Stoics and other ancient philosophies with the modern cultural framework underlying psychotherapy

Postmodern Moments in Modern Economics David F. Ruccio, Jack Amariglio, 2016-06-28 Of all the areas of contemporary thought economics seems the most resistant to the destabilizing effects of postmodernism Yet David Ruccio and Jack Amariglio argue that one can detect within the diverse schools of thought that comprise the discipline of economics moments that defy the modernist ideas to which many economists and methodologists remain wedded This is the first book to document the existence and to explore the implications of the postmodern moments in modern economics Ruccio and Amariglio begin with a powerful argument for the general relevance of postmodernism to contemporary economic thought They then conduct a series of case studies in six key areas of economics From the idea of the multiple self and notions of uncertainty and information through market anomalies and competing concepts of value to analytical distinctions based on gender and academic standing economics is revealed as defying the modernist frame of a singular science The authors conclude by showing how economic theory would change if the postmodern elements were allowed to flourish A work of daring analysis sure to be vigorously debated Postmodern Moments in Modern Economics is both accessible and relevant to all readers concerned about the modernist straightjacket that has been imposed on the way economics is thought about and practiced in the world today

Jouissance Darian Leader,2021-05-28 Although the term jouissance is common currency in psychoanalysis today how much does it really tell us While often taken to designate a fusion of sexuality suffering and satisfaction the term has fallen into a purely descriptive use that closes down more questions than it opens up Although assumed to explain the coalescence of pleasure and pain it tends to cover a range of quite different issues that should be distinguished rather than conflated By returning to some of the sources of the concept in Freud and their elaborations in Lacan this book hopes to stimulate a debate around the relations of pleasure to pain autoerotism the links of satisfaction to arousal the effects of repression and the place of the body in psychoanalytic theory Leader aims to provide context for Lacan's work and encourage dialogue with other analytic traditions

China on Film Paul G. Pickowicz,2013-02-28 Leading scholar Paul G Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s

Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

Dangerous Pleasures Gail Hershatter,2023-09-01 This pioneering work examines prostitution in Shanghai from the late nineteenth century to the present Drawn mostly from the daughters and wives of the working poor and declass elites prostitutes in Shanghai were near the bottom of class and gender hierarchies Yet they were central figures in Shanghai urban life entering the historical record whenever others wanted to appreciate castigate count regulate cure pathologize warn about rescue eliminate or deploy them as a symbol in a larger social panorama Over the past century prostitution has been understood in many ways as a source of urbanized pleasures a profession full of unscrupulous and greedy schemers a changing site of work for women a source of moral danger and physical disease a marker of national decay and a sign of modernity For the Communist leadership of the 1950s the elimination of prostitution symbolized China's emergence as a strong healthy and modern nation In the past decade as prostitution once again has become a recognized feature of Chinese society it has been incorporated into a larger public discussion about what kind of modernity China should seek and what kind of sex and gender arrangements should characterize that modernity Prostitutes like every other non elite group did not record their own lives How can sources generated by intense public argument about the larger meanings of prostitution be read for clues to those lives Hershatter makes use of a broad range of materials guidebooks to the pleasure quarters collections of anecdotes about high class courtesans tabloid gossip columns municipal regulations prohibiting street soliciting police interrogations of streetwalkers and those accused of trafficking in women newspaper reports on court cases involving both courtesans and streetwalkers polemics by Chinese and foreign reformers learned articles by Chinese scholars

commenting on the world history of prostitution and analyzing its local causes surveys by doctors and social workers on sexually transmitted disease in various Shanghai populations relief agency records fictionalized accounts of the scams and sufferings of prostitutes memoirs by former courtesan house patrons and interviews with former officials and reformers Although a courtesan may never set pen to paper we can infer a great deal about her strategizing and working of the system through the vast cautionary literature that tells her customers how not to be defrauded by her Newspaper accounts of the arrests and brief court testimonies of Shanghai streetwalkers let us glimpse the way that prostitutes positioned themselves to get the most they could from the legal system Without recourse to direct speech Hershatter argues these women have nevertheless left an audible trace Central to this study is the investigation of how things are known and later remembered and how later still they are simultaneously apprehended and reinvented by the historian This pioneering work examines prostitution in Shanghai from the late nineteenth century to the present Drawn mostly from the daughters and wives of the working poor and declass elites prostitutes in Shanghai were near the bottom of class and gender hie

Restoration Stage Comedies and Hollywood Remarriage Films Elizabeth Kraft,2016-10-04 In Restoration Stage Comedies and Hollywood Remarriage Films Elizabeth Kraft brings the canon of Restoration comedy into the conversation initiated by Stanley Cavell in his book Pursuits of Happiness The Hollywood Comedy of Remarriage Before there could be imagined remarriages of the sort Cavell documents there had to be imagined marriages of equality Such imagined marriages were first mapped out on the Restoration stage by witty pairs such as Harriet and Dorimant Millamant and Mirabell and Alithea and Harcourt who are precursors of the central couples in films such as Bringing Up Baby His Girl Friday and The Lady Eve In considering the Restoration comedy canon in one on one discourse with the Hollywood remarriage comedy canon Kraft demonstrates the indebtedness of the twentieth century films to the Restoration dramatic texts and the philosophical richness of both canons as they explore the nature and significance of marriage as pursuit of moral perfectionism Her book will be of interest to specialists in Restoration drama and film scholars
